AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: The Commission has before it a petition for rulemaking filed by WNYT-TV, LLC (Petitioner), the licensee of WNYT, channel 12, Albany, New York. The Petitioner requests the substitution of channel 21 for channel 12 at in the Table of Allotments.

DATES: Comments must be filed on or before February 23, 2022 and reply comments on or before March 10, 2022.

ADDRESSES: Federal Communications Commission, Office of the Secretary, 45 L Street NE, Washington, DC 20554. In addition to filing comments with the FCC, interested parties should serve counsel for the Petitioner as follows: William LeBeau, Esq., Holland & Knight LLP, 800 17th Street NW, Washington, DC 20006.

FOR FURTHER INFORMATION CONTACT: Joyce Bernstein, Media Bureau, at (202) 418–1647; or Joyce Bernstein, Media Bureau, at *Joyce.Bernstein@fcc.gov*.

SUPPLEMENTARY INFORMATION: In support of its channel substitution request, the Petitioner states that WNYT has a long history of significant reception problems given the local terrain. According to the Petitioner, once the station began operating solely in digital on VHF channel 12, it received numerous complaints from viewers about the station’s over-the-air signal, and in order to address these problems, the Petitioner applied for and received modification authorizations to increase WNYT’s effective radiated power and tried other means to improve viewers’ digital reception, including constructing two digital replacement translators. The proposal will result in a net gain in service to 289,588 persons within WNYT’s predicted noise limited service contour, and while it will result in a loss population of 210 persons within the predicted contour, all of the population located within WNYT’s original DTV channel 12 noise limited contour will continue to receive NBC service, except for 130 people.
