**SUPPLEMENTARY INFORMATION:**

**I. Background**

Pursuant to Executive Order 12148, as amended by Executive Orders 12673 and 13286, the President of the United States has delegated to the Department of Homeland Security, including the Federal Emergency Management Agency, the authority to provide case management services, pursuant to the Robert T. Stafford Disaster Relief and Emergency Assistance Act (Stafford Act), 42 U.S.C. 5189d. Under the Stafford Act, the Federal Emergency Management Agency (or another federal agency, non-profit organization, or qualified private organization when operating on behalf of the Federal

Emergency Management Agency) may provide Disaster Case Management services directly to survivors or through financial assistance (funding through a federal award) to state (which includes the fifty states, the territories, and the District of Columbia) or local government agencies, Indian tribes, or qualified private organizations.

Disaster Case Management services include identifying and addressing disaster-caused unmet needs of survivors through identification of, and referral to, available resources. A disaster-caused unmet need is an un-resourced item, support, or assistance that has been assessed and verified as necessary for a survivor to recover from a disaster. This may include food, clothing, shelter, first aid, emotional and spiritual care, household items, home repair, or rebuilding.

In order to provide immediate to long-term Disaster Case Management during a Presidentially-declared major disaster declaration when Individual Assistance has been authorized, the Federal Emergency Management Agency may: (1) Directly provide Disaster Case Management services; (2) contract with a non-profit organization or qualified private organization who implements Disaster Case Management on behalf of the Federal Emergency Management Agency; (3) enter into an interagency agreement or mission assignment with another federal agency who implements Disaster Case Management on behalf of the Federal Emergency Management Agency; or (4) award federal funding through a grant or cooperative agreement to a state or local government, a tribe, or a qualified private organization who implements their own Disaster Case Management program.

This System of Records Notice only applies to Disaster Case Management services administered directly by the Federal Emergency Management Agency or by a non-profit organization, qualified private organization, or federal
