[Docket No. OSHA-2007-0042]

**TUV Rheinland of North America, Inc.:
Grant of Expansion of Recognition**

AGENCY: Occupational Safety and Health
Administration (OSHA), Labor.

ACTION: Notice.

SUMMARY: In this notice, OSHA
announces the final decision to expand
the scope of recognition for TUV
Rheinland of North America, Inc., as a
Nationally Recognized Testing
Laboratory (NRTL).

DATES: The expansion of the scope of
recognition becomes effective on
December 29, 2021.

SUPPLEMENTARY INFORMATION:

I. Notice of Final Decision

OSHA hereby gives notice of the
expansion of the scope of recognition of
TUV Rheinland of North America, Inc.
(TUVRNA), as a NRTL. TUVRNA's
expansion covers the addition of one
test standard to the NRTL scope of
recognition.

OSHA recognition of a NRTL signifies
that the organization meets the
requirements specified in 29 CFR
1910.7. Recognition is an
acknowledgment that the organization
can perform independent safety testing
and certification of the specific products
covered within the scope of recognition.
Each NRTL's scope of recognition
includes (1) the type of products the
NRTL may test, with each type specified
by the applicable test standard and (2)
the recognized site(s) that has/have the
technical capability to perform the
product-testing and product-
certification activities for test standards
within the NRTL's scope. Recognition is
not a delegation or grant of government
authority; however, recognition enables
employers to use products approved by
the NRTL to meet OSHA standards that
require product testing and certification.

The agency processes applications by
NRTLs or applicant organizations for
initial recognition, as well as for
expansion or renewal of recognition,
following requirements in Appendix A
to 29 CFR 1910.7. This appendix
requires that the agency publish two
notices in the **Federal Register** in
processing an application. In the first
notice, OSHA announces the
application and provides the
preliminary finding. In the second
notice, the agency provides the final
decision on the application. These
notices set forth the NRTL's scope of
recognition or modifications of that
scope. OSHA maintains an

informational web page for each NRTL,
including TUVRNA, which details that
NRTL's scope of recognition. These
pages are available from the OSHA
website at [http://www.osha.gov/dts/
otpca/nrtl/index.html](http://www.osha.gov/dts/otpca/nrtl/index.html).

TUVRNA submitted an application,
dated May 14, 2019 (OSHA-2007-0042-
0055), to expand recognition to include
the addition of one test standard. OSHA
staff performed a detailed analysis of the
application packet and reviewed other
pertinent information. OSHA did not
perform any on-site reviews in relation
to this application.

OSHA published the preliminary
notice announcing TUVRNA's
expansion applications in the **Federal
Register** on November 1, 2021 (86 FR
60296). The agency requested comments
by November 16, 2021, but it received
no comments in response to this notice.
OSHA now is proceeding with this final
notice to grant expansion of TUVRNA's
scope of recognition.

To review copies of all public
documents pertaining to TUVRNA's
application, go to www.regulations.gov
or contact the Docket Office,
Occupational Safety and Health
Administration, U.S. Department of
Labor at (202) 693-2350. Docket No.
OSHA-2007-0042 contains all materials
in the record concerning TUVRNA's
recognition. Please note: Due to the
COVID-19 pandemic, the Docket Office
is closed to the public at this time but
can be contacted at (202) 693-2350,
TTY (877) 889-5627.

II. Final Decision and Order

OSHA staff examined TUVRNA's
expansion application, their capability
to meet the requirements of the test
standard, and other pertinent
information. Based on its review of this
evidence, OSHA finds that TUVRNA
meets the requirements of 29 CFR
1910.7 for expansion of its recognition,
subject to the limitations and conditions
listed below. OSHA, therefore, is
proceeding with this final notice to
grant TUVRNA's scope of recognition.
OSHA limits the expansion of
TUVRNA's recognition to testing and
certification of products for
demonstration of conformance to the
test standard shown below in Table 1.

TABLE 1—APPROPRIATE TEST STANDARD FOR INCLUSION IN TUVRNA'S NRTL SCOPE OF RECOGNITION

Test standard	Test standard title
UL 60335-2-40	Household and Similar Electrical Appliances—Safety—Part 2-40: Particular Requirements for Electrical Heat Pumps, Air-Conditioners and Dehumidifiers.

OSHA's recognition of any NRTL for a particular test standard is limited to equipment or materials for which OSHA standards require third-party testing and certification before using them in the workplace. Consequently, if a test standard also covers any products for which OSHA does not require such testing and certification, a NRTL's scope of recognition does not include these products.

A. Conditions

Recognition is contingent on continued compliance with 29 CFR 1910.7, including but not limited to, abiding by the following conditions of recognition:

1. TUVRNA must inform OSHA as soon as possible, in writing, of any change of ownership, facilities, or key personnel, and of any major change in its operations as a NRTL, and provide details of the change(s);
2. TUVRNA must meet all the terms of its recognition and comply with all OSHA policies pertaining to this recognition; and
3. TUVRNA must continue to meet the requirements for recognition, including all previously published conditions on TUVRNA's scope of recognition, in all areas for which it has recognition.

OSHA hereby expands the scope of recognition of TUVRNA, subject to the limitations and conditions specified above.

III. Authority and Signature

Douglas L. Parker, Assistant Secretary of Labor for Occupational Safety and Health, 200 Constitution Avenue NW, Washington, DC 20210, authorized the preparation of this notice. Accordingly, the agency is issuing this notice pursuant to 29 U.S.C. 657(g)(2), Secretary of Labor's Order No. 8–2020 (85 FR 58393, September 18, 2020) and 29 CFR 1910.7.

Signed at Washington, DC, on December 15, 2021.

Douglas L. Parker,

Assistant Secretary of Labor for Occupational Safety and Health.

SUPPLEMENTARY INFORMATION:

I. Background

The Department of Labor, as part of the continuing effort to reduce paperwork and respondent (*i.e.*, employer) burden, conducts a preclearance process to provide the public with an opportunity to comment on proposed and continuing information collection requirements in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)). This program ensures that information is in the desired format, reporting burden (time and costs) is minimal, collection instruments are clearly understood, and OSHA's estimate of the information collection burden is accurate. The Occupational Safety and Health Act of 1970 (OSH Act) (29 U.S.C. 651 *et seq.*) authorizes information collection by employers as necessary or appropriate for enforcement of the OSH Act or for developing information regarding the causes and prevention of occupational injuries, illnesses, and accidents (29 U.S.C. 657). The OSH Act also requires OSHA to obtain such information with minimum burden upon employers, especially those operating small businesses, and to reduce to the maximum extent feasible unnecessary duplication of efforts in obtaining information (29 U.S.C. 657).

Section 7(c)(1) of the OSH Act authorizes the Secretary of Labor (Secretary) to, “with the consent of any State or political subdivision thereof, accept and use the services, facilities, and personnel of any agency of such State or subdivision with reimbursement.” Section 21(c) of the OSH Act authorizes the Secretary to “consult with and advise employers and employees . . . as to effective means of preventing occupational illnesses and injuries.”

Additionally, Section 21(d) of the OSH Act instructs the Secretary to “establish and support cooperative agreements with the States under which employers subject to the Act may consult with State personnel with respect to the application of occupational safety and health requirements under the Act or under State plans approved under section 18 of the Act.” This gives the Secretary authority to enter into agreements with the States to provide On-Site Consultation services and establish
