* The Standards Council of Canada (SCC) voted to end its Laboratory Accreditation Program for Substance Abuse (LAPSA) effective May 12, 1998. Laboratories certified through that program were accredited to conduct forensic urine drug testing as required by U.S. Department of Transportation (DOT) regulations. As of that date, the certification of those accredited Canadian laboratories will continue under DOT authority. The responsibility for conducting quarterly performance testing plus periodic on-site inspections of those LAPSA-accredited laboratories was transferred to the U.S. HHS, with the HHS' NLCP contractor continuing to have an active role in the performance testing and laboratory inspection processes. Other Canadian laboratories wishing to be considered for the NLCP may apply directly to the NLCP contractor just as U.S. laboratories do.

SUPPLEMENTARY INFORMATION:

Background

Pursuant to 19 U.S.C. 1505 and Treasury Decision 85-93, published in

the **Federal Register** on May 29, 1985 (50 FR 21832), the interest rate paid on applicable overpayments or underpayments of customs duties must be in accordance with the Internal Revenue Code rate established under 26 U.S.C. 6621 and 6622. Section 6621 provides different interest rates applicable to overpayments: One for corporations and one for non-corporations.

The interest rates are based on the Federal short-term rate and determined by the Internal Revenue Service (IRS) on behalf of the Secretary of the Treasury on a quarterly basis. The rates effective for a quarter are determined during the

first-month period of the previous quarter.

In Revenue Ruling 2021–24, the IRS determined the rates of interest for the calendar quarter beginning January 1, 2022, and ending on March 31, 2022. The interest rate paid to the Treasury for underpayments will be the Federal short-term rate (0%) plus three percentage points (3%) for a total of three percent (3%) for both corporations and non-corporations. For corporate overpayments, the rate is the Federal short-term rate (0%) plus two percentage points (2%) for a total of two percent (2%). For overpayments made by non-corporations, the rate is the Federal short-term rate (0%) plus three

percentage points (3%) for a total of three percent (3%). These interest rates used to calculate interest on overdue accounts (underpayments) and refunds (overpayments) of customs duties remain the same from the previous quarter. These interest rates are subject to change for the calendar quarter beginning April 1, 2022, and ending on June 30, 2022.

For the convenience of the importing public and U.S. Customs and Border Protection personnel, the following list of IRS interest rates used, covering the period from July of 1974 to date, to calculate interest on overdue accounts and refunds of customs duties, is published in summary format.

AGENCY: Department of the Interior.

ACTION: Request for information and notice of public listening sessions.

SUMMARY: The Department of the Interior (Department), on behalf of an interagency working group co-led with the Council on Environmental Quality (CEQ), Department of Agriculture (USDA), and Department of Commerce (DOC) through National Oceanic and Atmospheric Administration (NOAA), is soliciting comments to inform how the American Conservation and Stewardship Atlas (Atlas) can best serve as a useful tool for the public and how it should reflect a continuum of conservation actions in the America the Beautiful initiative, recognizing that many uses of lands and waters can be consistent with the long-term health of natural systems and contribute to addressing climate change and environmental injustices. The input received will be used to develop the Atlas.

DATES: Interested persons are invited to submit comments by 11:59 p.m. on March 7, 2022.

The interagency group will host virtual public listening sessions at the dates and times below.

- Thursday, January 13, 2022, 2:00–3:30 p.m. ET
- Wednesday, January 19, 2022, 6:00–7:30 p.m. ET

- Friday, January 21, 2022, 11:00 a.m.–12:30 p.m. ET

Specific details will be posted on the Department’s America the Beautiful web page on January 4, 2022. Listening sessions may end before the time noted above if all those participating have completed their oral comments.

ADDRESSES: Comments must be submitted through <https://www.regulations.gov> and will be available for public viewing and inspection. SUPPLEMENTARY INFORMATION:

Section 216(a) of Executive Order 14008 established the first-ever national conservation goal, calling for the conservation of “at least 30 percent of U.S. lands and waters by 2030.” In accordance with Executive Order 14008, the Department, USDA, DOC, and CEQ released the *Conserving and Restoring America the Beautiful* report on May 6, 2021. The report calls for a decade-long national initiative to advance locally led conservation and restoration on public, private, and Tribal lands and waters. It acknowledges—and celebrates—the wide-ranging contributions that diverse conservation efforts can make to the initiative and its goals of tackling climate change, sustaining biodiversity, and increasing equitable access to nature.

The report emphasizes that there is a continuum of conservation in America that aligns with the guiding principles of the initiative. These core principles commit the effort to:

- Pursue a Collaborative and Inclusive Approach to Conservation

- Conserve America’s Lands and Waters for the Benefit of All People
- Support Locally Led and Locally Designed Conservation Efforts
- Honor Tribal Sovereignty and Support the Priorities of Tribal Nations
- Pursue Conservation and Restoration Approaches that Create Jobs and Support Healthy Communities
- Honor Private Property Rights and Support the Voluntary Stewardship Efforts of Private Landowners and Fishers
- Use Science as a Guide
- Build on Existing Tools and Strategies with an Emphasis on Flexibility and Adaptive Approaches

The report also outlines the six areas of focus that elected officials, Tribal leaders, and stakeholders lifted up as early opportunities for successful collaboration: Creating more parks and safe outdoor opportunities in nature-deprived communities; supporting Tribally led conservation and restoration priorities; expanding collaborative conservation of fish and wildlife habitats and corridors; increasing access for outdoor recreation; incentivizing and rewarding the voluntary conservation efforts of fishers, ranchers, farmers, and forest owners; and creating jobs by investing in restoration and resilience.

The report specifies that an interagency working group will develop an Atlas through interagency collaboration to develop and track a clear baseline of information on lands and waters that are conserved or restored. The Atlas is intended to be an accessible, updated, and comprehensive tool through which to measure the progress of conservation, stewardship, and restoration efforts in a manner that reflects the goals and principles of the initiative. The interagency group, co-led by the U.S. Geological Survey (USGS) within the Department as well as USDA and NOAA, in partnership with CEQ and other Federal agencies, will develop the Atlas with input from the public, States, Tribal Nations, scientists, and a wide range of stakeholders. While agencies have already received feedback
