

whether or not assembled into a fully completed off-grid hydropanel whose function is conversion of water vapor into liquid water:

- (A) A total power output of no more than 80 watts per panel;
- (B) A surface area of less than 5,000 square centimeters (cm²) per panel;
- (C) Do not include a built-in inverter;
- (D) Do not have a frame around the edges of the panel;
- (E) Include a clear glass back panel; and
- (F) Must include a permanently connected wire that terminates in a two-port rectangular connector.

Modules, laminates, and panels produced in a third-country from cells produced in China are covered by the *Orders*; however, modules, laminates, and panels produced in China from cells produced in a third-country are not covered by the *Orders*.

Merchandise covered by the *Orders* is currently classified in the Harmonized Tariff System of the United States (HTSUS) under subheadings 8501.61.0000, 8507.20.80, 8541.40.6020, 8541.40.6030, and 8501.31.8000. These HTSUS subheadings are provided for convenience and customs purposes; the written description of the scope of the *Orders* is dispositive.⁷

Application of the Final Results of Reviews

SOURCE Global requested that Commerce apply the final results of these reviews to “all unliquidated entries of the merchandise covered by the revocation that are not covered by the final results of an administrative review or automatic liquidation instruction.”⁸ Section 751(d)(3) of the Act provides that “[a] determination under this section to revoke an order . . . shall apply with respect to unliquidated entries of the subject merchandise which are entered, or withdrawn from warehouse, for consumption on or after the date determined by the administering authority.” Commerce’s general practice is to instruct U.S. Customs and Border Protection (CBP) to liquidate without regard to antidumping and countervailing duties, and to refund any estimated antidumping and countervailing duties on, all unliquidated entries of the merchandise covered by a revocation that are not covered by the final results of an administrative review or automatic liquidation.⁹

Consistent with this practice, we are applying the final results of these CCRs to all unliquidated entries of the merchandise covered by the revocations which have been entered, or withdrawn from warehouse, for consumption on or after December 1, 2020, for the *AD Order*, and January 1, 2020, for the *CVD Order*. These are the beginning dates of the earliest periods of review not covered by the final results of an administrative review or automatic liquidation instructions (*i.e.*, December 1, 2020 through November 30, 2021 for the *AD Order* and January 1, 2020 through December 31, 2020 for the *CVD Order*).

Instructions to CBP

Because we determine that there are changed circumstances that warrant the revocation of the *Orders*, in part, we will instruct CBP to liquidate without regard to antidumping and countervailing duties, and to refund any estimated antidumping and countervailing duties on, all unliquidated entries of the merchandise covered by this partial revocation on or after December 1, 2020, for purposes of the *AD Order* and January 1, 2020, for purposes of the *CVD Order*.

Commerce intends to issue instructions to CBP no earlier than 35 days after the date of publication of these final results of CCRs in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Notification to Interested Parties

This notice serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or

conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

We are issuing and publishing these final results of CCRs in accordance with sections 751(b) and 777(i) of the Act, and 19 CFR 351.216, 19 CFR 351.221(c)(3), and 19 CFR 351.222.

Dated: December 10, 2021.

Ryan Majerus,

Deputy Assistant Secretary for Policy and Negotiations, Performing the Non-Exclusive Functions and Duties of the Assistant Secretary for Enforcement and Compliance.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

International Trade Administration

Limitation of Duty-Free Imports of Apparel Articles Assembled in Haiti Under the Caribbean Basin Economic Recovery Act (CBERA), as Amended by the Haitian Hemispheric Opportunity Through Partnership Encouragement Act (HOPE)

AGENCY: International Trade Administration, Department of Commerce.

ACTION: Notification of annual quantitative limit on imports of certain apparel from Haiti.

SUMMARY: CBERA, as amended, provides duty-free treatment for certain apparel articles imported directly from Haiti. One of the preferences is known as the “value-added” provision, which requires that apparel meet a minimum threshold percentage of value added in Haiti, the United States, and/or certain beneficiary countries. The provision is subject to a quantitative limitation, which is calculated as a percentage of total apparel imports into the United States for each 12-month period. For the period from December 20, 2021 through December 19, 2022, the quantity of imports eligible for preferential treatment under the value-added provision is 367,770,223 square meters equivalent.

