#### SUPPLEMENTARY INFORMATION:

##### Background

In accordance with sections 735(d) and 777(i) of the Tariff Act of 1930, as amended (the Act), on September 23, 2021, Commerce published in the **Federal Register** its affirmative final determinations in the less-than-fair-value (LTFV) investigations of aluminum foil from Armenia, Brazil, Oman, Russia, and Turkey.<sup>1</sup> On November 5, 2021, the ITC notified Commerce of its affirmative final

determinations, pursuant to section 735(d) of the Act, that an industry in the United States is materially injured, within the meaning of section 735(b)(1)(A)(i) of the Act, by reason of the LTFV imports of aluminum foil from Armenia, Brazil, Oman, Russia, and Turkey.<sup>2</sup>

#### Scope of the Orders

The product covered by these orders is aluminum foil from Armenia, Brazil, Oman, Russia, and Turkey. For a complete description of the scope of these orders, see the appendix to this notice.

#### Antidumping Duty Orders

On November 5, 2021, in accordance with section 735(d) of the Act, the ITC notified Commerce of its final determinations in these investigations, in which it found that an industry in the United States is materially injured by reason of imports of aluminum foil from Armenia, Brazil, Oman, Russia, and Turkey.<sup>3</sup> Therefore, in accordance with section 735(c)(2) of the Act, Commerce is issuing these antidumping duty orders. Because the ITC determined that imports of aluminum foil from Armenia, Brazil, Oman, Russia, and Turkey are materially injuring a U.S. industry, unliquidated entries of subject merchandise from Armenia, Brazil, Oman, Russia, and Turkey, entered into the United States or withdrawn from warehouse for consumption, are subject to the assessment of antidumping duties.

Therefore, in accordance with section 736(a)(1) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to assess, upon further instructions by Commerce, antidumping duties equal to the amount by which the normal value of the foreign like product exceeds the export price (or constructed export price) of subject merchandise, for all relevant entries of aluminum foil from Armenia, Brazil, Oman, Russia, and Turkey. With the exception of entries occurring after the expiration of the provisional measures period and before publication of the ITC’s final affirmative injury determinations in the **Federal Register**, as further described below, antidumping duties will be assessed on unliquidated entries of aluminum foil from Armenia, Brazil, Oman, and Russia, entered or withdrawn from warehouse for consumption, on or after May 4, 2021, the date of publication of the

<sup>2</sup> See *Aluminum Foil from Armenia, Brazil, Oman, Russia, and Turkey*, USITC Investigation Nos. 701–TA–658–659 and 731–TA–1538–1542 (Final) (November 5, 2021).

<sup>3</sup> *Id.*

*Preliminary Determinations.*<sup>4</sup> Regarding Turkey, because Commerce made a preliminary negative determination of sales at LTFV,<sup>5</sup> Commerce did not direct CBP to suspend liquidation or to require a cash deposit of estimated antidumping duties for entries of aluminum foil from Turkey on or after May 4, 2021. However, because Commerce made a final affirmative determination of sales at LTFV, Commerce directed CBP to begin suspension of liquidation of imports of aluminum foil from Turkey, entered or withdrawn from warehouse for consumption, on or after September 23, 2021, the date of publication of the *Turkey Final Determination*.<sup>6</sup>

**Continuation of the Suspension of Liquidation**

In accordance with section 736 of the Act, Commerce intends to instruct CBP to continue to suspend liquidation of all relevant entries of aluminum foil from Armenia, Brazil, Oman, Russia, and Turkey. These instructions suspending liquidation will remain in effect until further notice. Commerce also intends to instruct CBP to require cash deposits equal to the estimated weighted-average dumping margins indicated in the tables below. Accordingly, effective on the

date of publication in the **Federal Register** of the notice of the ITC's final affirmative injury determinations, CBP will require, at the same time that importers would normally deposit estimated duties on the merchandise, a cash deposit equal to the rates listed below. The relevant all-others rates apply to all producers or exporters not specifically listed.

