

calendar year immediately preceding the payment, imported qualifying wool and manufactured the qualifying wool directly or had another person manufacture the qualifying wool, providing the eligible person owned the qualifying wool at the time it was manufactured.

(3) *Qualifying wool.* The term “qualifying wool” means imported wool yarn of the kind described in subheading 9902.51.13 of the 2014 HTS or imported wool fiber or wool top of the kind described in subheading 9902.51.14 of the 2014 HTS, that, during the calendar year immediately preceding the payment, was imported, either directly or indirectly, by an eligible person (or a successor-in-interest) into the U.S. and manufactured by the eligible person in the U.S.

(4) *Successor-in-interest.* The term “successor-in-interest” means a person that is eligible to claim a payment under this section as if the person were the original eligible manufacturer, without regard to section 3727, title 31, United States Code. A person may succeed to the status of the successor-in-interest to the eligible person and become eligible for the payment because of—

- (i) An assignment of the claim;
- (ii) An assignment of the eligible person’s right to manufacture under the same trade name; or
- (iii) A reorganization of the eligible person.

(b) *Import duties.* The duties on imports of qualifying wool were suspended in their entirety in section 503 of the Trade and Development Act of 2000. The suspension of the duties for both HTS subheadings of qualifying wool was extended through December 31, 2014. These duties were reinstated as of January 1, 2015.

(c) *Duty compensation payment—(1) Calculation of payment.* The duty compensation payment of an eligible person will be established by calculating, as provided in paragraphs (c)(2) through (4) of this section, the savings that would have been realized by the eligible person for imports of qualifying wool had the duty suspension been in effect.

(2) *Savings for each subheading.* The savings realized by an eligible person for imports of qualifying wool under a HTS subheading covered by this section shall be obtained by multiplying:

- (i) The reported dollar value of imports under a HTS subheading during the calendar year immediately preceding the payment; and
- (ii) The duty applicable to that HTS subheading in the calendar year preceding the payment, converted to numeric value.

(3) *Sum of subheading savings.* The product obtained in paragraph (c)(2) of this section for imports of qualifying wool previously described under each HTS subheading shall be added to the savings obtained for imports under the other HTS subheading (as applicable).

(4) *Duty compensation payment amount.* The sum obtained in paragraph (c)(3) of this section shall equal the annual duty compensation payment for the eligible person for the applicable calendar year.

(d) *Annual affidavit required—(1) In general.* An eligible person applying for a payment under this section shall comply with all applicable reporting requirements described in this section and § 1471.10.

(2) *Specific business information—(i) Imports and production.* An eligible person shall, for the calendar year immediately preceding the payment, report the actual dollar value and the actual quantity of:

(A) Imports into the U.S. of qualifying wool by the eligible person; and

(B) Such qualifying wool that was manufactured in the U.S. by the eligible person.

(ii) *Direct and indirect importers—(A) In general.* Eligible persons that import qualifying wool through a third party broker are considered to be indirect importers of the qualifying wool. Persons that directly import qualifying wool and pay the import duty for such wool are considered to be direct importers of the qualifying wool.

(B) *Reported dollar value.* Eligible persons must state in their annual affidavit whether, in the calendar year immediately preceding the payment, they were direct or indirect importers, and the dollar value of the imported qualifying wool. The reported dollar value of imports by indirect importers will be subject to a 10% reduction.

(C) *Affirmation.* An eligible person shall annually affirm in the affidavit that, in the calendar year immediately preceding the payment, the eligible person:

- (1) Directly or indirectly imported the qualifying wool into the U.S.;
- (2) Manufactured the qualifying wool in the U.S.; and
- (3) Imported qualifying wool from the country of origin identified in the affidavit.

(iii) *Import documentation.* Eligible persons must maintain supporting documentation for the amounts reported on their affidavits and shall provide copies of such supporting documentation upon the request of FAS.

(3) *Manufacture of qualifying wool.* When reporting the annual dollar value and quantity of imported qualifying

wool, and the annual dollar value and quantity of the qualifying wool that was manufactured, an eligible person may either have manufactured the qualifying wool on its own behalf or had another person manufacture the qualifying wool, provided the eligible person owned the qualifying wool at the time of manufacture.

7 CFR Part 1484

Programs To Help Develop Foreign Markets for Agricultural Commodities

AGENCY: Commodity Credit Corporation and Foreign Agricultural Service, U.S. Department of Agriculture (USDA).

ACTION: Final rule.

SUMMARY: The Office of Management and Budget (OMB) revised and renumbered certain provisions in its regulation establishing uniform administrative requirements, cost principles, and audit requirements for Federal awards to non-Federal entities. This final rule amends the U.S. Department of Agriculture’s (USDA) regulations on Programs to Help Develop Foreign Markets for Agricultural Commodities (“FMD regulation”) to make technical corrections to reflect the revised OMB regulations. This final rule also makes three minor changes to the FMD regulation: To modify the timing of the evaluation provision; to add one additional exemption for a USA Pavilion waiver request; and to add certain flexibilities to the sample shipment requirements.

DATES: This rule is effective December 6, 2021.

