SUPPLEMENTARY INFORMATION:**Full Text of Announcement****I. Funding Opportunity Description**

Purpose of Program: The purpose of the Fulbright-Hays GPA Program is to promote, improve, and develop the study of modern foreign languages and area studies in the United States. The program provides opportunities for faculty, teachers, and undergraduate and graduate students to conduct group projects overseas. Projects may include either (1) short-term seminars, curriculum development, or group research or study, or (2) long-term advanced intensive language programs.

This competition invites applicants to submit an application to request support for either a Fulbright-Hays GPA short-term project (GPA short-term project 84.021A) or a Fulbright-Hays GPA long-term project (GPA long-term project 84.021B). Applicants must clearly indicate on the SF 424, the Application for Federal Assistance cover sheet, whether they are applying for a GPA short-term project (84.021A) or a GPA long-term project (84.021B). Additional submission requirements are included in the application package.

There are three types of GPA short-term projects: (1) Short-term seminar projects of four to six weeks in length designed to help participants integrate international studies into the curriculum at an institution of higher education (IHE) or a school system by focusing on a particular aspect of area studies, such as the culture of an area or country of study (34 CFR 664.11); (2) curriculum development projects of four to eight weeks in length that provide participants the opportunity to acquire resource materials for curriculum

development in modern foreign language and area studies for use and dissemination in the United States (34 CFR 664.12); and (3) group research or study projects of three to twelve months in duration designed to give participants the opportunity to undertake research or study in a foreign country (34 CFR 664.13).

GPA long-term projects are advanced overseas intensive language projects designed by the applicant that may be carried out during a full year, an academic year, a semester, a trimester, a quarter, or a summer. GPA long-term projects provide participants an opportunity to use and strengthen their advanced language training overseas while experiencing the culture in the foreign country. Participants should have successfully completed at least two academic years of training in the language to be studied to be eligible to participate in a GPA intensive advanced language training program. In addition, the language to be studied must be indigenous to the host country and maximum use must be made of local institutions and personnel (34 CFR 664.14).

Priorities: This notice contains one absolute priority and five competitive preference priorities. In accordance with 34 CFR 75.105(b)(2)(ii), the absolute priority is from the regulations for this program (34 CFR 664.32). Competitive Preference Priorities 1 and 2 are from the notice of final priorities and definitions published in the **Federal Register** on June 16, 2016 (81 FR 39196) (the 2016 NFP); Competitive Preference Priority 3 is from the regulations for this program (34 CFR 664.32); Competitive Preference Priority 4 is from the notice of final priorities published in the **Federal Register** on September 24, 2010 (75 FR 59050) (the 2010 NFP); and Competitive Preference Priority 5 is from the regulations for this program (34 CFR 664.32).

Applicants for GPA short-term projects may address Competitive Preference Priorities 1, 3, 4, and 5. Applicants for GPA long-term projects may address Competitive Preference Priorities 2 and 3. (b) *Quality of key personnel.* (10 points)

(1) The Secretary reviews each application for information to determine the quality of key personnel the applicant plans to use on the project.

(2) The Secretary looks for information that shows—

(i) The qualifications of the project director;

(ii) The qualifications of each of the other key personnel to be used in the project;

(iii) The time that each person referred to in paragraphs (b)(2)(i) and (ii) of this section will commit to the project; and

(iv) The extent to which the applicant, as part of its nondiscriminatory employment practices, will ensure that its personnel are selected for employment without regard to race, color, national origin, gender, age, or handicapping condition.

(3) To determine the qualifications of a person, the Secretary considers evidence of past experience and training in fields related to the objectives of the project as well as other information that the applicant provides.

(1) The Secretary reviews each application for information that shows that the project has an adequate budget and is cost effective.

2. *Review and Selection Process:* We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

For FY 2022, proposed GPA short-term projects will be reviewed by peer review panels with expertise in the world area that is the focus of the application. All proposed GPA long-term projects will be reviewed by one peer review panel. The International and Foreign Language Education office will prepare separate rank order slates for GPA short-term projects and GPA long-term projects recommended for new awards in FY 2022. Each slate will include the peer reviewers' scores for all applications evaluated, from the highest score to the lowest score. In cases where several applications have the same final numerical score in the rank order listing, and there are insufficient funds to support all the applications, the scores under Criterion F (2)(iii) will be used as a tiebreaker. If the scores remain tied, then the scores under Criterion F (2)(i) will be used to break the tie.

