BILLING CODE 4410-FY-P

DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Consent Decree Under the Comprehensive Environmental Response, Compensation, and Liability Act

On December 20, 2021, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the Northern District of Illinois in the lawsuit entitled *United States v. H. Kramer & Co., et al.*, Case No. 1:21-cv-6749.

The United States filed a Complaint in this lawsuit under Section 107 of the Comprehensive Environmental Response, Compensation, and Liability Act, 42 U.S.C. 9607. The Complaint seeks reimbursement of more than \$2.189 million in costs that the U.S. Environmental Protection Agency (“EPA”) incurred for environmental cleanup-related response activities relating to the Pilsen Area Soil Site in Chicago, Illinois. The three defendants in the lawsuit are H. Kramer & Co., BNSF Railway Company, and the City of Chicago.

When the Complaint was filed, the United States also lodged a proposed Consent Decree that would settle the claims asserted in the Complaint on agreed terms and conditions. The defendants would pay the United States a total of \$1.95 million in settlement of the United States’ claims for recovery of EPA’s unreimbursed past costs.

The publication of this notice opens a period for public comment on the proposed Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States v. H. Kramer & Co., et al.*, D.J. Ref. No. 90-11-3-12477. All comments must be submitted no later than thirty (30) days after the publication date of this notice. Comments may be submitted either by email or by mail:

<i>To submit comments:</i>	<i>Send them to:</i>
By email	pubcomment-ees.enrd@usdoj.gov

<i>To submit comments:</i>	<i>Send them to:</i>
By mail	Assistant Attorney General, U.S. DOJ—ENRD, P.O. Box 7611, Washington, DC 20044-7611.

During the public comment period, the proposed Consent Decree may be examined and downloaded at this Justice Department website: <https://www.justice.gov/enrd/consent-decrees>.

We will provide a paper copy of the proposed Consent Decree upon written request and payment of reproduction costs. Please mail your request and payment to: Consent Decree Library, U.S. DOJ—ENRD, P.O. Box 7611, Washington, DC 20044-7611.

Please enclose a check or money order for \$5.75 (25 cents per page reproduction cost) payable to the United States Treasury.

Patricia A. McKenna,

Assistant Section Chief, Environmental Enforcement Section, Environment and Natural Resources Division.

BILLING CODE 4410-15-P

DEPARTMENT OF LABOR

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Notice of Termination, Suspension, Reduction, or Increase in Benefit Payments (CM-908)

ACTION: Notice of availability; request for comments.

SUMMARY: The Department of Labor (DOL) is submitting this Office of Workers’ Compensation Program (OWCP)-sponsored information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (PRA). Public comments on the ICR are invited.

DATES: The OMB will consider all written comments that agency receives on or before January 24, 2022.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

Comments are invited on: (1) Whether the collection of information is

necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (2) if the information will be processed and used in a timely manner; (3) the accuracy of the agency’s estimates of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (4) ways to enhance the quality, utility and clarity of the information collection; and (5) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

FOR FURTHER INFORMATION CONTACT: Nora Hernandez by telephone at 202-693-8633 or by email at DOL_PRA_PUBLIC@dol.gov.

SUPPLEMENTARY INFORMATION: Coal mine operators who pay monthly benefits must notify the Department’s Division of Coal Mine Workers’ Compensation (DCMWC) of any change in payments and the reason for that change. DCMWC uses this notification to monitor payments and ensure that beneficiaries receive the correct benefit rate. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on June 24, 2021 (86 FR 33377).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

DOL seeks PRA authorization for this information collection for three (3) years. OMB authorization for an ICR cannot be for more than three (3) years without renewal. The DOL notes that information collection requirements submitted to the OMB for existing ICRs receive a month-to-month extension while they undergo review.

Agency: DOL—OWCP.

Title of Collection: Notice of Termination, Suspension, Reduction, or Increase in Benefit Payments (CM-908).

OMB Control Number: 1240-0030.

Affected Public: Private Sector:

Businesses or other for-profit institutions.

Total Estimated Number of Respondents: 325.

Total Estimated Number of Responses: 4,900.

Total Estimated Annual Time Burden: 980 hours.
Total Estimated Annual Other Costs Burden: \$2,078.
Authority: 44 U.S.C. 3507(a)(1)(D).

Nora Hernandez,
Department Clearance Officer.

DEPARTMENT OF LABOR

Occupational Safety and Health Administration

[Docket No. OSHA–2006–0040]

SGS North America, Inc.: Grant of Expansion of Recognition and Modification to the NRTL Program’s List of Appropriate Test Standards

AGENCY: Occupational Safety and Health Administration (OSHA), Labor.

ACTION: Notice.

