

TABLE 3—REGISTRANTS REQUESTING VOLUNTARY CANCELLATION AND/OR AMENDMENTS—Continued

| EPA company No. | Company name and address   |
|-----------------|--|
| 73049 .....     | Valent Biosciences, LLC, 1910 Innovation Way, Suite 100, Libertyville, IL 60048–6316.                      |
| 74229 .....     | Pro Tech USA, LLC, Agent Name: KRK Consulting, LLC, 5807 Churchill Way, Medina, OH 44256.                  |
| 80289 .....     | Isagro S.P.A., D/B/A Isagro USA, Inc., Agent Name: Exigent Sciences, LLC, 370 S. Main St., Yuma, AZ 85364. |
| 87093 .....     | LNouvel, Inc., 4657 Courtyard Trail, Plano, TX 75024.  |

### III. What is the Agency's authority for taking this action?

Section 6(f)(1) of FIFRA (7 U.S.C. 136d(f)(1)) provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**.

Section 6(f)(1)(B) of FIFRA (7 U.S.C. 136d(f)(1)(B)) requires that before acting on a request for voluntary cancellation, EPA must provide a 30-day public comment period on the request for voluntary cancellation or use termination. In addition, FIFRA section 6(f)(1)(C) (7 U.S.C. 136d(f)(1)(C)) requires that EPA provide a 180-day comment period on a request for voluntary cancellation or termination of any minor agricultural use before granting the request, unless:

1. The registrants request a waiver of the comment period, or
2. The EPA Administrator determines that continued use of the pesticide would pose an unreasonable adverse effect on the environment.

The registrants have requested that EPA waive the 180-day comment period. Accordingly, EPA will provide a 30-day comment period on the proposed requests.

### IV. Procedures for Withdrawal of Requests

Registrants who choose to withdraw a request for product cancellation or use termination should submit the withdrawal in writing to the person listed under **FOR FURTHER INFORMATION CONTACT**. If the products have been subject to a previous cancellation action, the effective date of cancellation and all other provisions of any earlier cancellation action are controlling.

### V. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products that are currently in the United States and that were packaged, labeled, and released for shipment prior to the effective date of the action. If the requests for voluntary

cancellation and amendments to terminate uses are granted, the Agency intends to publish the cancellation order in the **Federal Register**.

In any order issued in response to these requests for cancellation of product registrations and for amendments to terminate uses, EPA proposes to include the following provisions for the treatment of any existing stocks of the products listed in Tables 1 and 2 of Unit II.

For voluntary product cancellations, registrants will be permitted to sell and distribute existing stocks of voluntarily canceled products for 1 year after the effective date of the cancellation, which will be the date of publication of the cancellation order in the **Federal Register**. Thereafter, registrants will be prohibited from selling or distributing the products identified in Table 1 of Unit II, except for export consistent with FIFRA section 17 (7 U.S.C. 136o) or for proper disposal.

Once EPA has approved product labels reflecting the requested amendments to terminate uses, registrants will be permitted to sell or distribute products under the previously approved labeling for a period of 18 months after the date of **Federal Register** publication of the cancellation order, unless other restrictions have been imposed. Thereafter, registrants will be prohibited from selling or distributing the products whose labels include the terminated uses identified in Table 2 of Unit II, except for export consistent with FIFRA section 17 or for proper disposal.

Persons other than the registrant may sell, distribute, or use existing stocks of canceled products and products whose labels include the terminated uses until supplies are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled products and terminated uses.

*Authority:* 7 U.S.C. 136 *et seq.*

Dated: January 21, 2022.

**Marietta Echeverria**,  
Acting Director, Registration Division, Office of Pesticide Programs.

### ENVIRONMENTAL PROTECTION AGENCY

[EPA–HQ–ORD–2020–0682; FRL–9518–01–ORD]

#### Request for Nomination of Experts for the Biofuels and the Environment: Third Triennial Report to Congress Peer Review Panel

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice; nomination of experts for peer review panel.

