Final Results of Review

We received no comments and are making no changes from the *Preliminary Results*. Therefore, as a result of this review, we continue to determine that Jiangmen New Star Hi-Tech Enterprise Ltd. (New Star) and KaiPing Dawn Plumbing Products, Inc. (KaiPing) have not established their eligibility for a separate rate and are part of the China-wide entity.

Assessment Rates

Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries in accordance with section 751(a)(2)(C) of the Act and 19 CFR 351.212(b). Because we determined that KaiPing and New Star were not eligible for a separate rate and are part of the China-wide entity, we will instruct CBP to apply the China-wide entity rate, an *ad valorem* assessment rate of 76.45 percent,⁴ to all entries of subject merchandise during the POR that were produced and/or exported by KaiPing and New Star.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) For previously investigated or reviewed Chinese and non-Chinese exporters not listed above that have separate rates, the

cash deposit rate will continue to be equal to the exporter-specific weighted-average dumping margin published of this proceeding; (2) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for China-wide entity, 76.45 percent;⁵ and (3) for all exporters of subject merchandise which are not located in China and which are not eligible for a separate rate, the cash deposit rate will be the rate applicable to Chinese exporter(s) that supplied that non-Chinese exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a reminder to importers of their responsibility, under 19 CFR 351.402(f)(2), to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.213(h) and 351.221(b)(5).

Certain Activated Carbon From the People's Republic of China: Notice of Final Results of Antidumping Duty Changed Circumstances Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On October 8, 2021, the Department of Commerce (Commerce) published the initiation and preliminary results of a changed circumstances review (CCR) of the antidumping duty (AD) order on certain activated carbon (activated carbon) from the People's Republic of China (China). For these final results, Commerce continues to find that Ningxia Huahui Environmental Technology Co., Ltd. (Huahui Environmental) is the successor in-interest to Ningxia Huahui Activated Carbon Co., Ltd. (Ningxia Huahui) and should be assigned the same AD cash deposit rate assigned to Ningxia Huahui for purposes of determining AD liability in this proceeding.

DATES: Applicable November 17, 2021.

FOR FURTHER INFORMATION CONTACT: Jinny Ahn, AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–0339.

SUPPLEMENTARY INFORMATION:

Background

On October 8, 2021, Commerce published the *Initiation and Preliminary Results*,¹ finding that Huahui Environmental is the successor-in-interest to Ningxia Huahui and should be assigned the same AD cash deposit rate assigned to Ningxia Huahui for purposes of determining AD liability in this proceeding.² In the *Initiation and Preliminary Results*, we provided all interested parties with an opportunity to comment and request a public hearing regarding our preliminary finding.³ We received no comments or requests for a public hearing from interested parties.

³ For a complete description of the scope of the Order, see *Preliminary Results PDM* at 3.

⁴ The China-wide rate determined in the investigation was 76.53 percent. See Order. This rate was adjusted for export subsidies and estimated domestic subsidy pass through to determine the cash deposit rate (76.45 percent) collected for companies in the China-wide entity. Scope of the Order⁴

The merchandise covered by the scope of the *Order* is activated carbon. For a complete description of the scope of the *Order*, see the Preliminary Decision Memorandum.

Final Results of Changed Circumstances Review

For the reasons stated in the *Initiation and Preliminary Results*, and because we received no comments from interested parties to the contrary, Commerce continues to find that Huahui Environmental is the successor-in-interest to Ningxia Huahui and should be assigned the same AD cash deposit rate assigned to Ningxia Huahui for purposes of determining AD liability in this proceeding.⁵ As a result of this determination and consistent with established practice, we find that Huahui Environmental should receive the cash deposit rate previously assigned to Ningxia Huahui in the most recently completed review of the *Order*. The cash deposit rate assigned to Ningxia Huahui in the most recently completed review was \$0.65 per kilogram.⁶ Consequently, Commerce will instruct U.S. Customs and Border Protection to suspend liquidation of all shipments of subject merchandise exported by Huahui Environmental and entered, or withdrawn from warehouse, for consumption on or after the publication date of this notice in the **Federal Register** at \$0.65 per kilogram, which is the current AD cash deposit rate for Ningxia Huahui. This cash deposit requirement shall remain in effect until further notice.

Administrative Protective Order

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Acrylonitrile-Butadiene Rubber From France, the Republic of Korea, and Mexico: Postponement of Preliminary Determinations in the Less-Than-Fair-Value Investigations

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Applicable November 17, 2021.

FOR FURTHER INFORMATION CONTACT:

Patrick Barton at (202) 482–0012 (France); Dennis McClure at (202) 482–5973 (Mexico); and Andre Gziryan at (202) 482–2201 (Republic of Korea); AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On July 20, 2021, the Department of Commerce (Commerce) initiated less-than-fair-value (LTFV) investigations of imports of acrylonitrile-butadiene rubber (AB rubber) from France, the Republic of Korea, and Mexico.¹ Currently, the preliminary determinations are due no later than December 7, 2021.

Postponement of Preliminary Determinations

Section 733(b)(1)(A) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in an LTFV investigation within 140 days after the date on which Commerce initiated the investigation. However, section 733(c)(1)(A) and (B) of

¹ See *Acrylonitrile-Butadiene Rubber from France, the Republic of Korea, and Mexico: Initiation of Less-Than-Fair-Value Investigations*, 86 FR 40192 (July 27, 2021).

the Act permits Commerce to postpone the preliminary determination until no later than 190 days after the date on which Commerce initiated the investigation if: (A) The petitioner makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. Commerce will grant the request unless it finds compelling reasons to deny the request.

On November 1, 2021, the petitioner² submitted a timely request that Commerce postpone the preliminary determinations in these LTFV investigations.³ The petitioner states that a postponement is necessary so that Commerce may have adequate time to issue clarifying supplemental questionnaires that address deficiencies in the respondents' antidumping questionnaire responses.

For the reasons stated above, and because there are no compelling reasons to deny the request, Commerce, in accordance with section 733(c)(1)(A) of the Act, is postponing the deadline for the preliminary determinations by 50 days (*i.e.*, 190 days after the date on which these investigations were initiated). As a result, Commerce will issue its preliminary determinations no later than January 26, 2022. In accordance with section 735(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determinations of these investigations will continue to be 75 days after the date of the preliminary determinations, unless postponed at a later date.

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: November 10, 2021.
