SECURITIES AND EXCHANGE COMMISSION

[SEC File No. 270-523, OMB Control No. 3235-0585]

Submission for OMB Review; Comment Request; Extension: Rule 206(4)-7

Upon Written Request, Copies Available
From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (the "Commission") has submitted to the Office of Management and Budget ("OMB") a request for extension of the previously approved collection of information discussed below.

The title for the collection of information is "Investment Advisers Act rule 206(4)-7, 17 CFR Sec. 275.206(4)-7, Compliance procedures and practices." This collection of information is found at 17 CFR 275.206(4)-7, and is mandatory. Rule 206(4)-7 under the Investment Advisers Act of 1940 ("Advisers Act") requires each investment adviser registered with the Commission to (1) adopt and implement written policies and procedures reasonably designed to prevent violations of the Advisers Act and its rules, (2) review those compliance policies and procedures annually, and (3) designate a chief compliance officer who is responsible for administering the compliance policies and procedures. The rule is designed to protect investors by fostering better compliance with the securities laws. The collection of information under rule 206(4)-7 is necessary to help ensure that investment advisers maintain comprehensive internal programs that

promote the advisers' compliance with the Advisers Act and its rules. The Commission's examination and oversight staff may review the information collected to assess investment advisers' compliance programs. Responses provided to the Commission pursuant to the rule in the context of the Commission's examination and oversight program are generally kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.

The respondents to this information collection are investment advisers registered with the Commission. Updated data indicate that there were 14,376 advisers registered with the Commission as of August 2021. Each respondent would produce one response, per year. Commission staff has estimated that compliance with rule 206(4)-7 imposes an annual burden of approximately 90 hours per response. Based on this figure, Commission staff estimates a total annual burden of 1,293,840 hours for this collection of information.

The public may view the background documentation for this information collection at the following website, *www.reginfo.gov*. Comments should be directed to: (1) Desk Officer for the Securities and Exchange Commission, Office of Information and Regulatory Affairs, Office of Management and Budget, Room 10102, New Executive Office Building, Washington, DC 20503, or by sending an email to: *Lindsay.M.Abate@omb.eop.gov*; and (2) David Bottom, Director/Chief Information Officer, Securities and Exchange Commission, c/o John R. Submission for OMB Review; Comment Request

Extension:
Rule 204

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 ("PRA") (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget ("OMB") a request for approval of extension of the previously approved collection of information provided for in Rule 204 (17 CFR 242.204), under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*).

Rule 204(a) provides that a participant of a registered clearing agency must deliver securities to a registered clearing agency for clearance and settlement on a long or short sale in any equity security by settlement date, or if a participant of a registered clearing agency has a fail to deliver position at a registered clearing agency in any equity security for a long or short sale transaction in the equity security, the participant shall, by no later than the beginning of regular trading hours on the applicable close-out date, immediately close out its fail to deliver positions by borrowing or purchasing securities of like kind and quantity. For a short sale transaction, the participant must close out a fail to deliver by no later than the beginning of regular trading hours on the settlement day following the settlement date. If a participant has a fail to deliver that the participant can demonstrate on its books and records resulted from a long sale, or that is attributable to bona-fide market making activities, the participant must close out the fail to deliver by no later than the beginning of regular trading hours on the third consecutive settlement day following the settlement date. Rule 204 is intended to help further the Commission's goal of reducing fails to deliver by maintaining the reductions in fails to deliver achieved by the adoption of temporary Rule 204T, as well as other actions taken by the Commission. In addition, Rule 204 is intended to help further the Commission's goal of addressing

potentially abusive “naked” short selling in all equity securities.

The information collected under Rule 204 will continue to be retained and/or provided to other entities pursuant to the specific rule provisions and will be available to the Commission and self-regulatory organization (“SRO”) examiners upon request. The information collected will continue to aid the Commission and SROs in monitoring compliance with these requirements. In addition, the information collected will aid those subject to Rule 204 in complying with its requirements. These collections of information are mandatory.

Several provisions under Rule 204 will impose a “collection of information” within the meaning of the Paperwork Reduction Act.

