Title: Information Collection for Document Delivery Services.

OMB Control Number: 0518–0027.

Summary of Collection: The National Agricultural Library (NAL) accepts requests from libraries and other organizations in accordance with the national and international interlibrary loan code and guidelines. In its national role, NAL collects, and supplies copies or loans of agricultural materials not found elsewhere. 7 U.S.C. 3125a and 7 CFR 505 gives NAL the authority to

collect this information. NAL provides photocopies and loans of materials directly to USDA staff, other Federal agencies, libraries, and other institutions, and indirectly to the public through their libraries. The Library charges for some of these activities through a fee schedule. To fill a request for reproduction or loan of items the library must have the name, mailing address, phone number of the respondent initiating the request, and may require an email address. The respondent must also provide a brief statement acknowledging copyright compliance, required by Title 17 of the United States Code. The collected information is used to deliver the material to the respondent, monitor the return to NAL of loaned material, and identify and locate the requested material in NAL collections.

Need and Use of the Information: The NAL document delivery staff uses the information collected to identify the protocol for processing the request. The staff also uses the information provided to process/package the reproduction or loan for delivery. All collected information is confidential and only used by staff that need to process the request. Without the requested information NAL has no way to locate and deliver the loan or reproduction to the respondent, and thus cannot meet its mandate to supply agricultural material.
