The public record for this proceeding may be viewed on the Commission’s electronic docket (EDIS) at <https://edis.usitc.gov>.

#### SUPPLEMENTARY INFORMATION:

**Background.**—The Department of Commerce (“Commerce”) issued antidumping duty orders on imports of

“heavy” and “light” iron construction castings from Canada on March 5, 1986 (51 FR 7600) and from Brazil and China on May 9, 1986 (51 FR 17220). On May 15, 1986, Commerce issued a countervailing duty order on imports of “heavy” iron construction castings from Brazil (51 FR 17786). On September 23, 1998, Commerce issued the final results of a changed circumstance review concerning iron construction castings from Canada, in which the antidumping duty order with respect to “light” castings was revoked (63 FR 50881). Following full first five-year reviews by Commerce and the Commission, effective November 12, 1999, Commerce issued a continuation of the countervailing duty order on “heavy” iron construction castings from Brazil, a continuation of the antidumping duty order on “heavy” iron construction castings from Canada, and a continuation of the antidumping duty orders on “heavy” and “light” iron construction castings from Brazil and China (64 FR 61590–61592). Following expedited second and third five-year reviews, and full fourth five-year reviews by Commerce and the Commission, Commerce issued continuations of the subject orders (70 FR 37326–37327, June 29, 2005; 75 FR 70900, November 19, 2010; and 82 FR 1699, January 6, 2017). The Commission is now conducting fifth reviews pursuant to section 751(c) of the Act, as amended (19 U.S.C. 1675(c)), to determine whether revocation of the orders would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. Provisions concerning the conduct of this proceeding may be found in the Commission’s Rules of Practice and Procedure at 19 CFR part 201, subparts A and B, and 19 CFR part 207, subparts A and F. The Commission will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct full or expedited reviews. The Commission’s determinations in any expedited reviews will be based on the facts available, which may include information provided in response to this notice.

**Definitions.**—The following

definitions apply to these reviews:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the scope of the five-year reviews, as defined by Commerce.

(2) *The Subject Countries* in these reviews are Brazil, Canada, and China.

(3) *The Domestic Like Product* is the domestically produced product or products which are like, or in the