I. Allocation Notification

Requirement: As of December 31, 2020, there were 3,551 registered broker-dealers.¹ Each of these broker-dealers could clear trades through a participant of a registered clearing agency and, therefore, become subject to the notification requirements of Rule 204(d). If a participant allocates a fail to deliver position to a broker or dealer pursuant to Rule 204(d), the broker or dealer that has been allocated the fail to deliver position in an equity security must determine whether such fail to deliver position was closed out in accordance with Rule 204(a). If such broker or dealer does not comply with the provisions of Rule 204(a), such broker or dealer must immediately notify the participant that it has become subject to the requirements of Rule 204(b). The Commission estimates that a broker or dealer could have to make such determination and notification with respect to approximately 2.1 equity securities per day.² The Commission estimates a total of 1,886,646 potential notifications in accordance with Rule 204(d) across all registered broker-dealers that could be allocated responsibility to close out a fail to deliver position per year (3,551 registered broker-dealers notifying participants once per day³ on 2.1 equity

securities, multiplied by 253 trading days in 2020). The total estimated annual burden hours per year will be approximately 301,864 burden hours (1,886,646 multiplied by 0.16 hours/notification⁴).

II. *Demonstration Requirement for Fails to Deliver on Long Sales:* As of December 31, 2020, there were 127 participants of NSCC that were registered as broker-dealers. If a participant of a registered clearing agency has a fail to deliver position in an equity security at a registered clearing agency and determined that such fail to deliver position resulted from a long sale, the Commission estimates that a participant of a registered clearing agency will have to make such determination with respect to approximately 29 securities per day.⁵ The Commission estimates a total of 931,799 potential demonstrations in accordance with Rule 204(a)(1) across all broker-dealer participants per year (127 participants checking for compliance once per day on 29 securities, multiplied by 253 trading days in 2020). The total approximate estimated annual burden hour per year will be approximately 149,088 burden hours (931,799 multiplied by 0.16 hours/demonstration⁶).

III. Pre-Borrow Notification

Requirement: As of December 31, 2020, there were 27 participants of NSCC that were registered as broker-dealers. If a participant of a registered clearing agency has a fail to deliver position in an equity security, the participant must determine whether the fail to deliver position was closed out in accordance with Rule 204(a). The Commission estimates that a participant of a registered clearing agency will have to make such determination with respect to approximately 59 equity securities per day.⁷ The Commission estimates a total of 1,895,729 potential notifications in accordance with Rule 204(c) across all participants per year (127 broker-

dealer participants notifying broker-dealers once per day on 59 securities, multiplied by 253 trading days in 2020). The total estimated annual burden hours per year will be approximately 303,317 burden hours (1,895,729 multiplied by 0.16 hours/notification⁸).

IV. *Certification Requirement:* As of December 31, 2020, there were 3,551 registered broker-dealers. Each of these broker-dealers may clear trades through a participant of a registered clearing agency. If the broker-dealer determines that it has not incurred a fail to deliver position on settlement date for a long or short sale in an equity security for which the participant has a fail to deliver position at a registered clearing agency or has purchased or borrowed securities in accordance with the pre-fail credit provision of Rule 204(e), the Commission estimates that a broker-dealer could have to make such determination with respect to approximately 2.1 securities per day.⁹ The Commission estimates that each such registered broker-dealer could have to certify to a participant that the broker-dealer has not incurred a fail to deliver position on settlement date for a long or short sale in an equity security for which the participant has a fail to deliver position at a registered clearing agency or, alternatively, that the broker-dealer is in compliance with the requirements set forth in the pre-fail credit provision of Rule 204(e), 1,886,646 times per year (3,551 registered broker-dealers certifying once per day on 2.1 securities, multiplied by 253 trading days in 2020). The total approximate estimated annual burden hours per year will be approximately 301,864 burden hours (1,886,646 multiplied by 0.16 hours/certification¹⁰).

