

interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act<sup>47</sup> and subparagraph (f)(6) of Rule 19b-4 thereunder.<sup>48</sup>

A proposed rule change filed under Rule 19b-4(f)(6)<sup>49</sup> normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),<sup>50</sup> the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay to allow the Exchange to implement the proposal as soon as possible. The Exchange states that the proposal will increase transparency within Options 4A by referencing the way the Exchange arrives at index options values for settlement where the Exchange's rules may not apply, clarify that the Reporting Authority (identical to Cboe Rule 4.13 at .09 of Interpretations and Policies) for any securities index on which options are traded on Phlx may determine to use the reported sale prices for one or more underlying securities from a market that may not necessarily be the primary market for that security in calculating the appropriate index value, add transparency by specifying the reporting authorities within proposed new Supplementary Material .02 to Options 4A, Section 2, and clarify which options may trade today on Phlx and the distinctions as between a.m.-settled and p.m.-settled products. The Exchange also states that proposed Options 4A, Section 12(f) is identical to NOM Options 4A, Section 12(a)(6) and proposed Options 4A, Section 14 is identical to ISE and NOM,<sup>51</sup> at Options 4A, Section 14. For these reasons, the Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest. Accordingly, the Commission waives the 30-day

operative delay and designates the proposal operative upon filing.<sup>52</sup>

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
