

family members are eligible, without undue fear or confusion. The Department welcomes comments on the potential effects of the IFR on public health measures in response to the pandemic, as well as other ways that the Department should consider the intervening circumstances of the COVID-19 pandemic in relation to the IFR.

Consequently, the Department has concluded that it should review the IFR to determine (1) if the IFR should be rescinded or revised, and (2) what final rule should be adopted, if any. If the IFR is rescinded, § 40.41 would logically revert to its prior text pending any new rulemaking; such an outcome would likely be preferable to a regulatory void, which the Department did not propose in the 2019 IFR. See 22 CFR 40.41 (2018).<sup>5</sup>

#### IV. Request for Public Comment

The Department invites comment on any issues that may be pertinent to its review of the IFR to determine (1) if the IFR should be rescinded or revised, and (2) what final rule should be adopted, if any. Reopening the comment period gives interested persons an opportunity to comment on these issues.