V. *Pre-Fail Credit Demonstration Requirement:* As of December 31, 2020, there were 3,551 registered broker-dealers. If a broker-dealer purchased or borrowed securities in accordance with the conditions specified in Rule 204(e) and determined that it had a net long position or net flat position on the settlement day for which the broker-dealer is claiming pre-fail credit, the Commission estimates that a broker-dealer could have to make such a determination with respect to approximately 2.1 securities per day.¹¹ The Commission estimates that the total number of times per year that such registered broker-dealers could have to demonstrate on their respective books

⁴ See Amendments to Regulation SHO, Exchange Act Release No. 60388 (July 27, 2009), 74 FR 38265 (July 31, 2009) (“Rule 204 Adopting Release”) (making permanent the amendments to Regulation SHO contained in Interim Final Temporary Rule 204T and incorporating by reference the time estimates from the Rule 204T Adopting Release for compliance with the notification, demonstration, and certification requirements of Rule 204).

⁵ DERA estimates that during 20120 approximately 49.2% of trade volume was long. DERA estimates that there were approximately 7,450 average daily fail to deliver positions during 2020. Across 127 broker-dealer participants of the NSCC, the number of securities per participant per day is approximately 59 (7,450 ÷ 127) equity securities. 49.2% of 59 equity securities per trading day equals approximately 29 securities per day.

⁷ See *supra* note 5.

⁸ See *supra* note 4.

⁹ See *supra* note 2.

¹⁰ See *supra* note 4.

¹¹ See *supra* note 2.

¹ The Commission’s Division of Economic and Risk Analysis (“DERA”) estimates that there were approximately 3,551 registered broker-dealers as of December 31, 2020.

² DERA estimates that there were approximately 7,450 average daily fail to deliver positions during 2020. Across 3,551 registered broker-dealers, the number of securities per registered broker-dealer per trading day is approximately 2.1 (7,450 ÷ 3,551) equity securities.

³ Because failure to comply with the close-out requirements of Rule 204(a) is a violation of the rule, the Commission believes that a broker or dealer would make the notification to a participant that it is subject to the borrowing requirements of Rule 204(b) at most once per day.

and records that the broker-dealer has a net long position or net flat position on the settlement day for which the broker-dealer is claiming pre-fail credit is 1,886,646 times per year (3,551 registered broker-dealers checking for compliance once per day on 2.1 equity securities, multiplied by 253 trading days in 2020). The total approximate estimated annual burden hours per year will be 301,864 burden hours (1,886,646 multiplied by 0.16 hours/demonstration¹²).

The total aggregate annual burden for the collection of information undertaken pursuant to all five provisions is thus 1,357,997 hours per year (301,864 + 149,088 + 303,317 + 301,864 + 301,864).

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-93972; File No. SR-MIAX-2021-58]

Self-Regulatory Organizations; Miami International Securities Exchange, LLC; Notice of Designation of a Longer Period for Commission Action on a Proposed Rule Change To Adopt Exchange Rule 532, Order and Quote Price Protection Mechanisms and Risk Controls

January 13, 2022.

On November 16, 2021, Miami International Securities Exchange, LLC ("MIAX Options" or the "Exchange") filed with the Securities and Exchange Commission (the "Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to adopt a new Managed Protection Override feature, a new Max Put Price Protection feature, and a new MIAX Strategy Price Protection, which will be included in new Exchange Rule 532, "Order and Quote Price Protection Mechanisms and Risk Controls." The proposed rule change was published for comment in the **Federal Register** on December 3, 2021.³ The Commission has received no comment letters regarding the proposed rule change.

Section 19(b)(2) of the Act⁴ provides that, within 45 days of the publication of notice of the filing of a proposed rule change, or within such longer period up to 90 days as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or as to which the self-regulatory organization consents, the Commission shall either approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether the proposed rule change should be disapproved. The 45th day after publication of the notice for the proposed rule change is January 17, 2022.

The Commission is extending the 45-day period for Commission action on the proposed rule change. The Commission finds that it is appropriate to designate a longer period within which to take action on the proposed rule change so that it has sufficient time to consider and act on the proposed rule change. Accordingly, pursuant to
