

- A request for renewal is received no later than 60 days prior to the needed renewal IHA effective date (recognizing that the renewal IHA expiration date cannot extend beyond one year from expiration of the initial IHA).

- The request for renewal must include the following:

(1) An explanation that the activities to be conducted under the requested renewal IHA are identical to the activities analyzed under the initial IHA, are a subset of the activities, or include changes so minor (*e.g.*, reduction in pile size) that the changes do not affect the previous analyses, mitigation and monitoring requirements, or take estimates (with the exception of reducing the type or amount of take).

(2) A preliminary monitoring report showing the results of the required monitoring to date and an explanation showing that the monitoring results do not indicate impacts of a scale or nature not previously analyzed or authorized.

Upon review of the request for renewal, the status of the affected species or stocks, and any other pertinent information, NMFS determines that there are no more than minor changes in the activities, the mitigation and monitoring measures will remain the same and appropriate, and the findings in the initial IHA remain valid.

SUPPLEMENTARY INFORMATION:

Title of Collection: Electronic Fund Transfer Act (Regulation E) 12 CFR 1005.

OMB Control Number: 3170-0014.

Type of Review: Extension of a currently approved information collection.

Affected Public: Businesses and other for-profit institutions.

Estimated Number of Respondents: 600,000.

Estimated Total Annual Burden Hours: 3,353,592.

Abstract: The Electronic Fund Transfer Act (EFTA), 15 U.S.C. 1693 *et seq.*, requires accurate disclosure of the costs, terms, and rights relating to electronic fund transfer (EFT) services and remittance transfer services to consumers. Entities offering EFT services must provide consumers with full and accurate information regarding consumers' rights and responsibilities in connection with EFT services. These disclosures are intended to protect the rights of consumers using EFT services, such as automated teller machine (ATM) transfers, telephone bill-payment services, point-of-sale transfers at retail establishments, electronic check conversion, payroll cards, and preauthorized transfers from or to a consumer's account. EFTA also establishes error resolution procedures and limits consumer liability for unauthorized transfers in connection with EFT services. EFTA and Regulation E impose disclosure and other requirements on issuers and sellers of gift cards, gift certificates, and general-use prepaid cards. Further, EFTA and Regulation E provide protections for consumers in the United States who send remittance transfers to persons in a foreign country. It also provides comprehensive protections for consumers who use "prepaid accounts." Tailored provisions governing disclosures, limited liability, error resolution, and periodic statements added new requirements regarding the posting of account agreements. Additionally, Regulations E regulates overdraft credit features offered in connection with prepaid accounts.

Request for Comments: Comments are invited on: (a) Whether the collection of

information is necessary for the proper performance of the functions of the Bureau, including whether the information will have practical utility; (b) The accuracy of the Bureau's estimate of the burden of the collection of information, including the validity of the methods and the assumptions used; (c) Ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. All comments will become a matter of public record.

Paperwork Reduction Act Officer, Bureau of Consumer Financial Protection.
