A. Overview of Information Collection

Title of Information Collection:

Eviction Protection Grant Program.

OMB Approval Number: 2528-0331.

Type of Request: Revision of a currently approved collection.

Form Number: Application for Federal Assistance, Standard Form-424; Disclosure of Lobbying Activities, Standard Form-LLL; HUD Detailed Budget Worksheet, 424 CBW; HUD Applicant/Recipient Disclosure/Update Report, 2880; NOFO narrative; HUD Client Services and Outcomes Report, 52698; and grant activity report.

Description of the need for the information and proposed use: This information is collected in connection with HUD's Eviction Protection Grant

Program and will be used by HUD to determine that the grant applicant meets the requirements of the Notice of Funding Opportunity (NOFO).

Information collected is also used to assign points for awarding grant funds on a competitive and equitable basis. The information is collected via a narrative and the budget form. Information collected from grantees post-award will be used by HUD to meet its statutory program monitoring and demonstration obligations.

HUD is required to develop a competitive grant program to fund nonprofit or governmental entities to provide legal assistance (including assistance related to pretrial activities, trial activities, post-trial activities and alternative dispute resolution) at no cost to eligible low-income tenants at risk of or subject to eviction. In connection with the COVID-19 emergency, the CARES Act was enacted on March 28, 2020. It placed a moratorium on eviction in all federally-assisted housing and federally-backed mortgages through July 24, 2020. The expiration of that moratorium was followed by an Order from the Centers of Disease Control and Prevention (CDC) temporarily halting evictions for nonpayment of rent on September 4, 2020, which was subsequently extended until July 31, 2021, nationally and until October 3, 2021, in areas with substantial or high levels of community transmission of COVID-19.

As households continue to struggle with income loss and accumulating back rent, the threat of evictions has grown considerably. The Household Pulse Survey Phase 3.1 found that the week of June 23, 2021, over 7.4 million renters were behind on their rent payments and another 4.9 million were not confident they would be able to make next month's payment. With the expiration of the CDC's national moratorium looming, 3.6 million renters reported eviction was likely or somewhat likely in the next two months. Housing instability caused by formal and informal evictions has significant economic, physical, and mental consequences. Research has found eviction protection services, including services such as legal representation, court navigators, education and outreach, and assistance

completing the legal forms to respond to an eviction notice, reduce evictions and increase housing stability for low-income renters. The Eviction Protection Grant Program will provide \$20 million to support eviction protection services in areas with high rates of eviction or probable eviction to low-income tenants at risk of or subject to eviction. The

Eviction Protection Grant Program NOFO, FR-6500-N-79.

This notice updates HUD's previously approved emergency review request to include HUD's proposed form for collecting information about client services and outcomes. Grantees will be expected to submit this information to HUD with its post-award quarterly reports. This review is needed to fulfill

Congress' intent for the Eviction Protection grant program to expeditiously provide funds to meet the need for which Congress appropriated them, reduce the harm these tenants will face without access to eviction protection services, and enable HUD to meet its statutory program monitoring and demonstration obligations for this new program.