SUMMARY: In this notice, OSHA announces the final decision to expand the scope of recognition for SGS North America, Inc., as a Nationally Recognized Testing Laboratory (NRTL). Additionally, OSHA announces the addition of four test standards to the NRTL Program’s List of Appropriate Test Standards.

DATES: The expansion of the scope of recognition becomes effective on December 23, 2021.

FOR FURTHER INFORMATION CONTACT: Information regarding this notice is available from the following sources:

Press inquiries: Contact Mr. Frank Meilinger, Director, OSHA Office of Communications, U.S. Department of Labor; telephone: (202) 693–1999; email: meilinger.francis@dol.gov.

General and technical information: Contact Mr. Kevin Robinson, Director, Office of Technical Programs and Coordination Activities, Directorate of Technical Support and Emergency Management, Occupational Safety and Health Administration, U.S. Department of Labor; telephone: (202) 693–2110; email: robinson.kevin@dol.gov. OSHA’s web page includes information about the NRTL Program (see <http://www.osha.gov/dts/otpca/nrtl/index.html>).

SUPPLEMENTARY INFORMATION:

I. Notice of Final Decision

OSHA hereby gives notice of the expansion of the scope of recognition of SGS of North America, Inc. (SGS), as a NRTL. SGS’s expansion covers the addition of eighteen test standards to the scope of recognition. Additionally, OSHA announces the addition of four test standards to the NRTL Program’s List of Appropriate Test Standards.

OSHA recognition of a NRTL signifies that the organization meets the requirements specified by 29 CFR 1910.7. Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within the scope of recognition and is not a delegation or grant of government authority. As a result of recognition, employers may use products properly approved by the NRTL to meet OSHA standards that require testing and certification of the products.

The agency processes applications by a NRTL for initial recognition, or for expansion or renewal of this recognition, following requirements in Appendix A to 29 CFR 1910.7. This appendix requires that the agency publish two notices in the **Federal Register** in processing an application. In the first notice, OSHA announces the application and provides a preliminary finding and, in the second notice, the agency provides the final decision on the application. These notices set forth the NRTL’s scope of recognition or modifications of that scope. OSHA maintains an informational web page for each NRTL that details the scope of recognition. These pages are available from the agency’s website at <http://www.osha.gov/dts/otpca/nrtl/index.html>.

SGS submitted an application to OSHA to expand recognition as a NRTL to include twenty additional test standards on June 5, 2020 (OSHA–2006–0040–0070). This application was amended on June 8, 2021, to remove one standard from the original application (OSHA–2006–0040–0071). OSHA staff performed a detailed analysis of the application packet and reviewed other pertinent information. OSHA did not perform any on-site reviews in relation to this application.

OSHA published the preliminary notice announcing SGS’s expansion application and proposed addition to the NRTL Program’s List of Appropriate Test Standards in the **Federal Register** on November 1, 2021 (86 FR 60299). As OSHA noted therein, OSHA preliminarily determined that one of the standards requested in the application, UL 4200A, Standard for Products Incorporating Button or Coin Cell Batteries of Lithium Technologies, does not meet the appropriate test standard requirements in 29 CFR 1910.7(c) because it does not specify the safety requirements for specific equipment or a class of equipment as required by the regulation. Therefore the agency did not consider this standard in SGS’s expansion application. The expansion in this notice includes the remaining eighteen standards.

The agency requested comments by November 16, 2021, but it received no comments in response to this notice. OSHA now is proceeding with this final notice to grant expansion of SGS’s scope of recognition.

To obtain or review copies of all public documents pertaining to SGS’s application, go to <http://www.regulations.gov>. Docket No. OSHA–2006–0040 contains all materials in the record concerning SGS’s recognition. Please note: Due to the COVID–19 pandemic, the Docket Office is closed to the public at this time but can be contacted at (202) 693–2350, TTY (877) 889–5627.

II. Final Decision and Order

OSHA staff examined SGS’s expansion application, the capability to meet the requirements of the test standards, and other pertinent information. Based on a review of this evidence, OSHA finds that SGS meets the requirements of 29 CFR 1910.7 for expansion of the recognition, subject to the specified limitation and conditions listed. OSHA, therefore, is proceeding with this final notice to grant expansion of SGS’s scope of recognition. OSHA limits the expansion of SGS’s scope of recognition to testing and certification of products for demonstration of conformance to the test standard listed in Table 1.

TABLE 1—LIST OF APPROPRIATE TEST STANDARDS FOR INCLUSION IN SGS’S NRTL SCOPE OF RECOGNITION

Test standard	Test standard title
UL 50	Enclosures for Electrical Equipment.
UL 458	Power Converters/Inverters and Power Converter/Inverter Systems for Land Vehicles and Marine Crafts.
UL 1973	Standard for Batteries for Use in Stationary, Vehicle Auxiliary Power and Light Electric Rail (LER) Applications.
UL 2054	Standard for Household and Commercial Batteries.
