

centers will be selected. Within each center (or site), we anticipate there will be three classrooms of 3–5 year olds.

Participants at each center will consist of 7 or 8 individuals (e.g., directors, mental health and behavior consultants,

lead and assistant teachers, and coaches), for a total of 75 individuals across all centers or sites.

ANNUAL BURDEN ESTIMATES

Instrument	Total number of respondents	Total number of responses per respondent	Average burden hours per response	Total/annual burden hours
Trauma-Informed System Change Instrument (TISCI) Questionnaire (all site staff) .....	75	2	0.17	26
Attitudes Related to Trauma-Informed Care (ARTIC) Questionnaire (all site staff) .....	75	2	0.25	38

**National Institute of Environmental Health Sciences; Notice of Closed Meeting**

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended, notice is hereby given of the following meeting.

The meeting will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

*Name of Committee:* National Institute of Environmental Health Sciences Special Emphasis Panel; SBIR E-Learning for HAZMAT and Emergency Response (R43/R44) Review in the Environmental Health Sciences.

*Date:* December 1, 2021.

*Time:* 12:00 p.m. to 4:00 p.m.

*Agenda:* To review and evaluate grant applications.

*Place:* National Institute Environmental Health Sciences, Keystone Building, 530 Davis Drive, Durham, NC 27709 (Virtual Meeting).

*Contact Person:* Qingdi Quentin Li, MD, Ph.D., Scientific Review Officer, Scientific Review Branch, Division of Extramural Research and Training, National Institute Environmental Health Sciences, Research Triangle Park, NC 27709, (240) 858–3914, [liquenti@nih.gov](mailto:liquenti@nih.gov).

This notice is being published less than 15 days prior to the meeting due to the timing limitations imposed by the review and funding cycle.

**DEPARTMENT OF HEALTH AND HUMAN SERVICES**

**Substance Abuse and Mental Health Services Administration**

**Fiscal Year (FY) 2022 Funding Opportunity**

**AGENCY:** Substance Abuse and Mental Health Services Administration, HHS.

**ACTION:** Notice of intent to award a single source cooperative agreement to Mental Health Association of New York City, Inc. (DBA Vibrant Emotional Health).

**SUMMARY:** This notice is to inform the public that the Substance Abuse and Mental Health Services Administration (SAMHSA) intends to award \$152,000,000 (total costs) for up to two years to Vibrant Emotional Health for the 988 National Suicide Prevention Lifeline Expansion for Behavioral Health Crisis Response (Lifeline Expansion). Under this cooperative agreement, Vibrant Emotional Health will improve and expand the national Lifeline backup centers, text/chat centers, and Spanish language crisis centers to: (1) Respond, intervene, and provide follow-up to individuals experiencing a behavioral health crisis by recruiting and training additional behavioral health staff; (2) support and expand services for populations at high risk of suicide; and (3) develop the infrastructure needed to meet the increased service demand requirements anticipated with the FCC’s national launch of 988 in July 2022.

It is expected that this program will: (1) Increase response rates for national Lifeline backup centers, text/chat centers, and Spanish language crisis centers; (2) increase the workforce capacity of the national Lifeline backup centers, text/chat centers, and Spanish language crisis centers; and (3) improve the oversight and standardization of outcomes of the Lifeline.

With this award, Vibrant Emotional Health will directly support the much needed expansion of the behavioral health workforce for all designated national Lifeline backup centers, text/chat centers, and Spanish language crisis centers to ensure the Network can meet or exceed established metrics; provide direct support to increase the workforce at national Lifeline back-up centers, text/chat centers, and Spanish language crisis centers to expand the

implementation of follow-up protocols; expand and enhance core Lifeline network functions; expand and facilitate timely and ongoing communication with the existing network of backup and text/chat centers to minimize wait time and maximize call connectivity; expand the ability of backup and text/chat centers to respond to sudden and large spikes in call volume immediately following a public service announcement, disaster, or other type of traumatic event; expand collaboration with backup and text/chat centers to ensure they have sufficient policies and procedures for the training and supervision of center staff in caller engagement, risk assessment, intervention, and linkage to appropriate services; develop and implement a quality improvement plan focusing on policies, first contact, assessment, referral, and access to local care to ensure there is a comprehensive and coordinated response to individuals at imminent risk for suicide; develop and implement a plan to support backup call centers, text/chat centers, and the Spanish language sub-network in accessing mobile crisis services and coordinating with 911 throughout the United States; provide technical assistance to states and crisis centers in communicating and aligning 988 implementation plans, including the ability to meet Key Performance Indicator expectations; establish interoperability with the VA infrastructure and operations to ensure veterans, service members, and families can access at the VA through authorized 988 phone and text services; and expand the Lifeline network by incorporating additional centers or developing formal agreements with service providers for populations at higher risk of suicide for the expansion of services, training, referrals, facilitated transfers and other approaches to link individuals in crisis with the most person centered and culturally appropriate responses.

