Section 19(b)(2) of the Act⁴ provides that, within 45 days of the publication of notice of the filing of a proposed rule change, or within such longer period up to 90 days as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or as to which the self-regulatory organization consents, the Commission shall either approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether the proposed rule change should be disapproved. SUPPLEMENTARY INFORMATION:

Title: Mariner Survey Pre-Test.

OMB Control Number: 2133-NEW.

Type of Request: New information collection request.

Abstract: The Maritime Administration intends to conduct a Pre-Test for a survey of individuals who hold appropriate merchant mariner credentials issued by the U.S. Coast Guard. This voluntary Mariner Survey Pre-Test information collection is limited to cognitive interviews and a pilot survey of a sample of credentialed U.S. merchant mariners to validate and improve the design of a questionnaire and other components for a subsequent full Mariner Survey. Cognitive interviews will be conducted either online or over telephone; pilot survey responses will be primarily conducted online, with a mail survey option.

Upon completion of this Pre-Test collection and analysis, MARAD intends to request separate approval for the full biennial Mariner Survey of all appropriately credentialed U.S. merchant mariners to determine the number of qualified mariners who are available and willing to serve on short notice on U.S. government-owned sealift ships or commercial ships during a period of national need. The most recent survey of this scope was completed in 2002. The availability of a reliable, current estimate on the number of mariners willing to serve in times of war, armed conflict, or national emergency is critical to the U.S. national security.

Respondents: Individuals who hold appropriate merchant mariner

credentials issued by the U.S. Coast Guard.

Affected Public: Individuals or Households.

Total Estimated Number of Respondents: 690 (40 cognitive interviews; 650 pilot survey respondents).

Frequency of Collection: One-time.

Estimated Times per Respondent: 45 minutes for cognitive interviews; 20 minutes for pilot survey.

Total Estimated Number of Annual Burden Hours: 247.

Public Comments Invited: Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology. A comment to OMB is best assured of having its full effect if OMB receives it within 30 days of publication.
