## DEPARTMENT OF JUSTICE

### Notice of Lodging of Proposed Consent Decree Under the Oil Pollution and Clean Water Acts

On December 20, 2021, the United States’ Department of Justice lodged a proposed Consent Decree with the U.S. District Court for the Eastern District of Louisiana in *United States v. Taylor Energy Company LLC*, Civil Case No. 20–2910 (E.D. La.).

The Complaint in this civil action, filed on October 23, 2020, seeks removal costs, civil penalties, and natural resource damages (NRD) under Section 1002 and 1004 of the Oil Pollution Act (OPA), 33 U.S.C. 2702 and 2704, and Section 311 of the Clean Water Act, 33 U.S.C. 1321. These claims arise from the discharge of oil from Taylor Energy Company LLC’s (Taylor Energy’s) former oil production facility on the Outer Continental Shelf in the Gulf of Mexico, which began when the facility was damaged during a hurricane in September 2004.

Under the proposed Consent Decree, Taylor Energy will pay approximately \$43.5 million—all of the company’s available remaining assets—allocated as \$15 million to a civil penalty, \$16.5 million to NRD, and over \$12 million to the U.S. Coast Guard removal costs, to resolve the civil claims arising from the oil discharge. The State of Louisiana is a co-trustee for natural resources injured

by the spill, and the NRD money is a joint recovery to be used for natural resource restoration projects selected by the federal and State trustees. Taylor Energy will also transfer to the U.S. Department of the Interior (DOI)’s Bureau of Ocean and Energy Management (BOEM) over \$432 million currently held in a trust for plugging the seafloor oil wells and otherwise decommissioning the facility, and the company will be barred from interfering in any way with the Bureau of Safety and Environmental Enforcement’s (BSEE’s) decommissioning work. Likewise, Taylor Energy commits not to interfere with the Coast Guard’s oil containment and removal actions and agrees to turn over to DOI and the Coast Guard documents (including data, studies, reports, etc.) relating to the site to assist in the decommissioning and response efforts. Upon liquidation, Taylor Energy will transfer the value of its remaining assets to the U.S. as its final payment.

In addition, the proposed Consent Decree requires the company to dismiss with prejudice its numerous lawsuits against the U.S., including challenges to the Coast Guard’s decision to install a spill containment system and an appeal of the Coast Guard’s denial of Taylor Energy’s \$353 million spill-cost reimbursement claim submitted to the U.S. Oil Spill Liability Trust Fund.

The United States Department of Justice filed the proposed Consent Decree on behalf of the Coast Guard, DOI, and the federal and State trustees for natural resources. The designated federal trustees for the natural resources impacted by Taylor Energy’s oil spill are the U.S. Department of Commerce through the National Oceanic and Atmospheric Administration (NOAA) and DOI through the U.S. Fish and Wildlife Service. The designated State trustees are the Louisiana Oil Spill Coordinator’s Office, Department of Public Safety & Corrections; Louisiana Department of Natural Resources; Louisiana Department of Environmental Quality; Louisiana Department of Wildlife and Fisheries; and the Louisiana Coastal Protection and Restoration Authority.

The publication of this notice opens a 40-day period for public comment on the proposed Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States v. Taylor Energy Company LLC*, DJ# 90–5–1–11008/2, Civil Case No. 20–2910 (E.D. La.). All comments must be submitted no later than 40 days after the publication date of this notice.

**DEPARTMENT OF JUSTICE**

**Notice of Lodging of Consent Decree Under the Clean Water Act**

On December 22, 2021, the Department of Justice filed a complaint in, and simultaneously lodged a Consent Decree with, the United States District Court for the Eastern District of Pennsylvania in the matter of *United States of America, and the Commonwealth of Pennsylvania, Department of Environmental Protection v. Bucks County Water and Sewer Authority*, Civil Action No. 21–cv–557 (E.D. Pa.).

The Complaint alleges that the Bucks County Water and Sewer Authority (the “Authority”) violated its National Pollutant Discharge Elimination System permits, the Clean Water Act, and the Pennsylvania Clean Streams law by failing to prohibit unpermitted discharges in the form of sanitary sewer overflows (“SSOs”) and failing to properly operate and maintain its system.

The proposed Consent Decree seeks to resolve the alleged claims in the complaint. The Parties’ express purpose entering into this Consent Decree is for the Authority to take all measures necessary to comply with the Clean

Water Act and the regulations promulgated thereunder, and the Clean Streams Law and the regulations promulgated thereunder, and to ensure compliance with any applicable permits issued to Defendant concerning the proper operation and maintenance of the Authority’s waste water treatment plants and collection systems. The proposed Consent Decree establishes injunctive relief measures to achieve the above purposes, and secures a civil penalty in the amount of \$450,000.

The publication of this notice opens a period for public comment on the proposed Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States of America, and the Commonwealth of Pennsylvania, Department of Environmental Protection v. Bucks County Water and Sewer Authority*, Civil Action No. 21–cv–557 (E.D. Pa.), D.J. Ref. No. 90–5–1–1–10715. All comments must be submitted no later than thirty (30) days after the publication date of this notice. Comments may be submitted by email or by mail:

**NATIONAL FOUNDATION ON THE ARTS AND HUMANITIES**

**National Endowment for the Arts**

**Submission for OMB Emergency Review of the “2022 Arts Supplement to the General Social Survey”**

**AGENCY:** National Endowment for the Arts, National Foundation on the Arts and Humanities.

**ACTION:** Notice.

**SUMMARY:** The National Endowment for the Arts (NEA), as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995. This program helps to ensure the requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the NEA is soliciting comments concerning the proposed information collection on arts participation in the U.S.: Clearance Request for NEA 2022 Arts Supplement to the General Social Survey. Copies of this ICR (information collection request), with applicable supporting documentation, may be obtained by visiting [www.Reginfo.gov](http://www.Reginfo.gov).

**DATES:** The National Endowment for the Arts is requesting OMB’s approval of this emergency request by January 21, 2022. Written comments must be submitted to the office listed in the address section below within 5 days from the date of this publication in the **Federal Register**.

**ADDRESSES:** Send written comments and recommendations for proposed information collection requests within 5 days of publication of this Notice to Sunil Iyengar at [research@arts.gov](mailto:research@arts.gov).

**SUPPLEMENTARY INFORMATION:** The NEA is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used;
