

2021. Section 15(a)(1) of the FPA, 16 U.S.C. 808(a)(1), requires the Commission, at the expiration of a license term, to issue from year-to-year an annual license to the then licensee(s) under the terms and conditions of the prior license until a new license is issued, or the project is otherwise disposed of as provided in section 15 or any other applicable section of the FPA. If the project's prior license waived the applicability of section 15 of the FPA, then, based on section 9(b) of the Administrative Procedure Act, 5 U.S.C. 558(c), and as set forth at 18 CFR 16.21(a), if the licensee of such project has filed an application for a subsequent license, the licensee may continue to operate the project in accordance with the terms and conditions of the license after the minor or minor part license expires, until the Commission acts on its application. If the licensee of such a project has not filed an application for a subsequent license, then it may be required, pursuant to 18 CFR 16.21(b), to continue project operations until the Commission issues someone else a license for the project or otherwise orders disposition of the project.

If the project is subject to section 15 of the FPA, notice is hereby given that an annual license for Project No. 2816 is issued to North Hartland, LLC for a period effective December 1, 2021 through November 30, 2022, or until the issuance of a new license for the project or other disposition under the FPA, whichever comes first. If issuance of a new license (or other disposition) does not take place on or before November 30, 2022, notice is hereby given that, pursuant to 18 CFR 16.18(c), an annual license under section 15(a)(1) of the FPA is renewed automatically without further order or notice by the Commission, unless the Commission orders otherwise.

If the project is not subject to section 15 of the FPA, notice is hereby given that North Hartland, LLC is authorized to continue operation of the North Hartland Hydroelectric Project, until such time as the Commission acts on its application for a new major license.

Dated: December 9, 2021.

Debbie-Anne A. Reese,

Deputy Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 2284-048]

Brookfield White Pine Hydro, LLC; Notice of Application Accepted for Filing and Soliciting Comments, Motions To Intervene, and Protests

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection:

- a. *Application Type:* Non-project use of project lands and waters.
- b. *Project No:* 2284-048.
- c. *Date Filed:* November 16, 2021.
- d. *Applicant:* Brookfield White Pine Hydro, LLC.
- e. *Name of Project:* Brunswick Hydroelectric Project.
- f. *Location:* Androscoggin River in Sagadahoc and Cumberland counties, Maine.
- g. *Filed Pursuant to:* Federal Power Act, 16 U.S.C. 791a-825r.
- h. *Applicant Contact:* Kelly Maloney, (207) 755-5606, kelly.maloney@brookfieldrenewable.com.
- i. *FERC Contact:* Mark Carter, (678) 245-3083, mark.carter@ferc.gov.
- j. *Deadline for filing comments, motions to intervene, and protests:* January 7, 2022.

The Commission strongly encourages electronic filing. Please file comments, motions to intervene, and protests using the Commission's eFiling system at <http://www.ferc.gov/docs-filing/efiling.asp>. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov, (866) 208-3676 (toll free), or (202) 502-8659 (TTY). In lieu of electronic filing, you may submit a paper copy. Submissions sent via the U.S. Postal Service must be addressed to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room 1A, Washington, DC 20426. Submissions sent via any other carrier must be addressed to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852. The first page of any filing should include docket number P-2284-048. Comments emailed to Commission staff are not considered part of the Commission record.

k. *Description of Request:* Brookfield White Pine Hydro, LLC proposes to convey an easement to the Maine Department of Transportation (DOT) to facilitate replacement of the Frank J. Wood bridge located downstream of the Brunswick Dam. The bridge replacement work would not result in any changes to project structures or operations but would require placement of bridge piers within the project boundary. In cooperation with the Federal Highway Administration, the DOT completed its final environmental assessment of the bridge replacement work in April 2019, which found that the work would result in no significant impact to the environment.

l. *Locations of the Application:* In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<http://www.ferc.gov>) using the "elibrary" link. Enter the docket number excluding the last three digits in the document field to access the document. At this time, the Commission has suspended access to the Commission's Public Reference Room, due to the proclamation declaring a National Emergency concerning the Novel Coronavirus Disease (COVID-19), issued by the President on March 13, 2020. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (886) 208-3673 or TYY, (202) 502-8659. Agencies may obtain copies of the application directly from the applicant.

m. Individuals desiring to be included on the Commission's mailing list should so indicate by writing to the Secretary of the Commission.

n. *Comments, Protests, or Motions to Intervene:* Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214, respectively. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

o. *Filing and Service of Documents:* Any filing must (1) bear in all capital letters the title "COMMENTS", "PROTEST", or "MOTION TO INTERVENE" as applicable; (2) set forth in the heading the name of the applicant

and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person commenting, protesting or intervening; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. All comments, motions to intervene, or protests must set forth their evidentiary basis. Any filing made by an intervenor must be accompanied by proof of service on all persons listed in the service list prepared by the Commission in this proceeding, in accordance with 18 CFR 385.2010.