FOR FURTHER INFORMATION CONTACT: Curt Alt, (202) 690–4784, curt.alt@usda.gov. Persons with disabilities who require an alternative means for communication of information (e.g., Braille, large print, audiotope, etc.) should contact Angela Ubrey (Human Resources, 202–772–4836) or Constance Goodwin (Office of Civil Rights, 202–379–6431).

SUPPLEMENTARY INFORMATION: The FMD regulation, 7 CFR part 1484, refers to

and cites various sections of 2 CFR part 200. As a result of amendments that OMB made to 2 CFR part 200 in August 2020, the Commodity Credit Corporation (CCC) has identified a number of instances where technical corrections are necessary. This final rule makes those technical corrections where needed. In addition, this final rule also modifies the timing of the evaluation provision and adds one additional exemption for a USA Pavilion waiver request.

This rule involves a matter relating to agency management or personnel or to public property, loans, grants, benefits, or contracts. Accordingly, notice and other public procedure on this rule are unnecessary and this rule may be made effective less than 30 days after publication in the **Federal Register**. See 5 U.S.C. 553.

Catalog of Federal Domestic Assistance

The program covered by this regulation is listed in the Catalog of Federal Domestic Assistance (CFDA) under the following Foreign Agricultural Service (FAS) CFDA number: 10.600, Foreign Market Development Cooperator Program.

E-Government Act Compliance

CCC is committed to complying with the E-Government Act of 2002 (44 U.S.C. chapter 36), to promote the use of the internet and other information technologies to provide increased opportunities for citizens' access to Government information and services, and for other purposes.

Executive Order 12866 and 13563

Executive Order 12866, "Regulatory Planning and Review," and Executive Order 13563, "Improving Regulation and Regulatory Review," direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). Executive Order 13563 emphasized the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. The requirements in Executive Orders 12866 and 13573 for the analysis of costs and benefits apply to rules that are determined to be significant. It has been determined that this action is not significant for the purposes of Executive Order 12866; therefore, this rule was not reviewed by the Office of Management and Budget.

Congressional Review Act

Pursuant to the Congressional Review Act (5 U.S.C. 801 *et seq.*), the Office of Information and Regulatory Affairs has designated this rule as not a major rule, as defined by 5 U.S.C. 804(2).

Executive Order 12988

This rule has been reviewed in accordance with Executive Order 12988, "Civil Justice Reform." This rule does not preempt State or local laws, regulations, or policies unless they present an irreconcilable conflict with this rule. This rule will not be retroactive.

Executive Order 12372

Executive Order 12372, "Intergovernmental Review of Federal Programs," requires consultation with officials of State and local governments that would be directly affected by the proposed Federal financial assistance. The objectives of the Executive order are to foster an intergovernmental partnership and a strengthened federalism by relying on State and local processes for the State and local government coordination and review of proposed Federal financial assistance and direct Federal development. This rule will not directly affect State or local officials and, for this reason, it is excluded from the scope of Executive Order 12372.

Regulatory Flexibility Act

The Regulatory Flexibility Act (5 U.S.C. 601–612), as amended by the Small Business Regulatory Enforcement Fairness Act of 1996, generally requires an agency to prepare a regulatory flexibility analysis of any rule that is subject to notice and comment rulemaking under the Administrative Procedure Act (APA) or any other law, unless the agency certifies that the rule will not have a significant economic impact on a substantial number of small entities. The Regulatory Flexibility Act does not apply to this rule because CCC is not required by the APA or any other law to publish a notice of proposed rulemaking with respect to the subject matter of the rule. Therefore, this action is not a rule as defined by the Regulatory Flexibility Act and, thus, is exempt from the provisions of that Act.

Executive Order 13132

This rule has been reviewed under Executive Order 13132, "Federalism." This rule will not have any substantial direct effect on States, on the relationship between the Federal Government and the States, or on the distribution of power and responsibilities among the various

levels of government, except as required by law. This rule does not impose substantial direct compliance costs on State and local governments. Therefore, consultation with the States was not required.

Executive Order 13175

This rule has been reviewed in accordance with the requirements of Executive Order 13175, "Consultation and Coordination with Indian Tribal Governments." Executive Order 13175 requires Federal agencies to consult and coordinate with tribes on a government-to-government basis on policies that have tribal implications, including regulations, legislative comments or proposed legislation, and other policy statements or actions that have substantial direct effects on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. CCC does not expect this rule to have any effect on Indian tribes.

Unfunded Mandates

Title II of the Unfunded Mandate Reform Act of 1995 (UMRA, Pub. L. 104–4) requires Federal agencies to assess the effects of their regulatory actions on State, local, or Tribal governments or the private sector. Agencies generally must prepare a written statement, including a cost benefit analysis, for proposed and final rules with Federal mandates that may result in expenditures of \$100 million or more in any 1 year for State, local, or Tribal governments, in the aggregate, or to the private sector. UMRA generally requires agencies to consider alternative methods and adopt the more cost effective or least burdensome alternative that achieves the objectives of the rule. This rule contains no Federal mandates under the regulatory provisions of Title II of the Unfunded Mandates Reform Act of 1995 for State, local, or Tribal governments, or the private sector. Therefore, this rule is not subject to the requirements of sections 202 and 205 of UMRA.

Paperwork Reduction Act

This final rule contains no new reporting, recordkeeping, or third-party disclosure requirements under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).
