DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR–7046–N–01]

Privacy Act of 1974; System of Records

AGENCY: Office of the Chief Financial Officer (OCFO), HUD.

ACTION: Notice of a new system of records.

SUMMARY: The Payroll Data Analytics Project was created to analyze payroll disbursement data. For the HUD employees in the collection, the HUD Office of the Chief Financial Officer (OCFO) collects the first five letters of the first name and the last 4 digits of Social Security Numbers (SSN) from the Department of Treasury, Administrative Resource Center (ARC). This is collected as part of the payroll data used to identify questionable payroll transactions that may require further review by HUD management. If needed, OCFO will request HUD employees’ Standard Form 50 (SF–50) from HUD’s Office of the Chief Human Capital Officer (OCHCO) for potential outliers that require justification. HUD OCHCO sends the SF–50 to HUD OCFO via encrypted email. The SF–50 includes Personally Identifiable Information (PII) such as full name, date of birth, SSN, pay grade, salary, veterans’ preference, and all other data included in the SF–50 template.

DATES: This notice action shall be applicable immediately, which will become effective December 20, 2021.

SUPPLEMENTARY INFORMATION: HUD OCFO is creating a system of records for the Payroll Data Analytics Project to collect HUD employees’ PII from the Treasury ARC and HUD OCHCO. The PII that Treasury has is initially collected for payroll purposes. HUD OCFO will collect from Treasury only the first five digits of the first name and the last four digits of the Social Security Number (SSN) for all individuals within HUD’s payroll. HUD OCFO will use R Script to review and identify any questionable payroll transactions and/or outliers (e.g., mismatch of Employee Name and SSN, fraudulent transactions). An R Script is a set of instructions that tells the computer what to do. If any are identified, HUD OCFO will request SF–50s from OCHCO for the specified employee(s) for justification and further review.
