State child support agencies use the EDE to improve case processing. The current OMB approval expires on June 30, 2022.

SUPPLEMENTARY INFORMATION:

Description: The EDE provides a centralized, secure system for authorized users in state child support agencies to electronically exchange child support and spousal support case information with other state child support agencies. EDE benefits state child support agencies by reducing delays, costs, and barriers associated with interstate case processing, increasing state collections, improving document security, standardizing data sharing, increasing state participation, and improving case processing, resulting in better overall child and spousal support outcomes. OCSE made minor updates to the Portal screens to enhance functionality.