DATES: The new limitations become effective December 20, 2021.

FOR FURTHER INFORMATION CONTACT: Laurie Mease, International Trade Specialist, Office of Textiles and Apparel, U.S. Department of Commerce, (202) 482–2043.

SUPPLEMENTARY INFORMATION:

Authority: Section 213A of the Caribbean Basin Economic Recovery Act (19 U.S.C. 2703a) (“CBERA”), as amended; and as implemented by

Presidential Proc. No. 8114, 72 FR 13655 (March 22, 2007), and No. 8596, 75 FR 68153 (November 4, 2010).

Background: Section 213A(b)(1)(B) of CBERA, as amended (19 U.S.C. 2703a(b)(1)(B)), outlines the requirements for certain apparel articles imported directly from Haiti to qualify for duty-free treatment under a “value-added” provision. In order to qualify for duty-free treatment, apparel articles must be wholly assembled, or knit-to-shape, in Haiti from any combination of fabrics, fabric components, components knit-to-shape, and yarns, as long as the sum of the cost or value of materials produced in Haiti or one or more beneficiary countries, as described in CBERA, as amended, or any combination thereof, plus the direct costs of processing operations performed in Haiti or one or more beneficiary countries, as described in CBERA, as amended, or any combination thereof, is not less than an applicable percentage of the declared customs value of such apparel articles. Pursuant to CBERA, as amended, the applicable percentage for the period December 20, 2021 through December 19, 2022 is 60 percent.

For every twelve-month period following the effective date of CBERA, as amended, duty-free treatment under the value-added provision is subject to a quantitative limitation. CBERA, as amended, provides that the quantitative limitation will be recalculated for each subsequent 12-month period. Section 213A(b)(1)(C) of CBERA, as amended (19 U.S.C. 2703a(b)(1)(C)), requires that, for the twelve-month period beginning on December 20, 2021, the quantitative limitation for qualifying apparel imported from Haiti under the value-added provision will be an amount equivalent to 1.25 percent of the aggregate square meter equivalent of all apparel articles imported into the United States in the most recent 12-month period for which data are available. The aggregate square meters equivalent of all apparel articles imported into the United States is derived from the set of Harmonized System lines listed in the Annex to the World Trade Organization Agreement on Textiles and Clothing (“ATC”), and the conversion factors for units of measure into square meter equivalents used by the United States in implementing the ATC.

For purposes of this notice, the most recent 12-month period for which data are available as of December 20, 2021 is the 12-month period ending on October 31, 2021.

Therefore, for the one-year period beginning on December 20, 2021 and

extending through December 19, 2022, the quantity of imports eligible for preferential treatment under the value-added provision is 367,770,223 square meters equivalent. Apparel articles entered in excess of these quantities will be subject to otherwise applicable tariffs.

Paul E. Morris,

Acting Deputy Assistant Secretary for Textiles, Consumer Goods, and Materials.

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; National Cybersecurity Center of Excellence (NCCoE) Participant Letter(s) of Interest (LoI)

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public’s reporting burden. Public comments were previously requested via the **Federal Register** on September 30, 2021 during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Institute of Standards and Technology (NIST), Commerce.

Title: National Cybersecurity Center of Excellence (NCCoE) Participant Letter(s) of Interest (LoI).

OMB Control Number 0693–0075.

Form Number(s): None.

Type of Request: Regular, revision of a currently approved information collection.

Number of Respondents: 120.

Average Hours per Response: 2 hours per response.

Burden Hours: 240 Hours.

Needs and Uses: New collaborative projects to address specific cybersecurity challenges. Technology providers having an interest in participating in an announced project are invited to submit Letters of Interest (LoI) in participation. NIST provides a

LoI template to technology providers that express a desire to participate in a project.

Affected Public: Business or other for profit.

Frequency: Once per announcement.

Respondent’s Obligation: Voluntary.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function and entering either the title of the collection or the OMB Control Number 0693–0075.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Chief Information Officer, Commerce Department.
