

Type of Request: Reinstatement with change of a previously approved collection.

Form Number: N/A.

Description of the need for the information and proposed use: The Departments collection of this information is in compliance with statutory provisions of the Cranston Gonzalez National Affordable Housing

Act of 1990 that requires participating jurisdictions to submit a Comprehensive Housing Affordability Strategy (Section 105(b)); the 1974 Housing and Community Development Act, as amended, that requires states and localities to submit a Community Development Plan (Section 104(b)(4) and Section 104(m)); and statutory provisions of these Acts that requires

states and localities to submit applications and reports for these formula grant programs. The information is needed to provide HUD with preliminary assessment as to the statutory and regulatory eligibility of proposed grantee projects for informing citizens of intended uses of program funds.

Information collection	Number of respondents	Frequency of response	Responses per annum	Burden hour per response	Annual burden hours	Hourly cost per response	Annual cost
2506-0117—local-ities	1,234.00	1.00	1,234.00	305.00	376,370.00	\$41.78	\$15,724,738.60
2506-0117—States	50.00	1.00	50.00	741.00	37,050.00	41.78	1,547,949.00
Total	1,284.00	413,420.00	41.78	17,272,687.60

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

- (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- (2) If the information will be processed and used in a timely manner;
- (3) The accuracy of the agency’s estimate of the burden of the proposed collection of information;
- (4) Ways to enhance the quality, utility, and clarity of the information to be collected; and
- (5) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

C. Authority

Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. chapter 35.

Anna P. Guido,

Department Reports Management Officer, Office of the Chief Information Officer.

BILLING CODE 4210-67-P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-7040-N-12]

60-Day Notice of Proposed Information Collection: Receivership, Troubled, Substandard, At-Risk Program; OMB Control No.: 2577—New Collection

AGENCY: Office of Assistant Secretary for Public and Indian Housing, HUD.

ACTION: Notice.

SUMMARY: HUD is seeking approval from the Office of Management and Budget (OMB) for the information collection described below. In accordance with the Paperwork Reduction Act, HUD is requesting comment from all interested parties on the proposed collection of information. The purpose of this notice is to allow for 60 days of public comment.

DATES: *Comments Due Date:* January 31, 2022.

ADDRESSES: Interest persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name/or OMB Control number and should be sent to: Colette Pollard, Reports Management Officer, QDAM, Department of Housing and Urban Development, 451 7th Street SW, Room 4176, Washington, DC 20410-5000; telephone 202-402-5564 (this is not a toll-free number) or email Colette.Pollard@hud.gov for a copy of the proposed forms or other available information.

FOR FURTHER INFORMATION CONTACT: Dawn Smith, Office of Policy, Program and Legislative Initiatives, PIH, Department of Housing and Urban Development, 451 7th Street SW, Washington, DC 20410; telephone 202-402-6488. This is not a toll-free number.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: Receivership, Troubled, Substandard, At-Risk Program.

OMB Control Number: 2577—New.

Type of Request: New collection.

Agency Form Numbers: Narrative, Post-award Reporting, HUD-50075.1

Description of the Need for the Information and Proposed Use: The Transportation, Housing and Urban Development and Related Agencies Appropriations Act of 2021, enacted on December 27, 2020, appropriated fifteen (15) million dollars for emergency grants to improve the asset management condition of housing owned by public housing authorities (PHA) in receivership, troubled, substandard, or at-risk statuses. From this appropriation, HUD has allocated fourteen million and five hundred thousand dollars (14.5) for this funding opportunity. To be eligible for this funding, a PHA must provide a narrative description of the physical needs and condition of the Asset Management Property (AMP), a plan with actions to address the issues at the AMP, and a projection of the impact of those actions on the AMP’s performance (physical condition and occupancy). Post-award reporting requires PHAs awarded under this program to use Energy Performance Information Center (EPIC) to complete annual reports within 60 days of each annual anniversary of award. All other reporting (e.g., in financial systems) already required in the Capital Fund formula grant program or the Moving to Work program shall continue to apply.

Respondents: Public Housing Agencies.

Estimated Annual Reporting and Recordkeeping Burden: The estimated

burden hours is 540 and the total annual cost is \$21,774.

