Public Participation: The meeting will be held as a webinar using Microsoft Teams. Any member of the public who wishes to participate in any open sessions of this meeting should click on the link above to join the meeting. It is recommended that attendees should login ten minutes prior to ensure they can properly connect to the meeting. Members of the public should also monitor the NRC's Public Meeting Schedule at <https://www.nrc.gov/pmns/mtg> for any meeting updates. If there are any questions regarding the meeting, persons should contact Mr. Lowman using the information below.

FOR FURTHER INFORMATION CONTACT: Mr. Don Lowman, email: Donald.Lowman@nrc.gov, telephone: 301-415-5452.

SUPPLEMENTARY INFORMATION:

Conduct of the Meeting

Darlene F. Metter, M.D. will chair the meeting. Dr. Metter will conduct the meeting in a manner that will facilitate the orderly conduct of business. The following procedures apply to public participation in the meeting:

1. Persons who wish to provide a written statement should submit an electronic copy to Mr. Lowman using the contact information listed above. All submittals must be received by the close of business on December 10, 2021, three business days before the meeting, and must pertain to the topics on the agenda for the meeting.

2. Questions and comments from members of the public will be permitted during the meeting, at the discretion of the ACMUI Chairman.

3. The draft transcript and meeting summary will be available on ACMUI's website <https://www.nrc.gov/reading-rm/doc-collections/acmui/meetings/2021.html> on or about January 21, 2022.

4. Persons who require special services, such as those for the hearing impaired, should notify Mr. Lowman of their planned participation.

This meeting will be held in accordance with the Atomic Energy Act of 1954, as amended (primarily Section 161a); the Federal Advisory Committee

Act (5 U.S.C. App); and the Commission's regulations in title 10 of the *Code of Federal Regulations*, Part 7.

Dated at Rockville, Maryland, this 24th day of November, 2021.

For the U.S. Nuclear Regulatory Commission.

Russell E. Chazell,

Federal Advisory Committee Management Officer.

BILLING CODE 7590-01-P

NUCLEAR REGULATORY COMMISSION

[Docket No. 50-7513; NRC-2021-0193]

Kairos Power, LLC

AGENCY: Nuclear Regulatory Commission.

ACTION: Construction permit application; acceptance for docketing.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) staff accepts and docket an application for a construction permit for the Hermes test reactor to be built in Oak Ridge, Tennessee.

DATES: This action becomes effective on November 29, 2021.

ADDRESSES: Please refer to Docket No. 50-7513 or Docket ID NRC-2021-0193 when contacting the NRC about the availability of information regarding this document. You may obtain publicly available information related to this document using any of the following methods:

- *Federal Rulemaking Website:* Go to <https://www.regulations.gov> and search for Docket ID NRC-2021-0193. Address questions about Docket IDs in *Regulations.gov* to Stacy Schumann; telephone: 301-415-0624; email: Stacy.Schumann@nrc.gov. For technical questions, contact the individuals listed in the **FOR FURTHER INFORMATION CONTACT** section of this document.

- *NRC's Agencywide Documents Access and Management System*

(ADAMS): You may obtain publicly available documents online in the ADAMS Public Documents collection at <https://www.nrc.gov/reading-rm/adams.html>. To begin the search, select "Begin Web-based ADAMS Search." For problems with ADAMS, please contact the NRC's Public Document Room (PDR) reference staff at 1-800-397-209, 301-415-4737, or by email to PDR.Resource@nrc.gov. The ADAMS accession number for each document referenced (if it is available in ADAMS) is provided the first time that it is mentioned in the **SUPPLEMENTARY INFORMATION** section.

- *NRC's PDR:* You may examine and purchase copies of public documents, by appointment, at the NRC's PDR, Room P1 B35, One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852. To make an appointment to visit the PDR, please send an email to PDR.Resource@nrc.gov or call 1-800-397-4209 or 301-415-4737, between 8:00 a.m. and 4:00 p.m. (ET), Monday through Friday, except Federal holidays.

- *NRC's Public Website:* The construction permit application is available under the NRC's Hermes Construction Permit Application public website at <https://www.nrc.gov/reactors/non-power/kairos-hermes.html>.

FOR FURTHER INFORMATION CONTACT: Benjamin Beasley, Office of Nuclear Reactor Regulation, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001; telephone: 301-415-2062; email: Benjamin.Beasley@nrc.gov.

SUPPLEMENTARY INFORMATION:

I. Discussion

On September 29, 2021, Kairos Power LLC (Kairos) filed, pursuant to Part 50 of title 10 of the *Code of Federal Regulations* (10 CFR), "Domestic Licensing of Production and Utilization Facilities," the first part of an application (ADAMS Package Accession No. ML21272A375) for a construction permit for the Hermes test reactor (a "testing facility" as defined in 10 CFR 50.2), which would be located in Oak

Ridge, Tennessee. Hermes would be a fluoride-salt cooled, high-temperature reactor that uses solid tri-structural isotropic fuel in pebble form. A notice of receipt and availability of this portion of the application was published in the **Federal Register** on October 29, 2021 (86 FR 60077).

