

Description: Compliance filing: Petition to Amend Docket No. RP17-972 Stipulation and Agreement to be effective N/A.

Filed Date: 1/18/22.

Accession Number: 20220118-5183.

Comment Date: 5 p.m. ET 1/25/22.

Docket Numbers: RP19-276-002.

Applicants: Young Gas Storage Company, Ltd.

Description: Compliance filing: Petition to Amend Docket No. RP19-276 Stipulation and Agreement to be effective N/A.

Filed Date: 1/18/22.

Accession Number: 20220118-5192.

Comment Date: 5 p.m. ET 1/25/22.

Docket Numbers: RP21-734-002.

Applicants: Sea Robin Pipeline Company, LLC.

Description: Compliance filing: Clean Up Filing—Metadata Correction to be effective 7/1/2021.

Filed Date: 1/14/22.

Accession Number: 20220114-5037.

Comment Date: 5 p.m. ET 1/26/22.

Any person desiring to protest in any the above proceedings must file in accordance with Rule 211 of the Commission's Regulations (18 CFR 385.211) on or before 5:00 p.m. Eastern time on the specified comment date.

The filings are accessible in the Commission's eLibrary system by clicking on the links or querying the docket number.

eFiling is encouraged. More detailed information relating to filing requirements, interventions, protests, service, and qualifying facilities filings can be found at: <http://www.ferc.gov/docs-filing/efiling/filing-req.pdf>. For other information, call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Dated: January 19, 2022.

Debbie-Anne A. Reese,

Deputy Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. ER22-821-000]

Spotlight Power LLC; Supplemental Notice That Initial Market-Based Rate Filing Includes Request for Blanket Section 204 Authorization

This is a supplemental notice in the above-referenced proceeding of Spotlight Power LLC's application for market-based rate authority, with an accompanying rate tariff, noting that such application includes a request for

blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability.

Any person desiring to intervene or to protest should file with the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant.

Notice is hereby given that the deadline for filing protests with regard to the applicant's request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability, is February 7, 2022.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically may mail similar pleadings to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426. Hand delivered submissions in docketed proceedings should be delivered to Health and Human Services, 12225 Wilkins Avenue, Rockville, Maryland 20852.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<http://www.ferc.gov>) using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. At this time, the Commission has suspended access to the Commission's Public Reference Room, due to the proclamation declaring a National Emergency concerning the Novel Coronavirus Disease (COVID-19), issued by the President on March 13, 2020. For assistance, contact the Federal Energy Regulatory Commission at FERCOnlineSupport@ferc.gov or call toll-free, (886) 208-3676 or TTY, (202) 502-8659.

Dated: January 18, 2022.

Kimberly D. Bose,

Secretary.

BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9479-01-OA]

Request for Nominations of Experts for the Review of Technical Support Document for the Social Cost of Greenhouse Gases

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice; request for nominations.

SUMMARY: The Environmental Protection Agency (EPA) National Center for Environmental Economics (NCEE), on behalf of the co-chairs of the Interagency Working Group on the Social Cost of Greenhouse Gases (IWG), including the Chair of the Council of Economic Advisors (CEA), the Director of the Office of Management and Budget (OMB), and the Director of the Office of Science and Technology Policy (OSTP), requests public nominations of scientific experts for the upcoming peer review of "*Technical Support Document: Social Cost of Greenhouse Gas Estimates*." This document will undergo independent external scientific peer review managed by a contractor to EPA. Interested stakeholders will be provided 21 days to submit nominations for expert reviewers for consideration by the EPA contractor.

DATES: The 21-day public comment period to provide nominations begins January 25, 2022 and ends February 15, 2022. Comments must be received on or before February 15, 2022.

ADDRESSES: Submit your nominations by emailing them to SC-GHG@epa.gov (subject line: SC-GHG Peer Review Nomination) no later than February 15, 2022. To receive full consideration, nominations should include all of the information requested below. Please be advised that public comments are subject to release under the Freedom of Information Act, including communications on these nominations.

