SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Education Stabilization Fund—Elementary and Secondary School Emergency Relief Fund (ESSER I/ESSER II/ARP ESSER Fund) Recipient Data Collection Form.

OMB Control Number: 1810–0749.

Type of Review: Revision of a currently approved collection.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 14,652.

Total Estimated Number of Annual Burden Hours: 2,051,943.

Abstract: Under the current unprecedented national health emergency, the legislative and executive branches of government have come together to offer relief to those individuals and industries affected by the COVID–19 virus under the Coronavirus Aid, Relief, and Economic Security (CARES) Act (Pub. L. 116–136) authorized on March 27, 2020, and expanded through the Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act, and the American Rescue Plan (ARP) Act. The ESSER Fund awards grants to SEAs and for the purpose of providing local educational agencies (LEAs), including charter schools that are LEAs, as well as Outlying Areas, with emergency relief funds to address the impact that Novel Coronavirus Disease 2019 (COVID–19) has had, and continues to have, on elementary and secondary schools across the Nation. This information collection requests emergency approval for a revision to a previously approved collection that includes annual reporting requirements to comply with the requirements of the ESSER program and obtain information on how the funds were used by State and Local Education Agencies. Emergency processing is necessary to provide states with sufficient time to collect the required data regarding the use of SEA reserve funds. Retrospectively creating this data after the activities have concluded is much more burdensome than prospectively collecting the data as the activities occur. The form currently collects information regarding the use of SEA reserve funds at the LEA level. However, questions addressing SEA use of Reserve Funds were not included in the forms submitted for 60- and 30-day public comment.

The Department addressed all public comments from the recently approved information collection. The only change to the approved collection is the additional three questions to address the use of SEA reserve funds. When considering your comments, please refer to Attachment A, which outlines the additional 3 questions.

Abstract: This is a request for an extension of the current information collection for Form 1845–0132. Title of Collection: Student Assistance General Provisions—Non-Title IV Revenue Requirements (90/10).

OMB Control Number: 1845–0096.

Type of Review: A revision of a currently approved collection.

Respondents/Affected Public: Private Sector.

Total Estimated Number of Annual Responses: 10.

Total Estimated Number of Annual Burden Hours: 5.

Abstract: The regulations in 34 CFR 668.28 provide that a proprietary institution must derive at least 10% of its annual revenue from sources other than Title IV, HEA funds, identifies sanctions for failing to meet this requirement, and otherwise implement the statute. An institution discloses in a footnote to its audited financial statements the amounts of Federal and non-Federal revenues, by category, that it used in calculating its 90/10 ratio (see section 487(d) of the HEA).

The publication of final regulations on September 2, 2020, removed section 668.285(b) regarding Net Present Value in the calculation of the 90/10 ratio and reserved this subparagraph as of the effective date of the regulation, July 1, 2021. With the cancellation of the requirement to calculate the Net Present Value, we are revising the current information collection to estimate the burden for the reporting of the sanction to the Department only.

This request is to revise the currently approved a information collection package, OMB Control Number 1845–0096, to include burden hours based on section 668.28(c) Sanctions. The information collection requirements in the regulations are necessary to determine eligibility to receive program benefits and to prevent fraud and abuse of program funds.
