

modifications intended to mitigate any increase in reporting burden.

Same Day Submission Deadline for Parts A, B, and D of FR 2420

The commenters indicated that the proposed same-day deadline for submission of data related to Federal Funds Purchased (Part A), Eurodollars (Part B), and Selected Deposits (Part D) transactions from the morning after the transaction is completed (next-day deadline) to the evening the transaction is completed (same-day deadline) would not be feasible for certain reporters and would leave insufficient time for reporting controls and other due diligence processes. The commenters also suggested that the proposed deadline would lead to an increase in re-filings of the FR 2420 report, as firms would need to re-file to correct mistakes which would also increase the reporting burden.

In consideration of the additional burden on certain reporters that would have resulted from the proposed same-day deadline, the Board has not finalized this proposed revision to the FR 2420. The deadline for the above noted parts of FR 2420 will remain 7 a.m. ET on the day after the transaction date. However, the Board will nonetheless encourage firms to submit reports as early as possible in order to reduce operational risk associated with the publication of reference rates. The majority of reporting firms already submit data for these parts of FR 2420 on the same day as the transactions are completed, and the Board encourages other reporters to follow this convention when practicable. Reducing risks associated with reference rates production provides benefits to the public and financial markets, in addition to aiding monetary policy implementation, and the Board may repropose a same-day submission deadline in connection with a future renewal of the FR 2420.

Submission Deadline for Part C of FR 2420

The commenters requested that implementation of the proposed earlier next-day deadline for Part C of FR 2420 be delayed at least until August 1, 2022, or 12 months after the release of the final form and instructions. The commenters argue that this later implementation date is needed for reporting firms to have sufficient time to adjust their internal reporting and control processes to accommodate the earlier reporting deadline. In light of the additional burden for reporting firms, the Board will require compliance with the next-day deadline for Part C, along

with other changes to the instructions, starting on September 1, 2022.

Changes to Instructions

One commenter opposed several additions to the FR 2420 instructions, including provisions concerning securities lending, CDARS, and insured cash sweep transactions. Regarding securities lending transactions collateralized by cash, the commenter inquired why these transactions would be considered selected deposits. With respect to CDARS and insured cash sweep transactions, the commenter asserted that the proposed additions to the instructions may entail a significant increase in firms' reporting burden, as the added language appeared to require data that may not be in the possession of reporting firms, but rather third parties. In response to the concerns raised by the commenter, the Board will not include the proposed additions concerning securities lending, CDARS, and insured cash sweep transactions in the final instructions.²

The Board adopted the remaining revisions to the FR 2420 as proposed.
