BILLING CODE 6717–01–P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP14–517–001]

Golden Pass Terminal, LLC; Notice of Scoping Period Requesting Comments on Environmental Issues for the Proposed Golden Pass LNG Export Variance Request No. 15 Amendment

The staff of the Federal Energy Regulatory Commission (FERC or Commission) will prepare an environmental document, that will discuss the environmental impacts of the Golden Pass LNG Export Variance Request No. 15 Amendment (Amendment), involving an increase to traffic volumes and work week and work hour limits by Golden Pass Terminal, LLC (Golden Pass), in Jefferson County, Texas. If authorized, the Amendment would increase the workforce numbers, amount of traffic volume, and work week/hour limits that were not reviewed during preparation of the final Environmental Impact Statement (EIS) for the Golden Pass LNG Export Project (Docket Nos. CP14–517–000 and CP14–518–000), which the Commission authorized on December 21, 2016. Golden Pass proposed Amendment would increase construction to 24-hour-day and 7 days a week at the Golden Pass LNG Export Terminal. The Commission will use this environmental document in its decision-making process to determine whether the project Amendment is in the public convenience and necessity.

This notice announces the opening of the scoping process the Commission will use to gather input from the public and interested agencies regarding the Amendment. As part of the National Environmental Policy Act (NEPA) review process, the Commission takes into account concerns the public may have about proposals and the environmental impacts that could result from its action whenever it considers the issuance of a Certificate of Public Convenience and Necessity. This gathering of public input is referred to as “scoping.” The main goal of the scoping process is to focus the analysis in the environmental document on the important environmental issues. Additional information about the Commission's NEPA process is

described below in the *NEPA Process and Environmental Document* section of this notice.

By this notice, the Commission requests public comments on the scope of issues to address in the environmental document. To ensure that your comments are timely and properly recorded, please submit your comments so that the Commission receives them in Washington, DC on or before 5:00 p.m. Eastern Time on December 10, 2021. Comments may be submitted in written form. Further details on how to submit comments are provided in the *Public Participation* section of this notice.

Your comments should focus on the potential environmental effects, reasonable alternatives, and measures to avoid or lessen environmental impacts. Your input will help the Commission staff determine what issues they need to evaluate in the environmental document. Commission staff will consider all written comments during the preparation of the environmental document.

If you submitted comments on this project Amendment to the Commission before the opening of this docket on November 3, 2021, you will need to file those comments in Docket No. CP14–517–001 to ensure they are considered as part of this proceeding.

This notice is being sent to the Commission's current environmental mailing list for this project Amendment. State and local government representatives should notify their constituents of this proposed project Amendment and encourage them to comment on their areas of concern.

Public Participation

There are three methods you can use to submit your comments to the Commission. Please carefully follow these instructions so that your comments are properly recorded. The Commission encourages electronic filing of comments and has staff available to assist you at (866) 208–3676 or FercOnlineSupport@ferc.gov.

(1) You can file your comments electronically using the eComment feature, which is located on the Commission's website (www.ferc.gov) under the link to FERC Online. Using eComment is an easy method for submitting brief, text-only comments on a project;

(2) You can file your comments electronically by using the eFiling feature, which is located on the Commission's website (www.ferc.gov) under the link to FERC Online. With eFiling, you can provide comments in a variety of formats by attaching them as
