SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-93608; File No. SR-CboeBZX-2021-052]

Self-Regulatory Organizations; Cboe BZX Exchange, Inc.; Order Instituting Proceedings To Determine Whether To Approve or Disapprove a Proposed Rule Change To List and Trade Shares of the Global X Bitcoin Trust Under BZX Rule 14.11(e)(4), Commodity-Based Trust Shares

November 18, 2021.

On August 3, 2021, Cboe BZX Exchange, Inc. ("BZX" or "Exchange") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to list and trade shares ("Shares") of the Global X Bitcoin Trust ("Trust") under BZX Rule 14.11(e)(4), Commodity-Based Trust Shares. The proposed rule change was published for comment in the **Federal Register** on August 23, 2021.³

On September 29, 2021, pursuant to Section 19(b)(2) of the Act,⁴ the Commission designated a longer period within which to approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether to disapprove the

proposed rule change.⁵ This order institutes proceedings under Section 19(b)(2)(B) of the Act⁶ to determine whether to approve or disapprove the proposed rule change.

I. Summary of the Proposal

As described in more detail in the Notice,⁷ the Exchange proposes to list and trade the Shares of the Trust under BZX Rule 14.11(e)(4), which governs the listing and trading of Commodity-Based Trust Shares on the Exchange.

The investment objective of the Trust would be to reflect the performance of the price of bitcoin less the expenses of the Trust's operations. The Trust is not actively managed and will not seek to reflect the performance of any benchmark or index.⁸ Each Share will represent a fractional undivided beneficial interest in the bitcoin held by the Trust. The Trust's assets will consist of bitcoin held by the custodian on behalf of the Trust. The Trust generally does not intend to hold cash or cash equivalents. However, there may be situations where the Trust will hold cash on a temporary basis.⁹

In seeking to achieve its investment objective, the Trust would hold bitcoin and value its assets daily in accordance with Generally Accepted Accounting Principles ("GAAP"), which, according to the Exchange, generally value bitcoin by reference to orderly transactions in the principal active market for bitcoin.¹⁰

The net asset value ("NAV") for the Trust will be calculated by the administrator once a day and will be disseminated daily to all market participants at the same time.¹¹ The Sponsor will use fair value standards according to GAAP to value the assets and liabilities of the Trust.¹² According to the Exchange, the fair value of an asset that is traded on a market is measured by reference to the orderly transactions on an active market. Among all active markets with orderly

transactions, the market that is used to determine the fair value of an asset is the principal market (with exceptions), which is either the market on which the Trust actually transacts or, if there is sufficient evidence, the market with the most trading volume and level of activity for the asset.¹³ Where there is no active market with orderly transactions for an asset, the Sponsor's valuation committee will follow policies and procedures to determine the fair value.¹⁴

The Trust will provide information regarding the Trust's bitcoin holdings, as well as an Intraday Indicative Value ("IV") per Share updated every 15 seconds, as calculated by the Exchange or a third-party financial data provider during the Exchange's Regular Trading Hours (9:30 a.m. ET to 4:00 p.m. ET). The IV will be calculated by using the prior day's closing NAV per Share as a base and updating that value during Regular Trading Hours to reflect changes in the value of the Trust's bitcoin holdings during the trading day.¹⁵

When the Trust sells or redeems its Shares, it will do so in "in-kind" transactions in blocks of Shares (in an amount to be determined). Authorized participants will deliver, or facilitate the delivery of, bitcoin to the Trust's account with the custodian when they purchase Shares, and the Trust, through the custodian, will deliver bitcoin to such authorized participants when they redeem Shares with the Trust.¹⁶

¹³ The Sponsor will first determine which markets are likely to be active markets with orderly transactions for bitcoin. Among the venues supporting active markets with orderly transactions, the Sponsor will determine to which such venues the Trust has access and refer to these as eligible venues. Eligible venues consist of eligible over-the-counter venues and eligible exchanges. The Sponsor will then determine the principal market for bitcoin as either the market that the Trust normally transacts in for bitcoin, or, if the Trust does not normally transact in any market or the Sponsor has sufficient evidence that a particular market has the highest trading volume and level of activity, such market. The Trust will not purchase or, barring the liquidation of the Trust or the Trust incurring certain extraordinary expenses or liabilities not contractually assumed by the Sponsor, sell bitcoin directly. As a result, the Sponsor expects that the principal market will generally be the market with the highest trading volume and level of activity, which the Sponsor expects will typically be an eligible exchange. The Sponsor will determine the principal market for bitcoin at least quarterly and more frequently as circumstances warrant. *See id.*

II. Proceedings To Determine Whether To Approve or Disapprove SR–CboeBZX–2021–052 and Grounds for Disapproval Under Consideration

The Commission is instituting proceedings pursuant to Section 19(b)(2)(B) of the Act¹⁷ to determine whether the proposed rule change should be approved or disapproved. Institution of proceedings is appropriate at this time in view of the legal and policy issues raised by the proposed rule change, as discussed below. Institution of proceedings does not indicate that the Commission has reached any conclusions with respect to any of the issues involved. Rather, as described below, the Commission seeks and encourages interested persons to provide comments on the proposed rule change.