This is not a formal request for application. Assistance will be provided only to Vibrant Emotional Health based on the receipt of a satisfactory application that is approved by an independent review group.

*Funding Opportunity Title:* Lifeline Expansion.

*Assistance Listing Number:* 93.243.

*Authority:* Section 520E-3 of the Public Health Service Act, as amended; and Section 9005 of the 21st Century Cures Act.

*Justification:* Eligibility for this award is limited to the Mental Health Association of New York City, Inc. (DBA Vibrant Emotional Health). Vibrant

Emotional Health is the current Lifeline system administrator and this award funds a rapid expansion of the ongoing Lifeline services to meet the anticipated demands of the FCC's 988 launch before July 2022. Since 2005, Vibrant Emotional Health has provided oversight and management of the Suicide Prevention Lifeline and its local call centers, backup centers, and chat/text functions with a network of over 180 centers in all fifty states. This longstanding history has positioned Vibrant Emotional Health as the best suited organization as the only identified organization with the required experience and national reach to work with the backup centers and chat/text organizations with expansion of their workforce and development of the infrastructure that is needed for the launch of 988 in July 2022. Vibrant Emotional Health's history, experience, and ongoing communications with these centers are critical given the time sensitivity of the need for sufficient capacity to be in place by July 2022. Several external evaluations have reinforced the evidence of effectiveness of Lifeline services through oversight of the Lifeline by Vibrant Emotional Health.

The Federal Communication Commission has ordered that by July 16, 2022 every cell phone, land line and voice over internet provider in the United States must make 988 operational and this date of implementation is also a requirement in the National Suicide Hotline Designation Act. Given the anticipated significantly increased contact volumes with the universal availability of 988, a rapid upgrading of Lifeline capacity is required by July 2022. It would not be possible for any other organization to establish the relationships with crisis centers that Vibrant Emotional Health has built over the last 15 years by July 2022, running the risk of significant numbers of unanswered calls, chats, and texts. In addition, if these funds were awarded to another organization, oversight of the expanded backup and chat/text centers would be fragmented and the network would run the risk of inefficiencies and adverse outcomes to individuals in crisis during the period when the demand for Lifeline is expected to surge with the launch of 988. Coordination, quality monitoring, and rapid response would be compromised. Vibrant Emotional Health also has extensive engagement with the Department of Veterans Affairs Veterans Crisis Line (VCL) that helps ensure call connectivity between Vibrant Emotional Health and VCL, backup services, and

engagement across the Lifeline local crisis centers on Veteran identification, care, and linkage to the VA. Vibrant Emotional Health has long been recognized throughout the nation for its state-of-art technology-enabled services, community wellness programs, and advocacy and education work and is uniquely qualified to carry-out the requirements of this funding opportunity.

**FOR FURTHER INFORMATION CONTACT:** James Wright, Substance Abuse and Mental Health Services Administration, 5600 Fishers Lane, Rockville, MD 20857; telephone: (240) 276-1615; email: [james.wright@samhsa.hhs.gov](mailto:james.wright@samhsa.hhs.gov).

## DEPARTMENT OF HOMELAND SECURITY

### Federal Emergency Management Agency

[Docket ID: FEMA-2021-0018; OMB No. 1660-NW132]

#### Agency Information Collection Activities: Submission for OMB Review; Comment Request; FEMA-Administered Disaster Case Management Intake Form

**AGENCY:** Federal Emergency Management Agency, Department of Homeland Security.

**ACTION:** 30-Day notice and request for comments.

**SUMMARY:** The Federal Emergency Management Agency (FEMA) will submit the information collection abstracted below to the Office of Management and Budget for review and clearance in accordance with the requirements of the Paperwork Reduction Act of 1995. FEMA, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public to take this opportunity to comment on an extension without change of a currently approved information collection.

**DATES:** Comments must be submitted on or before December 17, 2021.

**ADDRESSES:** Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find this particular information collection by selecting
