

DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration****Noise Exposure Map Notice; Witham Field/Martin County Airport, Stuart, Florida**

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice.

SUMMARY: The Federal Aviation Administration (FAA) announces its determination that the Noise Exposure Maps submitted by the Martin County Board of County Commissioners (Airport Sponsor) for Witham Field/Martin County Airport under the provisions of the Aviation Safety and Noise Abatement Act are in compliance with applicable requirements.

DATES: The effective date of the FAA's determination on the Noise Exposure Maps is December 14, 2021.

FOR FURTHER INFORMATION CONTACT: Peter Green, Federal Aviation Administration, Southern Region/Orlando Airports District Office, 8427 SouthPark Circle, Orlando, Florida 32819, (407) 487-7296.

SUPPLEMENTARY INFORMATION: This notice announces that the FAA finds that the Noise Exposure Maps submitted for Witham Field/Martin County Airport are in compliance with applicable requirements of Title 14 Code of Federal Regulations (CFR) Part 150, effective December 14, 2021. Under 49 U.S.C. 47503 of the Aviation Safety and Noise Abatement Act ("the Act"), an airport operator may submit to the FAA Noise Exposure Maps which meet applicable regulations and which depict non-compatible land uses as of the date of submission of such maps, a description of projected aircraft operations, and the ways in which such operations will affect such maps. The Act requires such maps to be developed in consultation with interested and affected parties in the local community, government agencies, and persons using the airport. An airport operator who has submitted Noise Exposure Maps that are found by FAA to be in compliance with the requirements of 14 CFR part 150, promulgated pursuant to the Act, may submit a Noise Compatibility Program for FAA approval which sets forth the measures the airport operator has taken or proposes to take to reduce existing non-compatible uses and prevent the introduction of additional non-compatible uses.

The FAA has completed its review of the Noise Exposure Maps and accompanying documentation

submitted by the Airport Sponsor. The documentation that constitutes the "Noise Exposure Maps" as defined in 14 CFR 150.7 includes: 2020 Noise Exposure Map (Map 1 of 5); 2025 Noise Exposure Map (Map 2 of 5); AEDT Flight Tracks—All Arrivals (Map 3 of 5); AEDT Flight Tracks—All Departures (Map 4 of 5); AEDT Flight Tracks—All Touch and Go (Map 5 of 5); and the Final Noise Exposure Map Report and its appendices. The Airport Sponsor has certified that the submitted NEMs reasonably represent current year (2021) activity and projected (2026) activity at the airport. The FAA independently reviewed the submitted certification, as well as current forecasts and data for the airport, and concurred that the submitted NEMs reasonably reflect current and projected activity at the airport. The FAA has determined that these Noise Exposure Maps and accompanying documentation are in compliance with applicable requirements. This determination is effective on December 14, 2021.

FAA's determination on the airport operator's Noise Exposure Maps is limited to a finding that the maps were developed in accordance with the procedures contained in Appendix A of 14 CFR part 150. Such determination does not constitute approval of the airport operator's data, information or plans, or a commitment to approve a Noise Compatibility Program or to fund the implementation of that Program. If questions arise concerning the precise relationship of specific properties to noise exposure contours depicted on a Noise Exposure Map submitted under Section 47503 of the Act, it should be noted that the FAA is not involved in any way in determining the relative locations of specific properties with regard to the depicted noise exposure contours, or in interpreting the Noise Exposure Maps to resolve questions concerning, for example, which properties should be covered by the provisions of Section 47506 of the Act. These functions are inseparable from the ultimate land use control and planning responsibilities of local government. These local responsibilities are not changed in any way under 14 CFR part 150 or through FAA's review of Noise Exposure Maps. Therefore, the responsibility for the detailed overlaying of noise exposure contours onto the map depicting properties on the surface rests exclusively with the airport operator that submitted those maps, or with those public agencies and planning agencies with which consultation is required under Section 47503 of the Act. The FAA has relied on

the certification by the airport operator, under 14 CFR 150.21, that the statutorily required consultation has been accomplished.

Copies of the full Noise Exposure Maps documentation and of the FAA's evaluation of the maps are available for examination by appointment at the following location: Federal Aviation Administration, Orlando Airports District Office, 8427 SouthPark Circle, 5th Floor, Orlando, Florida 32819.

To arrange an appointment to review the Noise Exposure Maps documentation, contact Peter Green, Federal Aviation Administration, Southern Region/Orlando Airports District Office, 8427 SouthPark Circle, Orlando, FL, 32819, (407) 487-7296. Questions may be directed to the individual named above under the heading, **FOR FURTHER INFORMATION CONTACT.**

Issued in Orlando Airports District Office, Orlando, FL on December 14, 2021.

Bartholomew Vernace,

Manager, FAA/Orlando Airports District Office.

DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration**

[Summary Notice No. -2021-0015]

Petition for Exemption; Summary of Petition Received; CASS Professional Services Corp.

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Notice.

SUMMARY: This notice contains a summary of a petition seeking relief from specified requirements of Federal Aviation Regulations. The purpose of this notice is to improve the public's awareness of, and participation in, the FAA's exemption process. Neither publication of this notice nor the inclusion nor omission of information in the summary is intended to affect the legal status of the petition or its final disposition.