The first part of the Kairos construction permit application consisted of the following information:

- The general information required by 10 CFR 50.33.
- The Preliminary Safety Analysis Report required by 10 CFR 50.34(a).
- Exemption requests to support issuance of a construction permit.
- A request to invoice the filing fee required by 10 CFR 50.30(e) and 10 CFR 170.21.

On October 31, 2021, Kairos filed the second part of its application (ADAMS Package Accession No. ML21306A131) for a construction permit, which consisted of the Environmental Report required by 10 CFR 50.30(f). Submission of the Environmental Report completed the application for a construction permit.

The NRC staff determined that Kairos submitted a two-part application in accordance with 10 CFR 2.101(a)(5) and 10 CFR part 50, and that the application is acceptable for docketing under Docket No. 50-7513. The NRC staff provided Kairos notice of the acceptance and docketing determinations by letter dated November 29, 2021 (ADAMS Accession No. ML21319A354).

The NRC staff will perform a detailed technical review of the construction permit application and document its safety findings in a safety evaluation report. Also, in accordance with 10 CFR part 51, "Environmental Protection Regulations for Domestic Licensing and Related Regulatory Functions," the NRC staff will prepare an environmental impact statement for the proposed action.

Docketing of the application does not preclude the NRC from requesting additional information from the applicant as the review proceeds, nor does it predict whether the Commission will grant or deny the application. The construction permit application will be referred to the Advisory Committee on Reactor Safeguards for review and report consistent with 10 CFR 50.58, "Hearings and report of the Advisory Committee on Reactor Safeguards." If, after holding an evidentiary hearing, the Commission finds that the construction permit application meets the applicable standards of the Atomic Energy Act and the Commission's regulations, and that any required notifications to other agencies and bodies have been made,

the Commission will issue a construction permit, in the form and containing conditions and limitations that the Commission finds appropriate and necessary.

The Commission will announce, in a future **Federal Register** notice, the opportunity to petition for leave to intervene in a proceeding on the construction permit application.

Dated: November 24, 2021.

For the Nuclear Regulatory Commission.

Benjamin G. Beasley,

Senior Project Manager, Advanced Reactor Licensing Branch, Division of Advanced Reactors and Non-Power Production and Utilization Facilities, Office of Nuclear Reactor Regulation.

BILLING CODE 7590-01-P

OFFICE OF PERSONNEL MANAGEMENT

Privacy Act of 1974; System of Records

AGENCY: Office of Personnel Management.

ACTION: Notice of a modified system of records.

SUMMARY: In accordance with the Privacy Act of 1974, the Office of Personnel Management ("OPM"), proposes to modify an OPM government-wide system of records, OPM/GOVT-5, Recruiting, Examining, and Placement Records, primarily to make clear that records collected and generated in the process of onboarding Federal employees but prior to their entry-on-duty date are included in this system of records. In addition, OPM proposes additional administrative changes to reflect the current OPM organization.

DATES: Please submit comments on or before January 3, 2022. This modified system of records is effective upon publication.

ADDRESSES: You may submit written comments through the Federal Rulemaking Portal: <http://www.regulations.gov>. All submissions received must include the agency name and docket number for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: For general questions, please contact: Dianna Saxman, Associate Director, Human Resources Solutions, Office of Personnel Management at Dianna.Saxman@opm.gov. For privacy questions, please contact: Kellie Cosgrove Riley, Chief Privacy Officer, Office of Personnel Management at 202-360-6065 or privacy@opm.gov.

SUPPLEMENTARY INFORMATION: In accordance with the Privacy Act of 1974, 5 U.S.C. 552a, the Office of Personnel Management ("OPM"), proposes to make certain modifications to the OPM/GOVT-5 Recruiting, Examining, and Placement Records system of records pending a comprehensive review and update at a later date. The records in this system of records include all records submitted by an applicant for Federal employment or generated in connection with the application and the onboarding process.

OPM proposes to modify this system of records: "m. Records collected or generated in the process of onboarding an applicant selected to fill a vacant position, to include, for example, vaccination records, proof of citizenship, and agency-specific documentation necessary for the onboarding process." This category of records is being added to clarify that records collected or generated in the onboarding process, after applicants have been selected but before they are Federal employees, are included in this system of records. Once an individual completes the onboarding process and is a Federal employee, certain records collected and generated in the onboarding process may be included in other systems of records. For example, proof of vaccination required by Executive Order 14043, Requiring Coronavirus Disease 2019 Vaccination for Federal Employees, may later be included in the OPM/GOVT-10 Employee Medical File Systems Records system of records; and personnel forms completed in the onboarding process may later be included in the OPM/GOVT-1 General Personnel Records system of records.

In addition to modifying this system of records to add an additional category of records, OPM also proposes to modify the description of the system location and identification of the system manager. Both modifications are being made to reflect organizational changes at OPM since the last publication of the OPM/GOVT-5 system of records notice.

OPM has provided a report of this modified system of records to the Committee on Oversight and