Pursuant to Section 19(b)(2)(B) of the Act,¹⁸ the Commission is providing notice of the grounds for disapproval under consideration. The Commission is instituting proceedings to allow for additional analysis of the proposed rule change's consistency with Section 6(b)(5) of the Act, which requires, among other things, that the rules of a national securities exchange be "designed to prevent fraudulent and manipulative acts and practices" and "to protect investors and the public interest."¹⁹

The Commission asks that commenters address the sufficiency of the Exchange's statements in support of the proposal, which are set forth in the Notice,²⁰ in addition to any other comments they may wish to submit about the proposed rule change. In particular, the Commission seeks comment on the following questions and asks commenters to submit data where appropriate to support their views:

1. What are commenters' views on whether the proposed Trust and Shares would be susceptible to manipulation? What are commenters' views generally on whether the Exchange's proposal is designed to prevent fraudulent and manipulative acts and practices? What are commenters' views generally with respect to the liquidity and transparency of the bitcoin markets, the bitcoin markets' susceptibility to manipulation, and thus the suitability of bitcoin as an underlying asset for an exchange-traded product?

2. What are commenters' views of the Exchange's assertion that the regulatory and financial landscapes relating to

⁷ *See* Notice, *supra* note 3.

⁸ *See id.* at 47184–85. Global X Digital Assets, LLC ("Sponsor") is the sponsor of the Trust, and Delaware Trust Company is the trustee. The Sponsor will select the administrator, transfer agent, and marketing agent in connection with the creation and redemption of the Shares, and a third-party regulated custodian that will be responsible for custody of the Trust's bitcoin. *See id.* at 47177, 47184.

bitcoin and other digital assets have changed significantly since 2016?²¹ Are the changes that the Exchange identifies sufficient to support the determination that the proposal to list and trade the Shares is designed to protect investors and the public interest and is consistent with the other applicable requirements of Section 6(b)(5) of the Act?

3. The Exchange states that “approving this proposal . . . [would] allow U.S. investors with access to bitcoin in a regulated and transparent exchange-traded vehicle that would act to limit risk” associated with exposure through other means.²² Further, the Exchange asserts that “the manipulation concerns previously articulated by the Commission are sufficiently mitigated to the point that they are outweighed by quantifiable investor protection issues that would be resolved by approving this proposal.”²³ What are commenters’ views regarding such assertions?

4. According to the Exchange, “[n]early every measurable metric related to [Chicago Mercantile Exchange’s] Bitcoin Futures has trended consistently up since launch and/or accelerated upward in the past year.”²⁴ Based on data provided and the academic research cited by the Exchange, do commenters agree that the Chicago Mercantile Exchange (“CME”)’s bitcoin futures market now represents a regulated market of significant size?²⁵ What are commenters’ views on whether there is a reasonable likelihood that a person attempting to manipulate the Shares would also have to trade on CME to manipulate the Shares? What are commenters’ views on the Exchange’s assertion that the combination of (a) CME bitcoin futures leading price discovery; (b) the overall size of the bitcoin market; and (c) the ability for market participants to buy or sell large amounts of bitcoin without significant market impact would help to prevent the Shares from becoming the predominant force on pricing in either the bitcoin spot or CME bitcoin futures markets?²⁶

5. What are commenters’ views on the Exchange’s statement, generally, that bitcoin is resistant to price manipulation and that other means to prevent fraudulent and manipulative acts and practices exist to justify dispensing with the requisite surveillance sharing agreement with a

regulated market of significant size related to bitcoin?²⁷ What are commenters’ views on the Exchange’s assertion in support of such statement that significant liquidity in the spot market and the impact of market orders on the overall price of bitcoin mean that attempting to move the price of bitcoin is costly?²⁸ What are commenters’ views on the Exchange’s assertion that offering only in-kind creations and redemptions provides unique protections against potential attempts to manipulate the Shares and that the price the Sponsor uses to value the Trust’s bitcoin “is not particularly important”?²⁹

III. Procedure: Request for Written Comments

The Commission requests that interested persons provide written submissions of their views, data, and arguments with respect to the issues identified above, as well as any other concerns they may have with the proposal. In particular, the Commission invites the written views of interested persons concerning whether the proposal is consistent with Section 6(b)(5) or any other provision of the Act, and the rules and regulations thereunder. Although there do not appear to be any issues relevant to approval or disapproval that would be facilitated by an oral presentation of views, data, and arguments, the Commission will consider, pursuant to Rule 19b-4, any request for an opportunity to make an oral presentation.³⁰

Interested persons are invited to submit written data, views, and arguments regarding whether the proposal should be approved or disapproved by December 15, 2021. Any person who wishes to file a rebuttal to any other person’s submission must file that rebuttal by December 29, 2021.

Comments may be submitted by any of the following methods:

²⁷ See *id.* at 47183 n.54.

²⁸ See *id.* at 47189.

²⁹ See *id.*

³⁰ Section 19(b)(2) of the Act, as amended by the Securities Act Amendments of 1975, Public Law 94-29 (June 4, 1975), grants the Commission flexibility to determine what type of proceeding—either oral or notice and opportunity for written comments—is appropriate for consideration of a particular proposal by a self-regulatory organization. See Securities Act Amendments of 1975, Senate Comm. on Banking, Housing & Urban Affairs, S. Rep. No. 75, 94th Cong., 1st Sess. 30 (1975).
