

Administration's standard for mirrors on motor vehicles (49 CFR 571.111, Federal Motor Vehicle Safety Standard [FMVSS] No. 111). Paragraph S7.1 of FMVSS No. 111 provides requirements for mirrors on multipurpose passenger vehicles and trucks with a gross vehicle weight rating (GVWR) greater than 4,536 kg and less than 11,340 kg and each bus, other than a school bus, with a GVWR of more than 4,536 kg. Paragraph S8.1 provides requirements for mirrors on multipurpose passenger vehicles and trucks with a GVWR of 11,340 kg or more. Rosco have applied for an exemption from 393.80(a) to allow motor carriers to operate CMVs equipped with the company's Digital Camera Monitor System installed as an alternative to the two rear-vision mirrors required by the FMCSRs. A copy of the application is included in the docket referenced at the beginning of this notice.

III. Request for Comments

In accordance with 49 U.S.C. 31315(b)(6), FMCSA requests public comment from all interested persons on the application for an exemption from 49 CFR 393.80(a). All comments received before the close of business on the comment closing date indicated at the beginning of this notice will be considered and will be available for examination in the docket at the location listed under the **ADDRESSES** section of this notice. Comments received after the comment closing date will be filed in the public docket and will be considered to the extent practicable. In addition to late comments.

FMCSA will also continue to file, in the public docket, relevant information that becomes available after the comment closing date. Interested persons should continue to examine the public docket for new material.

Larry W. Minor,

Associate Administrator for Policy.

DEPARTMENT OF TRANSPORTATION

Pipeline and Hazardous Materials Safety Administration

[Docket No. PHMSA-2021-0107]

Pipeline Safety: Random Drug Testing Rate; Management Information System Reporting; and Obtaining Drug and Alcohol Management Information System Sign-In Information

AGENCY: Pipeline and Hazardous Materials Safety Administration (PHMSA), DOT.

ACTION: Notice of calendar year 2022 minimum annual percentage rate for random drug testing, reminder for operators to report contractor Management Information System (MIS) data using PHMSA Supplemental Instructions, and reminder of method for operators to obtain username and password for electronic reporting.

SUMMARY: PHMSA has determined that the minimum random drug testing rate for covered employees will remain at 50 percent during calendar year 2022. Operators are reminded that drug and alcohol (D&A) testing information must be submitted for contractors who are performing or are ready to perform covered functions. For calendar year 2021 reporting, the username and password for the Drug and Alcohol Management Information System (DAMIS) will be available in the PHMSA Portal.

DATES: Effective January 1, 2022, through December 31, 2022.

FOR FURTHER INFORMATION CONTACT: Wayne Lemoi, Drug & Alcohol Program Manager, Office of Pipeline Safety, by phone at 909-937-7232 or by email at wayne.lemoi@dot.gov.

SUPPLEMENTARY INFORMATION:

Notice of Calendar Year 2022 Minimum Annual Percentage Rate for Random Drug Testing

Operators of gas, hazardous liquid, and carbon dioxide pipelines, liquefied natural gas (LNG) plants, and underground natural gas storage facilities must randomly select and test a percentage of all covered employees for prohibited drug use in accordance with 49 Code of Federal Regulations (CFR) part 199. Pursuant to § 199.105(c)(1), the PHMSA minimum annual random drug testing rate for all covered employees is 50 percent. The Administrator can adjust this random drug testing rate based on the reported positive rate in the industry's random drug tests, which is submitted in operators' annual MIS reports as

required by § 199.119(a). In accordance with § 199.105(c)(3), if the reported positive drug test rate is below 1 percent for 2 consecutive years, the Administrator can reduce the random drug testing rate to 25 percent of all covered employees. While the random drug test positive rate for the pipeline industry was reported at less than 1 percent in calendar year 2020, the positive rate for calendar year 2019 was greater than 1 percent. Accordingly, the minimum annual random drug testing rate for calendar year 2022 is maintained at 50 percent of all covered employees.

Reminder for Operators To Report Contractor MIS Data

In 2021, PHMSA released new *PHMSA Supplemental Instructions for DOT Drug & Alcohol Management Information System Reporting* online. These instructions provide operators with the appropriate process for collecting and reporting annual D&A MIS testing data for contractors. The *Supplemental Instructions* help ensure that PHMSA can identify all the contractors who performed D&A covered functions for a specific pipeline operator; identify all the pipeline operators for whom a specific contractor performed D&A covered functions; and, has received a complete and accurate D&A MIS report for each contractor who performed D&A covered functions on any PHMSA-regulated pipeline or facility in the applicable calendar year.