**SUMMARY:** The U.S. Environmental Protection Agency (EPA) is requesting nominations for an external expert panel to peer review EPA's Biofuels and the Environment: Third Triennial Report to Congress (RtC3). The peer review will be conducted under the framework of EPA's Scientific Integrity Policy ([https://www.epa.gov/sites/default/files/2014-02/documents/scientific\\_integrity\\_policy\\_2012.pdf](https://www.epa.gov/sites/default/files/2014-02/documents/scientific_integrity_policy_2012.pdf)) and follow procedures established in EPA's Peer Review Handbook 4th Edition, 2015 (EPA/100/B–15/001). EPA invites the public to nominate scientific experts to be considered as peer reviewers for this contractor-managed peer review. Nominations of peer review candidates will be accepted by EPA's contractor, Eastern Research Group, Inc. (ERG). Relevant expertise includes economics, engineering, agronomics, land use change, remote sensing, air quality, biogeochemistry, water quality, hydrology, conservation biology, limnology, and ecology. EPA has instructed ERG to formulate a single pool of eighteen (18) candidate external reviewers to provide independent external peer review. After consideration of peer reviewer nominations submitted to ERG in response to this **Federal Register** notice (FRN) and after consideration of public comments on the List of Candidates (to be announced in a future FRN), ERG will select from this pool the final list of up to nine (9) peer reviewers in a manner consistent with EPA's Peer Review Handbook 4th Edition, 2015 (EPA/100/B–15/001), ensuring their combined expertise best spans the above disciplines.

**DATES:** Nominations should be submitted by March 3, 2022.

**ADDRESSES:** Any interested person or organization may nominate scientific experts to be considered as peer reviewers. Self-nominations will also be accepted. Nominations should be submitted to ERG no later than March 3, 2022 by sending an email to: [peerreview@erg.com](mailto:peerreview@erg.com) (subject line: RtC3 Peer Review). Nominations should include all nominee information described in section II of the **SUPPLEMENTARY INFORMATION** section of this document.

**FOR FURTHER INFORMATION CONTACT:** Questions concerning nominations of expert peer reviewers should be directed to EPA's contractor, ERG, by email to [peerreview@erg.com](mailto:peerreview@erg.com) (subject line: RtC3 Peer Review). For information on the period of submission, contact the ORD Docket at the EPA Headquarters Docket Center; phone: 202-566-1752; fax: 202-566-9744; or email: [ord.docket@epa.gov](mailto:ord.docket@epa.gov). For technical information, contact Christopher Clark; phone: 202-564-4183; or email: [Clark.Christopher@epa.gov](mailto:Clark.Christopher@epa.gov).

**SUPPLEMENTARY INFORMATION:**

**I. Information About the Document**

In 2007, Congress enacted the Energy Independence and Security Act (EISA) with the stated goals of "mov[ing] the United States toward greater energy independence and security [and] to increase the production of clean renewable fuels." In accordance with these goals, EISA revised the Renewable Fuel Standard (RFS) Program, which was created under the 2005 Energy Policy Act and is administered by EPA, to increase the volume of renewable fuel required to be blended into transportation fuel to 36 billion gallons per year by 2022. Section 204 of EISA directs EPA, in consultation with the U.S. Departments of Agriculture and Energy, to assess and report triennially to Congress on the environmental and resource conservation impacts of the RFS Program.

The first report to Congress (RtC1) was completed in 2011 and provided an assessment of the environmental and resource conservation impacts associated with increased biofuel production and use (EPA/600/R-10/183F). The overarching conclusions of this first report were: (1) The environmental impacts of increased biofuel production and use were likely negative but limited in impact; (2) there was a potential for both positive and negative impacts in the future; and (3) EISA goals for biofuels production could be achieved with minimal

environmental impacts if best practices were used and if technologies advanced to facilitate the use of second-generation biofuel feedstocks (corn stover, perennial grasses, woody biomass, algae, and waste).

The second report to Congress (RtC2) was completed in 2018 and reaffirmed the overarching conclusions of the RtC1 (EPA/600/R-18/195). The RtC2 noted that the biofuel production and use conditions that led to the conclusions of the RtC1 had not materially changed, and that the production of biofuels from cellulosic feedstocks anticipated by both the EISA and the RtC1 had not materialized. Noting observed increases in acreage for corn and soybean production in the period prior to and following implementation of the RFS2 Program, the RtC2 concluded that the environmental and resource conservation impacts associated with land use change were likely due, at least in part, to the RFS and associated production of biofuel feedstocks but that further research was needed.

This RtC3 builds on the previous two reports and provides an update on the impacts to date of the RFS Program on the environment. This report assesses air, water, and soil quality; ecosystem health and biodiversity; and other effects. This third report also includes new analyses not previously included in the first and second reports.