**Provisional Measures**

Section 733(d) of the Act states that the instructions issued under section 733(d)(1) and (2) of the Act pursuant to an affirmative preliminary determination, may not remain in effect for more than four months, except that Commerce may extend the four-month period to no more than six months at the request of exporters representing a significant proportion of exports of the subject merchandise. At the request of exporters that account for a significant proportion of aluminum foil Armenia, Brazil, Oman, and Russia, Commerce extended the four-month period in each of these investigations. Commerce published the *Preliminary Determinations* in these investigations in the **Federal Register** on May 4, 2021.<sup>7</sup>

The extended provisional measures period, beginning on the date of publication of the *Preliminary Determinations*, ended on October 30, 2021. Therefore, in accordance with section 733(d) of the Act and its practice,<sup>8</sup> Commerce will instruct CBP to terminate the suspension of liquidation and to liquidate, without regard to antidumping duties, unliquidated entries of aluminum foil from Armenia, Brazil, Oman, and Russia, entered or withdrawn from warehouse for consumption, after October 30, 2021, the final day on which the provisional measures were in effect, until and through the day preceding the date of publication of the ITC's final affirmative injury determinations in the **Federal Register**. Suspension of liquidation and the collection of cash deposits will resume on the date of publication of the ITC's final determinations in the **Federal Register**.

**Establishment of the Annual Inquiry Service Lists**

On September 20, 2021, Commerce published the final rule titled “Regulations to Improve Administration and Enforcement of Antidumping and Countervailing Duty Laws” in the **Federal Register**.<sup>10</sup> On September 27, 2021, Commerce also published the notice titled “Scope Ruling Application; Annual Inquiry Service List; and Informational Sessions” in the **Federal Register**.<sup>11</sup> The *Final Rule* and *Procedural Guidance* provide that Commerce will maintain an annual inquiry service list for each order or suspended investigation, and any interested party submitting a scope ruling application or request for circumvention inquiry shall serve a copy of the application or request on the persons on the annual inquiry service list for that order, as well as any companion order covering the same merchandise from the same country of origin.<sup>12</sup>

In accordance with the *Procedural Guidance*, for orders published in the **Federal Register** after November 4, 2021, Commerce will create an annual inquiry service list segment in Commerce’s online e-filing and document management system, Antidumping and Countervailing Duty Electronic Service System (ACCESS), available at <https://access.trade.gov>, within five business days of publication of the notice of the order. Each annual inquiry service list will be saved in ACCESS, under each case number, and under a specific segment type called “AISL-Annual Inquiry Service List.”<sup>13</sup>

Interested parties who wish to be added to the annual inquiry service list for an order must submit an entry of appearance to the annual inquiry service list segment for the order in ACCESS within 30 days after the date of publication of the order. For ease of administration, Commerce requests that law firms with more than one attorney representing interested parties in an

order designate a lead attorney to be included on the annual inquiry service list. Commerce will finalize the annual inquiry service list within five business days thereafter. As mentioned in the *Procedural Guidance*, the new annual inquiry service list will be in place until the following year, when the *Opportunity Notice* for the anniversary month of the order is published.

Commerce may update an annual inquiry service list at any time as needed based on interested parties’ amendments to their entries of appearance to remove or otherwise modify their list of members and representatives, or to update contact information. Any changes or announcements pertaining to these procedures will be posted to the ACCESS website at <https://access.trade.gov>.

**Special Instructions for Petitioners and Foreign Governments**

In the *Final Rule*, Commerce stated that, “after an initial request and placement on the annual inquiry service list, both petitioners and foreign governments will automatically be placed on the annual inquiry service list in the years that follow.”<sup>14</sup> Accordingly, as stated above, the petitioners and foreign governments should submit their initial entry of appearance after publication of this

<sup>13</sup> This segment will be combined with the ACCESS Segment Specific Information (SSI) field which will display the month in which the notice of the order or suspended investigation was published in the **Federal Register**, also known as the anniversary month. For example, for an order under case number A-000-000 that was published in the **Federal Register** in January, the relevant segment and SSI combination will appear in ACCESS as “AISL-January Anniversary.” Note that there will be only one annual inquiry service list segment per case number, and the anniversary month will be pre-populated in ACCESS.

notice in order to appear in the first annual inquiry service list for those orders for which they qualify as an interested party. Pursuant to 19 CFR 351.225(n)(3), the petitioners and foreign governments will not need to resubmit their entries of appearance each year to continue to be included on the annual inquiry service list. However, the petitioners and foreign governments are responsible for making amendments to their entries of appearance during the annual update to the annual inquiry service list in accordance with the procedures described above.

Under the Magnuson-Stevens Fishery Conservation and Management Act, the Secretary of Commerce has the responsibility for the conservation and management of marine fishery resources. Much of this responsibility has been delegated to NOAA's National Marine Fisheries Service (NMFS). Under this stewardship role, the Secretary was given certain regulatory authorities to ensure the most beneficial uses of these resources. One of the regulatory steps taken to carry out the conservation and management objectives is to collect information from users of the resources.

The Secretary has enacted rules to issue permits to individuals and organizations participating in federally controlled fisheries. Permits are necessary to: (1) Register fishermen, fishing vessels, fish dealers and
