Contact Person for Meetings: Michael Berry, *Michael.Berry@hhs.gov*. A notice in the **Federal Register** about last minute modifications that impact a previously announced advisory committee meeting cannot always be published quickly enough to provide timely notice. Please email Michael Berry for the most current information about meetings.

Agenda: As outlined in the 21st Century Cures Act, the HITAC will develop and submit recommendations to the National Coordinator on the topics of interoperability, privacy and security, patient access, and use of technologies that support public health.

In addition, the committee will also address any administrative matters and hear periodic reports from ONC. ONC intends to make background material available to the public no later than 24 hours prior to the meeting start time. If ONC is unable to post the background material on its website prior to the meeting, the material will be made publicly available on ONC's website after the meeting, at www.healthit.gov/hitac.

Procedure: Interested persons may present data, information, or views, orally or in writing, on issues pending before the committee. Written submissions may be made to the contact person prior to the meeting date. An oral public comment period will be scheduled at each meeting. Time allotted for each commenter will be limited to three minutes. If the number of speakers requesting to comment is greater than can be reasonably accommodated during the scheduled public comment period, ONC will take written comments after the meeting.

All HITAC meetings in 2022 will be virtual until further notice. Please refer to future **Federal Register** Notices for updated information on in-person meetings. ONC welcomes the attendance of the public at its HITAC meetings. If you require special accommodations due to a disability, please contact Michael Berry at least seven (7) days in advance of the meeting.
