**Certain Steel Nails From the Republic of Korea: Final Results of Antidumping Duty Administrative Review; 2019–2020**

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The Department of Commerce (Commerce) determines that producers and/or exporters subject to this administrative review made sales of subject merchandise at less than normal value during the period of review (POR), July 1, 2019, through June 30, 2020.

**DATES:** Applicable January 19, 2022.

**FOR FURTHER INFORMATION CONTACT:** Eva Kim, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-8283.

**SUPPLEMENTARY INFORMATION:**

**Background**

On July 19, 2021, Commerce published the preliminary results of the 2019–2020 administrative review of the antidumping duty (AD) order on certain steel nails from the Republic of Korea (Korea).<sup>1</sup> We invited interested parties

<sup>1</sup> See *Certain Steel Nails from the Republic of Korea: Preliminary Results of Antidumping Duty*

to comment on the *Preliminary Results*. A full description of the events since the *Preliminary Results* is contained in the Issues and Decision Memorandum.<sup>2</sup> Commerce conducted this review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

**Scope of the Order**<sup>3</sup>

The products covered by the AD Order are steel nails from Korea. A full description of the scope of the Order is contained in the Issues and Decision Memorandum.

**Analysis of Comments Received**

All issues raised in the case and rebuttal briefs are listed in the appendix to this notice and addressed in the Issues and Decision Memorandum. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

**Changes Since the Preliminary Results**

Based on our analysis of the comments received, we have made no changes to the margin calculation for the sole mandatory respondent, Daejin Steel Company (Daejin), since the *Preliminary Results*.

**Rate for Non-Examined Company**

Generally, when calculating margins for non-selected respondents, Commerce looks to section 735(c)(5) of the Act for guidance, which provides instructions for calculating the all-others margin in an investigation. Section 735(c)(5)(A) of the Act provides that when calculating the all-others margin, Commerce will exclude any zero and *de minimis* weighted average dumping margins, as well as any weighted-average dumping margins based on total facts available.

*Administrative Review and Partial Rescission of Antidumping Duty Administrative Review; 2019–2020*, 86 FR 38015 (July 19, 2021) (*Preliminary Results*), and accompanying Preliminary Decision Memorandum.

<sup>2</sup> See Memorandum, “Issues and Decision Memorandum for the Final Results of the Antidumping Duty Administrative Review: Certain Steel Nails from the Republic of Korea; 2019–2020,” dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).

<sup>3</sup> See *Certain Steel Nails from the Republic of Korea, Malaysia, the Sultanate of Oman, Taiwan, and the Socialist Republic of Vietnam: Antidumping Duty Orders*, 80 FR 39994 (July 13, 2015) (*Order*).

Accordingly, Commerce’s usual practice has been to average the margins for selected respondents, excluding margins that are zero, *de minimis*, or based entirely on facts available. In this review, we calculated a weighted-average dumping margin of 3.22 percent for Daejin, the sole mandatory respondent. In accordance with section 735(c)(5)(A) of the Act, Commerce assigned Daejin’s calculated weighted-average dumping margin, *i.e.*, 3.22 percent, to the non-selected company in these final results. Accordingly, we have applied a rate of 3.22 percent to the non-selected company, *i.e.*, Koram Inc.

**Final Results of Administrative Review**

Commerce determines that the following weighted-average dumping margins exist for the period July 1, 2019, through June 30, 2020:

Producer/exporter	Weighted-average dumping margin (percent)
Daejin Steel Company .....	3.22
Koram Inc .....	3.22

**Disclosure**

Commerce intends to disclose the calculations performed for these final results within five days of the date of publication of this notice, in accordance with 19 CFR 351.224(b).

**Assessment Rates**

Pursuant to section 751(a)(2)(A) the Act and 19 CFR 351.212(b)(1), Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. We intend to calculate importer- (or customer-) specific assessment rates on the basis of the ratio of the total amount of antidumping duties calculated for each importer (or customer’s) examined sales and the total entered value of the sales in accordance with 19 CFR 351.212(b)(1). Where an importer- (or customer-) specific rate is zero or *de minimis* within the meaning of 19 CFR 351.106(c)(1), we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

Commerce’s “reseller policy” will apply to entries of subject merchandise during the POR produced by companies included in these final results of review for which the reviewed companies did not know that the merchandise they sold to the intermediary (*e.g.*, a reseller, trading company, or exporter) was destined for the United States. In such

instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.<sup>4</sup>

The final results of this administrative review shall be the basis for the assessment of antidumping duties on entries of merchandise under review and for future cash deposits of estimated duties, where applicable. Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

#### Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of these final results, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for the companies under review will be equal to the weighted-average dumping margin listed above in the “Final Results of Review” section; (2) for merchandise exported by producers or exporters not covered in this review but covered in a previously completed segment of this proceeding, the cash deposit rate will continue to be the company-specific rate published in the final results for the most recent period in which that producer or exporter participated; (3) if the exporter is not a firm covered in this review or in any previous segment of this proceeding, but the producer is, then the cash deposit rate will be that established for the producer of the merchandise in these final results of review or in the final results for the most recent period in which that producer participated; and (4) if neither the exporter nor the producer is a firm covered in this review or in any previously completed segment of this proceeding, then the cash deposit rate will be 11.80 percent *ad valorem*, the all-others rate established in the less than fair value investigation.<sup>5</sup> These cash deposit requirements, when imposed, shall remain in effect until further notice.

<sup>4</sup> For a full discussion of this practice, see *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

<sup>5</sup> See *Order*, 80 FR 39996.

#### Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of the antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

#### Notification Regarding Administrative Protective Order

This notice is the only reminder to parties subject to the administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under the APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a violation subject to sanction.

#### Notification to Interested Parties

We are issuing and publishing these final results and this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(h).

Dated: January 12, 2022.

#### SUPPLEMENTARY INFORMATION:

##### Correction

In the **Federal Register** of December 14, 2021, in FR Doc 2021–26996, on page 71027, in the section titled “Liquidation of Entries,” between the second and third paragraph, include the following:

For all entries of merchandise subject to the AD order on uncoated paper from China, entered or withdrawn from warehouse for consumption on or after October 18, 2019, through February 28, 2021, Commerce intends to instruct CBP to liquidate those entries at the applicable AD rates for those entries.<sup>1</sup> For all entries of merchandise subject to the CVD order on uncoated paper from China, entered or withdrawn from warehouse for consumption on or after October 18, 2019, through December 31,

<sup>1</sup> Commerce is not conducting an administrative review of the AD order on uncoated paper from China for the period ending on February 28, 2021. Therefore, Commerce will instruct CBP to liquidate all entries through the end of the last administrative review period.