FOR FURTHER INFORMATION CONTACT:

For general information, please contact: Nathalie Simon, NCEE; email: simon.nathalie@epa.gov.

Questions about the peer review, including the nomination process, can be directed to SC-GHG@epa.gov (subject line: SC-GHG Peer Review Question) until a contractor is selected or by phone: (202)566-2347. Once selected,

contractor information will be made available at <https://www.epa.gov/environmental-economics/scghg-td-peer-review>.

SUPPLEMENTARY INFORMATION:

I. Background

A robust and scientifically founded assessment of the positive and negative impacts that an action can be expected to have on society provides important insights in the policy-making process. Estimates of the social cost of carbon (SC-CO₂), social cost of methane (SC-CH₄), and social cost of nitrous oxide (SC-N₂O), collectively called the Social Cost of Greenhouse Gases (SC-GHG), are used to estimate the value to society of marginal reductions in greenhouse gas emissions, or conversely, the social costs of increasing such emissions, in the policymaking process. Federal agencies began regularly incorporating SC-CO₂ estimates in benefit-cost analyses conducted under Executive Order (E.O.) 12866 in 2008, following a court ruling in which an agency was ordered to consider the value of reducing carbon dioxide emissions in a rulemaking process. In 2009, an original interagency working group (IWG) was established to ensure that agencies had access to the best available science and to promote consistency in the estimated values. The IWG published SC-CO₂ estimates in 2010. These estimates were updated in 2013. In August 2016, the IWG published a technical support document (TSD) providing SC-CH₄ and SC-N₂O estimates using methodologies that are consistent with the methodology underlying the SC-CO₂ estimates.

On February 26, 2021, under Executive Order (E.O.) 13990, a re-constituted IWG issued an updated TSD that recommended interim estimates of the SC-CO₂, SC-CH₄, and SC-N₂O while a more comprehensive updated set of SC-GHG estimates were developed. The interim SC-GHG estimates are reported in 2020 dollars, but otherwise use identical methods and inputs to those presented in the 2016 version of the TSD and its Addendum, including the same three peer-reviewed integrated assessment models. On May 7, 2021, OMB, on behalf of the co-chairs of the IWG, published a notice requesting public comment on the interim TSD as well as on how best to incorporate the latest peer-reviewed science and economics literature in developing an updated set of SC-GHG estimates.

A TSD with updated SC-GHG estimates is being developed and will be released for public comment and will undergo peer review. The forthcoming

TSD will present a comprehensive update of the SC-GHG estimates taking into consideration the recommendations of the National Academies of Sciences, Engineering, and Medicine (as reported in *Valuing Climate Damages: Updating Estimation of the Social Cost of Carbon Dioxide* (2017)), other pertinent scientific literature, and the public comments received on the February 2021 interim TSD.

EPA is releasing this announcement to notify the public of upcoming peer review activities related to the forthcoming TSD containing updated SC-GHG estimates. This TSD will undergo independent, external scientific peer review managed by a contractor to EPA. EPA will provide the selected contractor with all reviewer nominations received in response to this notice. The contractor will both screen the nominees submitted as a result of this notice to ensure they have the types of disciplinary expertise listed in the notice and use traditional techniques (e.g., a literature search) to identify additional qualified candidates in the disciplines described below. The contractor will formulate a pool of at least (15) candidate external reviewers to provide independent external reviews of the TSD. The contractor will request comment on the pool of candidate external reviewers (i.e., List of Candidates) in a future public posting (as described below). After consideration of public comments on the List of Candidates, the contractor will select from this pool the final multi-disciplinary panel of five (5) to seven (7) peer reviewers in a manner consistent with EPA's *Peer Review Handbook 4th Edition, 2015* (EPA/100/B-15/001). EPA will provide updates on the status of the peer review via the SC-GHG TSD peer review website (<https://www.epa.gov/environmental-economics/scghg-td-peer-review>). EPA encourages all interested stakeholders to register for receipt of future announcements by emailing SC-GHG@epa.gov (subject line: SC-GHG Peer Review Future Announcements). Until a contractor selection is made, specific questions or comments on the peer review process should also be directed to SC-GHG@epa.gov (subject line: SC-GHG Peer Review Question).

