SUPPLEMENTARY INFORMATION:

A. OMB Control Number, Title, and Any Associated Form(s)

9000-0048, Certain Federal Acquisition Regulation Part 15 Requirements.

B. Need and Uses

DoD, GSA, and NASA are combining OMB Control Nos. for the Federal Acquisition Regulation (FAR) by FAR part. This consolidation is expected to improve industry's ability to easily and efficiently identify burdens associated with a given FAR part. The review of the information collections by FAR part allows improved oversight to ensure there is no redundant or unaccounted for burden placed on industry. Lastly, combining information collections in a given FAR part is also expected to reduce the administrative burden associated with processing multiple information collections.

This justification supports the revision of the expiration date of OMB Control No. 9000-0048 and combines it with the previously approved information collections under OMB Control No. 9000-0078, with the new title “Certain Federal Acquisition Regulation Part 15 Requirements.” Upon approval of this consolidated information collection, OMB Control No. 9000-0078 will be discontinued. The burden requirements previously

approved under the discontinued number will be covered under OMB Control No. 9000-0048.

This clearance covers the information that offerors and contractors must submit to comply with the following FAR requirements:

(c) For each item or work effort categorized as “can either make or buy,” a proposal either to “make” or to “buy”;
