Privacy Act of 1974; System of Records

AGENCY: Postal Service™.

ACTION: Notice of modified systems of records.

SUMMARY: The United States Postal Service® (Postal Service) is proposing to revise a Customer Privacy Act System of Records (SOR). These modifications are being made to support an initiative that enhances the In-Person enrollment process for the Informed Delivery feature with an objective to improve the customer experience.

DATES: These revisions will become effective without further notice on January 14, 2022, unless in response to comments received on or before that date result in a contrary determination.

ADDRESSES: Comments may be submitted via email to the Privacy and Records Management Office, United States Postal Service Headquarters (privacy@usps.gov). To facilitate public inspection, arrangements to view copies of any written comments received will be made upon request.

FOR FURTHER INFORMATION CONTACT:

SUPPLEMENTARY INFORMATION: This notice is in accordance with the Privacy Act requirement that agencies publish their systems of records in the **Federal Register** when there is a revision, change, or addition, or when the agency establishes a new system of records. The Postal Service has determined that Customer Privacy Act System of Records, USPS 820.300 Informed Delivery, should be revised to support enhancements to the In-Person enrollment process for the Informed Delivery feature.

I. Background

The Postal Service is proposing to enhance the in-person enrollment process for the Informed Delivery feature by streamlining the process steps and combining aspects for determining eligibility and identity proofing. The customer will have the option to voluntarily have the barcode on the back of their government issued IDs scanned to capture name and address information that will be used to confirm eligibility for the Informed Delivery® feature, and to prefill that information during the enrollment process. The objective of this initiative is to improve efficiency by combining similar information collected across the in-person enrollment process when customers sign-up for the Informed Delivery feature.

II. Rationale for Changes to USPS Privacy Act Systems of Records

The Postal Service is proposing to modify SOR 820.300 Informed Delivery to support enhancements to the in-person enrollment process for the Informed Delivery feature. Two new purposes are being added to the existing SOR, appearing as purpose numbers 13 and 14. A new category of records is also being added to the existing SOR, appearing as number 10, In-Person enrollment process. The system manager's title has also been updated to reflect recent organizational changes.

III. Description of the Modified System of Records

Pursuant to 5 U.S.C. 552a(e)(11), interested persons are invited to submit written data, views, or arguments on this proposal. A report of the proposed revisions has been sent to Congress and to the Office of Management and Budget for their evaluations. The Postal Service does not expect this amended system of records to have any adverse effect on
