Background: As requested in the letter received from the USTR on December 14, 2021, the Commission has instituted an investigation under section 332(g) of the Tariff Act of 1930 (19 U.S.C. 1332(g)) on the economic activity in FTZs, current FTZ policies and practices, and the effects of those policies and practices, in the United States, Canada, and Mexico, on the cost-competitiveness of products of firms operating in these FTZs. For the purposes of this investigation, the term FTZs includes U.S. FTZs and similar programs in Canada and Mexico.

Specifically, the USTR requested that the Commission provide a report that includes the following:

 - Data on FTZ employment.
 - A list of the leading sectors/industries participating in FTZs.
 - Data on shipments into FTZs and exports from FTZs.
 - Data on foreign direct investment in FTZs.
- An overview of the current FTZ policies and practices in the United States, Canada, and Mexico. To the extent information is available, describe:

- FTZ tariff treatment.
- Other relevant policies and practices that affect the cost-competitiveness of products of U.S. firms operating in FTZs.

- To the extent practicable, an analysis of the effects of current FTZ policies and practices in the United States, Canada, and Mexico on the cost-competitiveness of products of firms operating in these FTZs. The analysis should include:

- A description of these effects of these policies and practices on the relative production costs of U.S. firms operating in FTZs in the United States, Canada, and Mexico.
- A description of the effects on U.S. employment.
- A description of the effects on selected U.S. sectors/industries operating in FTZs in the United States, Canada, and Mexico, including through the use of case studies as appropriate.
- A review of recent literature on the effects of FTZs on U.S. firm competitiveness and production.

As part of its investigation, the Commission intends to conduct a survey, and will post the survey on its website at a later date.

As requested by the USTR, the Commission will deliver the report on April 14, 2023. Since the USTR has indicated that USTR intends to make this report available to the public in its entirety, the Commission will not include confidential business or national security classified information in its report.

Written Submissions: In lieu of or in addition to participating in the hearing, interested parties are invited to file written submissions concerning this investigation. All written submissions should be addressed to the Secretary, and should be received not later than the dates provided for in this notice. All written submissions must conform to the provisions of section 201.8 of the Commission’s Rules of Practice and Procedure (19 CFR 201.8), as temporarily amended by 85 FR 15798 (March 19, 2020). Definitions of Types of Documents That May Be Filed; Requirements: In addition to requests to appear at the hearing, this notice provides for the possible filing of four types of documents: prehearing briefs, oral hearing statements, posthearing briefs, and other written submissions.

(1) *Prehearing briefs* refers to written materials relevant to the investigation and submitted in advance of the hearing, and includes written views on matters that are the subject of the investigation, supporting materials, and any other written materials that you consider will help the Commission in understanding your views. You should file a prehearing brief particularly if you plan to testify at the hearing on behalf of an industry group, company, or other organization, and wish to provide detailed views or information that will support or supplement your testimony.

(2) *Oral hearing statements (testimony)* refers to the actual oral statement that you intend to present at the public hearing. *Do not* include any confidential business information in that statement. If you plan to testify, you

must file a copy of your oral statement by the date specified in this notice. This statement will allow Commissioners to understand your position in advance of the hearing and will also assist the court reporter in preparing an accurate transcript of the hearing (*e.g.*, names spelled correctly).

(3) *Posthearing briefs* refers to submissions filed after the hearing by persons who appeared at the hearing. Such briefs: (a) Should be limited to matters that arose during the hearing, (b) should respond to any Commissioner and staff questions addressed to you at the hearing, (c) should clarify, amplify, or correct any statements you made at the hearing, and (d) may, at your option, address or rebut statements made by other participants in the hearing.

(4) *Other written submissions* refer to any other written submissions that interested persons wish to make, regardless of whether they appeared at the hearing, and may include new information or updates of information previously provided.

In accordance with the provisions of section 201.8 of the Commission’s Rules of Practice and Procedure (19 CFR 201.8) the document must identify on its cover (1) the type of document filed (*i.e.*, prehearing brief, oral statement of (name), posthearing brief, or written submission), (2) the name of the person or organization filing it, and (3) whether it contains confidential business information (CBI). If it contains CBI, it must comply with the marking and other requirements set out below in this notice relating to CBI. Submitters of written documents (other than oral hearing statements) are encouraged to include a short summary of their position or interest at the beginning of the document, and a table of contents when the document addresses multiple issues.

Confidential Business Information: Any submissions that contain confidential business information must also conform to the requirements of section 201.6 of the Commission’s Rules of Practice and Procedure (19 CFR 201.6). Section 201.6 of the rules requires that the cover of the document and the individual pages be clearly marked as to whether they are the “confidential” or “non-confidential” version, and that the confidential business information is clearly identified by means of brackets. All written submissions, except for confidential business information, will be made available for inspection by interested parties.

As requested by the USTR, the Commission will not include any confidential business information in its

report. However, all information, including confidential business information, submitted in this investigation may be disclosed to and used: (i) By the Commission, its employees and Offices, and contract personnel (a) for developing or maintaining the records of this or a related proceeding, or (b) in internal investigations, audits, reviews, and evaluations relating to the programs, personnel, and operations of the Commission including under 5 U.S.C. Appendix 3; or (ii) by U.S. government employees and contract personnel for cybersecurity purposes. The Commission will not otherwise disclose any confidential business information in a way that would reveal the operations of the firm supplying the information.

Summaries of Written Submissions: Persons wishing to have a summary of their position included in the report that the Commission sends to the USTR should include a summary with their written submission and should mark the summary as having been provided for that purpose. The summary should be clearly marked as “summary for inclusion in the report” at the top of the page. The summary may not exceed 500 words and should not include any confidential business information. The summary will be published as provided if it meets these requirements and is germane to the subject matter of the investigation. The Commission will list the name of the organization furnishing the summary and will include a link to the Commission’s Electronic Document Information System (EDIS) where the full written submission can be found.
