Food Safety and Inspection Service

Title: Laboratories.

OMB Control Number: 0583–0158.

Summary of Collection: The Food Safety and Inspection Service (FSIS) has been delegated the authority to exercise the functions of the Secretary as provided in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601 *et. seq.*), the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451, *et. seq.*), and the Egg Products Inspection Act (EPIA) (21 U.S.C. 1031 *et seq.*). These statutes mandate that FSIS protect the public by verifying that meat and poultry products are safe, wholesome, unadulterated, and properly labeled and packaged. FSIS will use one form to collect information to help assess laboratories participating in the Accredited Laboratory program to ensure they meet the required standards.

Need and Use of the Information: Any non-federal laboratory that is applying for the FSIS Accredited Laboratory program will need to complete an

Application for FSIS Accredited Laboratory Program 10,110–2 form. State or private laboratories need only submit the application once for entry into the program. FSIS uses the information collected by the form to help assess the laboratory applying for admission to the FSIS Accredited Laboratory program.

Description of Respondents: Business or other for-profit.

Number of Respondents: 2.

Frequency of Responses: Reporting: Annually.

Total Burden Hours: 1.

Food Safety and Inspection Service

Title: Records to be Kept by Official Establishments and Retail Stores that Grind Raw Beef Products.

OMB Control Number: 0583–0165.

Summary of Collection: The Food Safety and Inspection Service (FSIS) has been delegated the authority to exercise the functions of the Secretary as provided in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601 *et. seq.*). These statutes mandate that FSIS protect the public by verifying that meat and poultry products are safe, wholesome, not adulterated, and properly labeled and packaged.

FSIS requires that all grinders or choppers of raw beef products, beef manufacturing trimmings, or trimmings fabricated at retail intended for use in raw ground or chopped beef products, including retail facilities, are persons required by FMIA to keep records which will fully and correctly disclose all transactions involved in their business subject to the Act. If not doing so already, these businesses must maintain records that disclose the identity and supplier of all materials used in the preparation of each lot of raw ground or chopped beef product.

Need and Use of the Information: FSIS requires that all establishments and retail stores that grind or chop beef products are required to keep these records. These records provide critical information about how, when, and where raw ground or chopped beef product was prepared, shipped, received, stored, and handled, which are essential to illness outbreak investigations, recalls, and other agency public health activities conducted by FSIS.

In addition, FSIS requires that specific information be kept in the required records and that retail stores maintain store-designed systems that allow them to link individual packages of raw ground or chopped beef products prepared and sold by them to the required records. The required records must include the following information:

1. Name, point of contact (name, title, email, and facsimile number) telephone number, and establishment number of the Federal, State, or foreign establishment supplying the raw source material,

2. Supplier lot numbers and production dates for each raw source material used; and,

3. The names of the supplied materials.

Description of Respondents: Business or other for-profit.

Number of Respondents: 65,911.

Frequency of Responses: Recordkeeping: Weekly, Annually; Monthly.

Total Burden Hours: 1,658,650.

Animal and Plant Health Inspection Service

[Docket No. APHIS-2021-0041]

Notice of Decision To Revise the Requirements for the Importation of Plums (*Prunus domestica*) From Chile Into the United States

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Notice.

SUMMARY: We are advising the public of our decision to revise the requirements relative to the importation into the United States of plums from Chile. Based on the findings of a commodity import evaluation document, which we made available to the public for review and comment through a previous notice, we have determined that, in addition to the existing option of irradiation, plums from Chile may safely be imported under a systems approach for mitigation of the risk posed by European grapevine moth, with an additional option for fumigation with methyl bromide.

DATES: The articles covered by this notification may be authorized for

importation under the revised requirements after January 25, 2022.

FOR FURTHER INFORMATION CONTACT: Ms. Claudia Ferguson, Senior Regulatory Policy Specialist, Plant Health Programs, PPQ, APHIS, 4700 River Road Unit 133, Riverdale, MD 20737-1231; (301) 851-2352; Claudia.Ferguson@usda.gov.

SUPPLEMENTARY INFORMATION:

Background

Under the regulations in “Subpart L—Fruits and Vegetables” (7 CFR 319.56-1 through 319.56-12, referred to below as the regulations), the Animal and Plant Health Inspection Service (APHIS) of the U.S. Department of Agriculture (USDA) prohibits or restricts the importation of fruits and vegetables into the United States from certain parts of the world to prevent plant pests from being introduced into and spread within the United States.

Section 319.56-4 of the regulations provides the requirements for authorizing the importation of fruits and vegetables into the United States, as well as revising existing requirements for the importation of fruits and vegetables. Paragraph (c) of that section provides that the name and origin of all
