SUPPLEMENTARY INFORMATION:

9000–0189, Certain Federal Acquisition Regulation Part 4 Requirements.

B. Need and Uses

DoD, GSA, and NASA are combining OMB Control Nos. for the Federal Acquisition Regulation (FAR) by FAR part. This consolidation is expected to improve industry's ability to easily and efficiently identify burdens associated with a given FAR part. The review of the information collections by FAR part allows improved oversight to ensure there is no redundant or unaccounted for burden placed on industry. Lastly, combining information collections in a given FAR part is also expected to reduce the administrative burden associated with processing multiple information collections.

This justification supports the revision of the expiration date of OMB Control No. 9000–0189 and combines it with the previously approved information collections under OMB Control Nos. 9000–0097 and 9000–0197, with the new title “Certain Federal Acquisition Regulation Part 4 Requirements”. Upon approval of this consolidated information collection, OMB Control Nos. 9000–0097 and 9000–0197 will be discontinued. The burden requirements previously approved under the discontinued numbers will be covered under OMB Control No. 9000–0189.

This clearance covers the information that offerors and contractors must submit to comply with the following FAR requirements:

1. FAR 52.204–3, and 52.212–3(l)—Taxpayer Identification Number Information. When there is not a requirement to be registered in the System for Award Management (SAM), offerors are required to submit their Taxpayer Identification Number information by the provision at FAR 52.204–3, Taxpayer Identification, for other than commercial acquisitions, and by paragraph (l) of the provision at FAR 52.212–3, Offeror Representations and Certifications—Commercial Products and Commercial Services, for commercial acquisitions.

2. FAR 52.204–6, 52.212–1(j), and 52.204–12—Unique Entity Identifier. When there is not a requirement to be registered in SAM, offerors are required to submit their unique entity identifier by the provision at FAR 52.204–6, Unique Entity Identifier, for other than commercial acquisitions, and by paragraph (j) of the provision at FAR 52.212–1, Instructions to Offerors—Commercial Products and Commercial Services, for commercial acquisitions. The clause at FAR 52.204–12, Unique Entity Identifier Maintenance, requires contractors to maintain their unique entity identifier with the organization designated in SAM to issue such identifiers, for the life of the contract. The clause also requires contractors to notify contracting officers of any changes to the unique entity identifier.

3. FAR 52.204–7, 52.204–13, and 52.212–3(b)—SAM Registration and Maintenance. The provision at FAR 52.204–7, System for Award Management, requires offerors to be registered in SAM when submitting an offer or quotation, except in certain limited cases, and to continue to be registered through final payment of any award that results from such offer. The clause at FAR 52.204–13, System for Award Management Maintenance, requires contractors to make sure their SAM data is kept current, accurate, and complete throughout contract performance and final payment; this maintenance is, at a minimum, to be done through an annual review and update of the contractor's SAM registration. Paragraph (b) of the provision at FAR 52.212–3, Offeror Representations and Certifications—Commercial Products and Commercial Services, contains the equivalent of FAR 52.204–7 and 52.204–13, for commercial acquisitions.

4. FAR 52.204–14, and 52.204–15—Service Contract Reporting Requirements. The clauses at FAR

52.204–14, Service Contract Reporting Requirements, and FAR 52.204–15, Service Contract Reporting Requirements for Indefinite-Delivery Contracts, require contractors to report the following information in SAM annually:

(a) Contract number and, as applicable, order number.

(b) The total dollar amount invoiced for services performed during the previous Government fiscal year under each contract.

(c) The number of contractor direct labor hours expended on the services performed during the previous Government fiscal year.

(d) Data reported by each first-tier subcontractor providing services under the contract if required to do so.

5. FAR 52.204–20, Predecessor of Offeror. This provision requires offerors to identify if the offeror is, within the last three years, a successor to another entity that received a Federal Government award and, if so, to provide the Commercial and Government Entity code and legal name of the predecessor.

6. FAR 52.204–23, Prohibition on Contracting for Hardware, Software, and Services Developed or Provided by Kaspersky Lab and Other Covered Entities. This clause requires contractors to report, in writing, to the contracting officer or, in the case of DoD, to the website at <https://dibnet.dod.mil>, any instance when the contractor identifies a covered article provided to the Government during contract performance, or if contractors are notified of such an event by subcontractors at any tier or any other source.