3. *Risk Assessment and Specific Conditions:* Consistent with 2 CFR 200.206, before awarding grants under this competition the Department conducts a review of the risks posed by applicants. Under 2 CFR 200.208, the Secretary may impose specific conditions and, under 2 CFR 3474.10, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance;

has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

4. *Integrity and Performance System:* If you are selected under this competition to receive an award that over the course of the project period may exceed the simplified acquisition threshold (currently \$250,000), under 2 CFR 200.206(a)(2) we must make a judgment about your integrity, business ethics, and record of performance under Federal awards—that is, the risk posed by you as an applicant—before we make an award. In doing so, we must consider any information about you that is in the integrity and performance system (currently referred to as the Federal Awardee Performance and Integrity Information System (FAPIIS)), accessible through the System for Award Management. You may review and comment on any information about yourself that a Federal agency previously entered and that is currently in FAPIIS.

Please note that, if the total value of your currently active grants, cooperative agreements, and procurement contracts from the Federal Government exceeds \$10,000,000, the reporting requirements in 2 CFR part 200, Appendix XII, require you to report certain integrity information to FAPIIS semiannually. Please review the requirements in 2 CFR part 200, Appendix XII, if this grant plus all the other Federal funds you receive exceed \$10,000,000.

5. *In General:* In accordance with the Office of Management and Budget's guidance located at 2 CFR part 200, all applicable Federal laws, and relevant Executive guidance, the Department will review and consider applications for funding pursuant to this notice inviting applications in accordance with—

(a) Selecting recipients most likely to be successful in delivering results based on the program objectives through an objective process of evaluating Federal award applications (2 CFR 200.205);

(b) Prohibiting the purchase of certain telecommunication and video surveillance services or equipment in alignment with section 889 of the National Defense Authorization Act of 2019 (Pub. L. 115–232) (2 CFR 200.216);

(c) Providing a preference, to the extent permitted by law, to maximize use of goods, products, and materials produced in the United States (2 CFR 200.322); and

(d) Terminating agreements in whole or in part to the greatest extent authorized by law if an award no longer

effectuates the program goals or agency priorities (2 CFR 200.340).

VI. Award Administration Information

1. *Award Notices:* If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Open Licensing Requirements:* Unless an exception applies, if you are awarded a grant under this competition, you will be required to openly license to the public grant deliverables created in whole, or in part, with Department grant funds. When the deliverable consists of modifications to pre-existing works, the license extends only to those modifications that can be separately identified and only to the extent that open licensing is permitted under the terms of any licenses or other legal restrictions on the use of pre-existing works. Additionally, a grantee or subgrantee that is awarded competitive grant funds must have a plan to disseminate these public grant deliverables. This dissemination plan can be developed and submitted after your application has been reviewed and selected for funding. For additional information on the open licensing requirements please refer to 2 CFR 3474.20.

4. *Reporting:* (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report

that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

5. *Performance Measures:* For the purposes of the Government Performance and Results Act of 1993 and Department reporting under 34 CFR 75.110, the following measure will be used by the Department to evaluate the success of the GPA short-term program: The percentage of GPA short-term project participants who disseminated information about or materials from their group project abroad through more than one outreach activity within six months of returning to their home institution. The following measure will be used by the Department to evaluate the success of the GPA long-term program: The percentage of GPA long-term project participants who increased their reading, writing, and/or listening/speaking foreign language scores by one proficiency level. The efficiency of the GPA long-term program will be measured by considering the cost per GPA participant who increased his/her foreign language score in reading, writing, and/or listening/speaking by at least one proficiency level.

The information provided by grantees in their performance reports submitted via the International Resource Information System (IRIS) will be the source of data for this measure. Reporting screens for institutions can be viewed at: http://iris.ed.gov/iris/pdfs/gpa_director.pdf and http://iris.ed.gov/iris/pdfs/gpa_participant.pdf.