II. Information About This Peer Review

EPA is seeking nominations of nationally and internationally recognized experts with demonstrated expertise and research on in one or more of the following areas:

- Environmental economics with a focus on modeling the impacts of

climate change, uncertainty, and/or discounting,

- climate science, with a focus on the estimation of future climatic variables resulting from different emission scenarios, and on the calculation of impacts resulting from elevated greenhouse gas concentrations,
- integrated assessment modeling, and
- benefit-cost analysis.

A balanced review panel includes candidates who possess the necessary domains of knowledge, the relevant scientific perspectives (which, among other factors, can be influenced by work history and affiliation), and the collective breadth of experience to adequately provide rigorous scientific peer review. In forming the list of candidate external reviewers (i.e., the List of Candidates), the contractor will consider the nominations submitted in response to this notice and use traditional techniques (e.g., a literature search) to identify additional qualified candidates in the disciplines listed above. Public comments on the List of Candidates will be solicited in a future announcement. The contractor will rely on public comments received on the List of Candidates, the information provided by the candidates themselves, and background information. Selection criteria to be used for panel membership include: (a) Scientific and/or technical expertise, knowledge, and experience (primary factors); (b) availability and willingness to serve; (c) absence of any potential organizational or personal conflicts of interest; and (d) skills working in committees, subcommittees and advisory panels.

Process and Deadline for Submitting Nominations: Any interested person or organization may nominate qualified individuals in the areas of expertise described above. Self-nominations are permitted. Submit your nominations by email to SC-GHG@epa.gov (subject line: SC-GHG Peer Review Nomination). To receive full consideration, nominations should include all of the requested information: Contact information about the person making the nomination; contact information about the nominee; the nominee's disciplinary and specific areas of expertise; the nominee's resume or curriculum vitae; sources of recent grant and/or contract support; and a biographical sketch of the nominee indicating current position, educational background, research activities, and recent service on other national advisory committees or national professional organizations. Persons having questions about the nomination procedures should contact SC-GHG@epa.gov (subject line: SC-GHG Peer

Review Question), as noted above. EPA will acknowledge receipt of nominations and will refer all nominations to the contractor for evaluation. The names and biosketches of qualified nominees identified by respondents to this **Federal Register** notice, along with additional experts identified by the contractor, will be posted on the SC–GHG TSD peer review website and will be available for public comment. The process for public comment on the pool of nominees, as well as the date and location of public meetings related to this peer review, will be announced on the SC–GHG TSD peer review website, and through the SC–GHG TSD peer review contact list.

Dated: January 19, 2022.

Albert McGartland,

Director, National Center for Environmental Economics.

BILLING CODE 6560–50–P

ENVIRONMENTAL PROTECTION AGENCY

[EPA–HQ–OW–2022–0097; FRL–9455–01–OW]

National Pollutant Discharge Elimination System (NPDES) Industrial Stormwater Fact Sheet Series

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice; request for public input.

SUMMARY: The U.S. Environmental Protection Agency (EPA or Agency) is seeking public input on updating the National Pollutant Discharge Elimination System (NPDES) Industrial Stormwater Fact Sheet Series (hereinafter referred to as “the fact sheets”). EPA’s industrial stormwater program has 29 fact sheets currently posted online for each sector covered under the 2021 Multi-Sector General Permit (MSGP) for stormwater discharges from industrial activity. Each fact sheet describes the types of facilities included in the sector, typical stormwater pollutants associated with the sector, and types of stormwater control measures (SCMs) that may be used to minimize the discharge of the pollutants. EPA is seeking public input on the fact sheets, particularly focused on updating: Common activities, pollutant sources, and associated pollutants at facilities in each sector; and SCMs or best management practices (BMPs), including source control and good housekeeping/pollution prevention measures for potential pollutant sources at facilities in each

sector. In updating the fact sheets, EPA will consider input received in response to this notice as well as any relevant comments related to the content of the fact sheets that the Agency received during the public comment period for the proposed 2021 MSGP. The fact sheets can be found in the docket and at <https://www.epa.gov/npdes/stormwater-discharges-industrial-activities-fact-sheets-and-guidance>.

