* Requestor has submitted a New Technology Add-on Payment (NTAP) application for FY 2023.

** Requestor intends to submit an NTAP application for FY 2024 consideration.

Presentations for procedure code requests are conducted by both the requestor and CMS during the Coordination & Maintenance Committee meeting. Discussion from the requestor generally focuses on the clinical issues for the procedure or technology, followed by the proposed coding options from a CMS analyst. Topics presented may also include requests for new procedure codes that relate to a new technology add-on payment (NTAP) policy request.

CMS is continuing to modify the approach for presenting the new technology add-on payment (NTAP) related ICD-10-PCS procedure code requests that involve the administration

of a therapeutic agent for the March 8-9, 2022 ICD-10 Coordination and Maintenance Committee meeting. Consistent with the requirements of section 1886(d)(5)(K)(iii) of the Social Security Act, applicants submitted requests to create a unique procedure code to describe the administration of a therapeutic agent, such as the option to create a new code in Section X within the ICD-10-PCS procedure code classification. CMS will initially only display those meeting materials associated with the NTAP related ICD-10-PCS procedure code requests that involve the administration of a therapeutic agent on the CMS website in early February 2022 at: <https://www.cms.gov/Medicare/Coding/ICD10/C-and-M-Meeting-Materials>.

The 13 NTAP related ICD-10-PCS procedure code requests that involve the administration of a therapeutic agent are:

1. Administration of Spesolimab *
2. Administration of daratumumab and hyaluronidase-fihj *
3. Administration of Defencath *
4. Administration of Maribavir *
5. Administration of Teclistamab *
6. Administration of Mosunetuzumab *
7. Administration of afamitresgene autoleucl **
8. Administration of tabeclleucl **
9. Administration of Treosulfan *
10. Administration of inebilizumab-cdon *
11. Administration of Xenon-129 *
12. Administration of betibeglogene autotemcel **
13. Administration of Omidubicel **

These topics will not be presented during the March 8-9, 2022 meeting. CMS will solicit public comments regarding any clinical questions or coding options included for these 13 procedure code topics in advance of the meeting continuing through the end of the public comment period, April 8, 2022. Members of the public should send any questions or comments to the CMS mailbox at: ICDProcedureCodeRequest@cms.hhs.gov by the April 8, 2022 deadline.

CMS intends to post a question and answer document in advance of the meeting to address any clinical or coding questions that members of the public may have submitted. Following the conclusion of the meeting, CMS will post an updated question and answer document to address any additional clinical or coding questions that members of the public may have submitted during the meeting that CMS was not able to address or that were submitted after the meeting.

The NTAP related ICD-10-PCS procedure code requests that do not involve the administration of a

therapeutic agent and all non-NTAP related procedure code requests will continue to be presented during the virtual meeting on March 8, 2022, consistent with the standard meeting process.

CMS will make all meeting materials and related documents available at: <https://www.cms.gov/Medicare/Coding/ICD10/C-and-M-Meeting-Materials>. Any inquiries related to the procedure code topics scheduled for the March 8–9, 2022 ICD–10 Coordination and Maintenance Committee meeting that are under consideration for October 1, 2022 implementation should be sent to the CMS mailbox at: ICDProcedureCodeRequest@cms.hhs.gov.

Administration for Children and Families

Proposed Information Collection Activity; ORR–1, Cash and Medical Assistance Program Estimates

AGENCY: Office of Refugee Resettlement, Administration for Children and Families, HHS.

ACTION: Request for public comment.

SUMMARY: The Office of Refugee Resettlement (ORR), Administration for Children and Families (ACF), U.S. Department of Health and Human Services (HHS) is requesting a 3-year extension of the form ORR–1, Cash and Medical Assistance Program Estimates (OMB #0970–0030, expiration 5/31/2022). There are no changes requested to the form or instructions.

DATES: *Comments due within 60 days of publication.* In compliance with the requirements of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, ACF is soliciting public comment on the specific aspects of the information collection described above.

ADDRESSES: Copies of the proposed collection of information can be obtained and comments may be forwarded by emailing infocollection@acf.hhs.gov. Identify all requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: The ORR–1, Cash and Medical Assistance Program Estimates, is the application for grants under the Cash and Medical Assistance (CMA) program. The application is required by ORR program regulations at 45 CFR 400.11(b). The regulation specifies that states must submit, as their application for this program, estimates of the projected costs they anticipate incurring in providing cash and medical assistance for eligible recipients and the costs of administering the program. Under the CMA program, states are reimbursed for the costs of providing these services and benefits for 8 months after an eligible recipient arrives in this country. The eligible recipients for these services and benefits are refugees, Amerasians, Cuban and Haitian Entrants, asylees, Afghans and Iraqi with Special Immigrant Visas, and victims of a severe form of trafficking. States that provide services for unaccompanied refugee minors also provide an estimate for the cost of these services for the year for which they are applying for grants.

Respondents: State Agencies, the District of Columbia, and Replacement Designees under 45 CFR 400.301(c) administering or supervising the administration of programs under Title IV of the Act.