Information collection	Number of respondents	*Avg number of responses per respondent	Total annual responses	Burden hours per response	Total hours	Hourly cost	Total annual cost
Narrative	100	1	100	6	600	\$32.02	\$19,212
Post-award Reports	10	1	10	8	80	32.02	2,562
Totals	110	1	110	varies	540	32.02	21,774

* Avg number of responses per respondent = Total Annual Responses ÷ Number of Responses.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency’s estimate of burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

C. Authority

Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35.

Laura Miller-Pittman,
Chief, Office of Policy, Program and Legislative Initiatives.

BILLING CODE 4210-67-P

DEPARTMENT OF THE INTERIOR

Bureau of Ocean Energy Management

[Docket No. BOEM-2021-0084]

Notice of Availability of a Joint Record of Decision (ROD) for the South Fork Wind, LLC Proposed Wind Energy Facility Offshore Rhode Island

AGENCY: Bureau of Ocean Energy Management (BOEM), Interior; National Marine Fisheries Service (NMFS), Commerce.

ACTION: Notice of availability (NOA); record of decision (ROD).

SUMMARY: BOEM announces the availability of the joint ROD on the final environmental impact statement (EIS) for the construction and operations plan (COP) submitted by South Fork Wind, LLC (South Fork Wind). The joint ROD includes the decisions of the Department of the Interior (DOI) and NMFS regarding the South Fork Wind COP. NMFS has adopted the Final EIS to support its decision to issue an incidental take authorization under the Marine Mammal Protection Act. The joint ROD concludes the National Environmental Policy Act (NEPA) process for each agency and is available with associated information on BOEM’s website at: <https://www.boem.gov/renewable-energy/state-activities/south-fork>.

FOR FURTHER INFORMATION CONTACT: For information on the South Fork Wind Offshore Wind Energy Project ROD, please contact: BOEM—Michelle Morin, BOEM Office of Renewable Energy Programs, 45600 Woodland Road, Sterling, Virginia 20166, (703) 787-1722, or michelle.morin@boem.gov; For information related to NMFS’ action, contact Candace Nachman, NOAA Fisheries Office of Policy, (301) 427-8031, candace.nachman@noaa.gov.

SUPPLEMENTARY INFORMATION: South Fork Wind seeks approval to construct, operate, maintain, and eventually decommission the Project—a wind energy facility on the Outer Continental Shelf (OCS) offshore Rhode Island and an associated export cable. The Project would be developed within the range of design parameters outlined in the South Fork Wind COP, subject to applicable mitigation measures. The COP for the South Fork Wind Farm (SFWF) proposed the installation of up to 15 wind turbine generators with a nameplate capacity of 6 to 12 megawatts per turbine, submarine cables between the wind turbine generators (inter-array cables), and an offshore substation. The SFWF would be located entirely on the

OCS in the area covered by Renewable Energy Lease OCS-A 0517 (Lease Area), approximately 19 miles southeast of Block Island, Rhode Island, and 35 miles east of Montauk Point, New York. The South Fork Export Cable (SFEC) would be an alternating current electric cable that would connect the SFWF to the existing mainland electric grid in East Hampton, New York. The Project also would include an operations and maintenance facility located onshore at either Montauk in East Hampton, New York, or Quonset Point in North Kingstown, Rhode Island, and the SFEC will connect with the Long Island Power Authority electric transmission and distribution system in the town of East Hampton, New York. After carefully considering alternatives described and analyzed in the Final EIS and comments from the public on the Draft EIS, the Department of the Interior has decided to approve the COP for South Fork Wind under the Fisheries Habitat Impact Minimization Alternative, which will allow 12 or fewer turbines and one offshore substation to be installed by South Fork Wind. The full text of the mitigation, monitoring, and reporting requirements, which will be included in BOEM’s COP approval, are available in the ROD, which is available on BOEM’s website at: <https://www.boem.gov/renewable-energy/state-activities/south-fork>.

NMFS has decided to adopt, in part, BOEM’s Final EIS and issue a final Incidental Harassment Authorization (IHA) to South Fork Wind. NMFS’ final decision to issue the requested IHA is documented in a separate Decision Memorandum prepared in accordance with internal NMFS policy and procedures. The IHA authorizes the incidental take of marine mammals while prescribing the means of incidental take as well as mitigation and monitoring requirements, including those mandated by the Biological Opinion issued to complete the formal Endangered Species Act Section 7 consultation process. A Notice of