Dated: December 8, 2021.

Debbie-Anne A. Reese,

Deputy Secretary.

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OW-2011-0439; EPA-HQ-OW-2011-0442; EPA-HQ-OW-2011-0443; FRL 9129-01-OW]

Proposed Information Collection Requests; Comment Request: Disinfectants/Disinfection Byproducts, Chemical and Radionuclides Rules, Microbial Rules, and Public Water System Supervision Program Renewal Information Collection Requests

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The U.S. Environmental Protection Agency (EPA) is planning to submit the following information collection requests (ICRs) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act (PRA) for the: Microbial Rules ICR, OMB Control No. 2040-0205; the Public Water System Supervision (PWSS) Program ICR, OMB Control No. 2040-0090; and the Disinfectants/Disinfection Byproducts, Chemical and Radionuclides (DBPCR) Rules, OMB Control No. 2040-0204. Before doing so, EPA is soliciting public comments on specific aspects of the proposed information collection as described in this document. This is a proposed extension of the Microbial ICR, which is currently approved through July 31, 2022; the PWSS Program ICR and the DBPCR ICR, which are both currently approved through March 31, 2023. These rules are designed to ensure that Americans receive safe drinking water and ensure fair treatment and

meaningful involvement of all people regardless of race, color, national origin, or income. An Agency may not conduct, or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

DATES: Comments must be submitted on or before February 14, 2022.

ADDRESSES: Submit your comments, referencing the Docket ID numbers EPA-HQ-OW-2011-0439 for the DBPCR ICR; EPA-HQ-OW-2011-0442 for the Microbial Rules ICR; EPA-HQ-OW-2011-0443 for the PWSS Program ICR online using <https://www.regulations.gov> (our preferred method), by email OW-Docket@epa.gov, or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW, Washington, DC 20460.

The EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

FOR FURTHER INFORMATION CONTACT:

Kevin Roland, Drinking Water Protection Division, Office of Ground Water and Drinking Water, (4606M), Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460; telephone number: 202-564-4588; fax number: 202-564-3755; email address: roland.kevin@epa.gov.

SUPPLEMENTARY INFORMATION:

Supporting documents which explain in detail the information that the EPA will be collecting are available in the public dockets for these ICRs (see the **ADDRESSES** section of this document for Docket ID numbers for each ICR). The dockets can be viewed online at <https://www.regulations.gov> or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about the EPA's public docket, visit <http://www.epa.gov/dockets>.

Pursuant to section 3506(c)(2)(A) of the PRA, the EPA is soliciting comments and information to enable it to: (i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (ii) evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of

the methodology and assumptions used; (iii) enhance the quality, utility, and clarity of the information to be collected; and (iv) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. The EPA will consider the comments received and amend the ICRs as appropriate. The final ICR packages will then be submitted to OMB for review and approval. At that time, the EPA will issue another **Federal Register** notice to announce the submission of the ICRs to OMB and the opportunity to submit additional comments to OMB. To support the data collection and program implementation in the rules and activities listed below, EPA is currently modernizing the Safe Drinking Water Information System (SDWIS). EPA is designing the modernized SDWIS in coordination with state drinking water and information technology programs, which will house monitoring data and other compliance information in a system centrally hosted by EPA and accessed by participating state primacy programs. This central data system can facilitate the transfer of additional data between states and EPA where needed to improve program oversight to protect public health. EPA will continue to work with its primacy partners on SDWIS modernization.

Microbial Rules (EPA ICR No. 1895.10, Docket No. EPA-HQ-OW-2011-0442)

Abstract: The Microbial Rules ICR examines public water system and primacy agency burden and costs for recordkeeping and reporting requirements in support of the microbial drinking water regulations. These recordkeeping and reporting requirements are mandatory for compliance with 40 CFR parts 141 and 142. The following microbial regulations are included: The Surface Water Treatment Rule (SWTR), the Total Coliform Rule (TCR), the Revised Total Coliform Rule (RTCR), the Interim Enhanced Surface Water Treatment Rule (IESWTR), the Filter Backwash Recycling Rule (FBRR), the Long Term 1 Enhanced Surface Water Treatment Rule (LT1ESWTR), the Long Term 2 Enhanced Surface Water Treatment Rule (LT2ESWTR), the Ground Water Rule (GWR), and the Aircraft Drinking Water Rule (ADWR). Future microbial-related rulemakings will be added to this consolidated ICR after the regulations are promulgated and the initial, rule-specific, ICRs are due to expire.