DATES: Comments on this petition must identify the petition docket number and must be received on or before January 6, 2022.

ADDRESSES: Send comments identified by docket number FAA-2021-0798 using any of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov> and follow

the online instructions for sending your comments electronically.

- **Mail:** Send comments to Docket Operations, M–30; U.S. Department of Transportation, 1200 New Jersey Avenue SE, Room W12–140, West Building Ground Floor, Washington, DC 20590–0001.

- **Hand Delivery or Courier:** Take comments to Docket Operations in Room W12–140 of the West Building Ground Floor at 1200 New Jersey Avenue SE, Washington, DC 20590–0001, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

- **Fax:** Fax comments to Docket Operations at (202) 493–2251.

Privacy: In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edit, including any personal information the commenter provides, to <http://www.regulations.gov>, as described in the system of records notice (DOT/ALL–14 FDMS), which can be reviewed at <http://www.dot.gov/privacy>.

Docket: Background documents or comments received may be read at <http://www.regulations.gov> at any time. Follow the online instructions for accessing the docket or go to the Docket Operations in Room W12–140 of the West Building Ground Floor at 1200 New Jersey Avenue SE, Washington, DC 20590–0001, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Tiffany Jackson, 202–267–3796, Office of Rulemaking, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591.

This notice is published pursuant to 14 CFR 11.85.

Issued in Washington, DC.

Caitlin Locke,

Acting Executive Deputy Director, Office of Rulemaking.

Petition for Exemption

Docket No.: FAA–2021–0798.

Petitioner: CASS Professional Services Corp. (CPS).

Section(s) of 14 CFR Affected: §§ 61.57(a)(3) and 61.58(g).

Description of Relief Sought: CASS Professional Services is petitioning for relief from §§ 61.57(a)(3) and 61.58(g) to utilize Boeing KC–135 simulators not approved in accordance with part 142, operated by a United States Air Force contractor, for the purposes of meeting the currency and evaluation

requirements in accordance with part 61 for their B–707 pilots.

BILLING CODE 4910–13–P

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

[Docket No. FMCSA–2021–0107]

Agency Information Collection Activities; Approval of a New Information Collection Request; Waiver and Exemption Requirements

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Federal Motor Carrier Safety Administration (FMCSA) announces its plan to submit the Information Collection Request (ICR) described below to the Office of Management and Budget (OMB) for its review and approval and invites public comment. This notice invites comment on a new information collection titled “Waiver and Exemption Requirements.” The ICR estimates the burden applicants incur to comply with the reporting tasks required for requesting waivers and exemptions. FMCSA has not previously accounted for these burdens.

DATES: Comments on this notice must be received on or before January 18, 2022.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT: Pearl Robinson, Driver and Carrier Operations Division, DOT, FMCSA, West Building 6th Floor, 1200 New Jersey Avenue SE, Washington, DC 20590. Telephone: 202–366–4225. Email: MCPSD@dot.gov.

SUPPLEMENTARY INFORMATION:

Title: Waiver and Exemption Requirements.

OMB Control No.: To be determined by OMB upon OMB approval of the ICR.

Type of Request: New information collection.

Respondents: States, State Drivers Licensing Authorities, individuals, and motor carriers.

Estimated Number of Respondents: 131 per year.

Estimated Time per Response: 2 minutes to 2 hours.

Expiration Date: This is a new information collection request.

Frequency of Response: On occasion.

Estimated Total Annual Burden: 97 burden hours.

Background: In 1998, the Federal Highway Administration (FHWA), the predecessor agency of FMCSA, adopted 49 CFR part 381 as an interim final rule (IFR), establishing procedures for applying for waivers, exemptions, and pilot programs (63 FR 67600, December 8, 1998). Section 4007 of the Transportation Equity Act for the 21st Century (TEA–21) amended 49 U.S.C. 31315 and 31136(e) to provide authority to the Secretary of Transportation to grant waivers and exemptions from motor carrier safety regulations. Section 4007 of TEA–21 requires that the terms and conditions for all waivers and exemptions likely achieve a level of safety equivalent to or greater than what would be achieved by complying with the safety regulations. In 2004, FMCSA adopted its IFR as final at 49 CFR part 381, consistent with section 4007 of TEA–21 (69 FR 51589, August 20, 2004). The final rule also established procedures that govern how FMCSA reviews, grants, or denies requests for waivers and applications for exemptions. The final rule included requirements for publishing notice of exemption applications in the **Federal Register** to afford the public an opportunity for comment. There is no statutory requirement to publish **Federal Register** notices concerning waiver applications.

When the waiver and exemption provisions were first adopted, FHWA stated that it would “consider the information collection requirements for each waiver, exemption, and pilot program and, if necessary, request approval from the Office of Management and Budget for any special recordkeeping requirements associated with the waiver, exemption, or pilot program.” (63 FR 67608). FMCSA included a similar statement when finalizing its IFR in 2004 (69 FR 51597). Recently, FMCSA determined that it now receives a sufficient number of waiver and exemption requests per year to require OMB approval.

A 60-day notice for public comment was published on August 16, 2021 (86 FR 45803). The comment period for that notice closed on October 15, 2021. There were no comments submitted to the docket.