DATES: Comments on the fact sheets must be received on or before March 28, 2022.

ADDRESSES: You may send comments, identified by Docket ID No. EPA–HQ–OW–2022–0097, by the following method:

- *Federal eRulemaking Portal:* <https://www.regulations.gov/>. Follow the online instructions for submitting comments.

Instructions: All submissions received must include the Docket ID No. for this rulemaking. Comments received may be posted without change to <https://www.regulations.gov/>, including any personal information provided. For detailed instructions on sending comments, see the “Public Participation” heading of the **SUPPLEMENTARY INFORMATION** section of this document. Out of an abundance of caution for members of the public and our staff, the EPA Docket Center and Reading Room are open to the public by appointment only to reduce the risk of transmitting COVID–19. Our Docket Center staff also continues to provide remote customer service via email, phone, and webform. Hand deliveries and couriers may be received by scheduled appointment only. For further information on EPA Docket Center services and the current status, please visit us online at <https://www.epa.gov/dockets>.

FOR FURTHER INFORMATION CONTACT: Katelyn Amraen, EPA Headquarters, Office of Water, Office of Wastewater Management (MC 4203M), 1200 Pennsylvania Avenue NW, Washington, DC 20460; telephone number: 202–564–2740; email address: amraen.katelyn@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Public Participation

Submit your comments, identified by Docket ID No. EPA–HQ–OW–2022–0097, at <https://www.regulations.gov/>. Once submitted, comments cannot be edited or removed from the docket. The EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information

whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.*, on the web, cloud, or other file sharing system). For additional submission methods, the full EPA public comment policy, information about CBI or multimedia submissions, and general guidance on making effective comments, please visit <https://www.epa.gov/dockets/commenting-epa-dockets>.

II. Background

EPA’s industrial stormwater program has 29 fact sheets currently posted online for each sector covered under the MSGP and shown below:

- Sector A—Timber Products.
- Sector B—Paper and Allied Products Manufacturing.
- Sector C—Chemical and Allied Products Manufacturing.
- Sector D—Asphalt Paving and Roofing Materials Manufactures and Lubricant Manufacturers.
- Sector E—Glass, Clay, Cement, Concrete, and Gypsum Product Manufacturing.
- Sector F—Primary Metals.
- Sector G—Metal Mining (Ore Mining and Dressing).
- Sector H—Coal Mines and Coal Mining-Related Facilities.
- Sector I—Oil and Gas Extraction.
- Sector J—Mineral Mining and Dressing.
- Sector K—Hazardous Waste Treatment Storage or Disposal.
- Sector L—Landfills and Land Application Sites.
- Sector M—Automobile Salvage Yards.
- Sector N—Scrap Recycling Facilities.
- Sector O—Steam Electric Generating Facilities.
- Sector P—Land Transportation.
- Sector Q—Water Transportation.
- Sector R—Ship and Boat Building or Repairing Yards.
- Sector S—Air Transportation Facilities.
- Sector T—Treatment Works.
- Sector U—Food and Kindred Products.
- Sector V—Textile Mills, Apparel, and other Fabric Products Manufacturing.
- Sector W—Furniture and Fixtures.
- Sector X—Printing and Publishing.
- Sector Y—Rubber, Miscellaneous Plastic Products, and Miscellaneous Manufacturing Industries.
- Sector Z—Leather Tanning and Finishing.