Pursuant to §§ 199.119(a) and 199.229(a), an operator having more than 50 covered employees is a large operator and an operator having 50 or fewer covered employees is a small operator. While contractor employees are covered employees per the regulations in § 199.3 and must be treated as such with regards to part 199, contractor employees are not included in the calculation to determine if an operator is a large or small operator.

Large operators are always required to submit annual MIS reports whereas small operators are only required to submit MIS reports upon written request from PHMSA. If a small operator has submitted a MIS report for calendar year 2019 or 2020, the PHMSA Portal message may state that no MIS report is required for calendar year 2021. If a small operator has grown to more than 50 covered employees during calendar year 2021, the PHMSA Portal message will include instructions for how to obtain a DAMIS username and password for the 2021 calendar year reporting period.

If an operator is required to submit a MIS report in accordance with part 199,

that report is not complete until PHMSA receives a MIS data report for each contractor that performed covered functions as defined in § 199.3.

Operators must submit operator and contractor employee testing data in separate MIS reports to avoid duplicative reporting and inaccurate data that could affect the positive rate for the pipeline industry.

Reminder of Method for Operators To Obtain Username and Password for Electronic Reporting

By early January 2022, the username and password required for an operator to access DAMIS and enter calendar year 2021 data will be available to all operator staff with access to the PHMSA Portal. Pipeline operators have been submitting reports required by 49 CFR parts 191 and 195 through the PHMSA Portal (<https://portal.phmsa.dot.gov/pipeline>) since 2011. PHMSA determined that distributing information via the Portal would be more effective than the previous mailing process.

When the DAMIS username and password are available in the PHMSA Portal, all registered users will receive an email to that effect. If operator staff responsible for submitting MIS reports do not receive the DAMIS information, they should coordinate with other registered PHMSA Portal users within their company to obtain the DAMIS username and password. Registered

PHMSA Portal users for an operator typically include operator staff or consultants who submit annual and incident reports through PHMSA F 7000- and 7100-series forms. Operators that have not previously registered staff in the PHMSA Portal for the reporting purposes of parts 191 and 195 can register users by following the instructions at: <https://portal.phmsa.dot.gov/PHMSAPortal2/staticContentRedesign/howto/PortalAccountCreation.pdf>.

Issued in Washington, DC, on December 15, 2021, under authority delegated in 49 CFR 1.97.

Alan K. Mayberry,
Associate Administrator for Pipeline Safety.

BILLING CODE 4910-60-P

DEPARTMENT OF THE TREASURY

Office of Foreign Assets Control

Notice of OFAC Sanctions Actions

AGENCY: Office of Foreign Assets Control, Treasury.

ACTION: Notice.

SUMMARY: The U.S. Department of the Treasury's Office of Foreign Assets Control (OFAC) is publishing the names of one or more persons that have been placed on OFAC's Specially Designated Nationals and Blocked Persons List

(SDN List) based on OFAC's determination that one or more applicable legal criteria were satisfied. All property and interests in property subject to U.S. jurisdiction of these persons are blocked, and U.S. persons are generally prohibited from engaging in transactions with them.

DATES: See **SUPPLEMENTARY INFORMATION** section for applicable date.

FOR FURTHER INFORMATION CONTACT:

OFAC: Andrea Gacki, Director, tel.: 202-622-2490; Associate Director for Global Targeting, tel.: 202-622-2420; Assistant Director for Licensing, tel.: 202-622-2480; Assistant Director for Regulatory Affairs, tel.: 202-622-4855; or the Assistant Director for Sanctions Compliance & Evaluation, tel.: 202-622-2490.

SUPPLEMENTARY INFORMATION:

Electronic Availability

The Specially Designated Nationals and Blocked Persons List and additional information concerning OFAC sanctions programs are available on OFAC's website (www.treasury.gov/ofac).

Notice of OFAC Action

On December 15, 2021, OFAC determined that the property and interests in property subject to U.S. jurisdiction of the following persons are blocked under the relevant sanctions authority listed below.