**II. How To Submit Nominations for Peer Reviewers**

*Expertise sought:* EPA is seeking candidates who are nationally and/or internationally recognized scientific experts to serve as external peer reviewers for the draft report. Nominees should possess a strong background and demonstrated expertise in one or more of the following areas: Economics, engineering, agronomics, land use change, remote sensing, air quality, biogeochemistry, water quality, hydrology, conservation biology, limnology, and ecology. Economists should have expertise in partial equilibrium modeling (PE), computable general equilibrium modeling (CGE), and/or econometric studies. All candidates should have scientific credentials equivalent to a Ph.D., broad expertise in biofuels, and should be familiar with the Renewable Fuel Standard (RFS) Program.

*Selection criteria:* From the pool of nominees, EPA's contractor, ERG, will select nine peer reviewers, in a manner consistent with EPA's Peer Review Handbook 4th Edition, 2015 (EPA/100/B-15/001), based on the following factors: (1) Demonstrated expertise in the areas listed above through relevant

peer-reviewed publications; (2) professional accomplishments and recognition by professional societies; (3) demonstrated ability to work constructively and effectively in a committee setting; (4) absence of conflicts of interest; (5) no appearance of a lack of impartiality; (6) willingness to commit adequate time for a thorough review of the draft report, including preparation of individual written comments that will be made publicly available; and (7) availability to participate virtually in a public two-day or three-day peer review meeting and to provide subsequent revised individual comments. Registration information, meeting dates, and other logistical information will be provided in a subsequent FRN at least 30 days prior to the external peer review meeting.

*Required nominee information:* To receive full consideration, the following information should be provided for each nominee in the submission to ERG at [peerreview@erg.com](mailto:peerreview@erg.com) (subject line: RtC3 Peer Review): (1) Contact information for the person making the nomination; (2) contact information for the nominee; (3) the disciplinary and specific areas of expertise of the nominee; (4) the nominee's curriculum vitae; (5) a biographical sketch of the nominee indicating current position, educational background, past and current research activities, recent service on other advisory committees, peer review panels, editorial boards or professional organizations, sources of recent grant and/or contract support, and (6) any other comments on the relevance of the nominee's expertise to this peer review topic. Compensation for non-federal peer reviewers will be provided by ERG.

*Selection process:* ERG will notify nominees of selection or non-selection. ERG will also conduct an independent search for candidates to assemble a balanced group representing the expertise needed to fully evaluate EPA's Third Triennial Biofuels and the Environment Report to Congress (RtC3). ERG will consider and screen all nominees against the criteria previously described. Following the screening process, ERG will narrow the list of potential reviewers to eighteen candidates. Prior to selecting the final peer reviewers, an FRN will be published (exact date to be determined) to solicit comments on the pool of eighteen candidates. In that notice, the public will be requested to provide relevant information or documentation on the candidate pool within 15 days of the announcement of the interim list of candidates. After considering the public comments on the candidate pool, ERG will select nine peer reviewers, carefully

weighing a number of factors including the candidates' areas of expertise and professional qualifications.

## FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-0748 and 3060-0692; FR ID 69382]

### Information Collections Being Submitted for Review and Approval to Office of Management and Budget

**AGENCY:** Federal Communications Commission.

**ACTION:** Notice and request for comments.

**SUMMARY:** As part of its continuing effort to reduce paperwork burdens, as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal Agencies to take this opportunity to comment on the following information collection. Pursuant to the Small Business Paperwork Relief Act of 2002, the FCC seeks specific comment on how it can further reduce the information collection burden for small business concerns with fewer than 25 employees.

**DATES:** Written comments and recommendations for the proposed information collection should be submitted on or before March 3, 2022.

**ADDRESSES:** Comments should be sent to [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find this particular information collection by selecting "Currently under

30-day Review—Open for Public Comments" or by using the search function. Your comment must be submitted into [www.reginfo.gov](http://www.reginfo.gov) per the above instructions for it to be considered. In addition to submitting in [www.reginfo.gov](http://www.reginfo.gov) also send a copy of your comment on the proposed information collection to Cathy Williams, FCC, via email to [PRA@fcc.gov](mailto:PRA@fcc.gov) and to [Cathy.Williams@fcc.gov](mailto:Cathy.Williams@fcc.gov). Include in the comments the OMB control number as shown in the **SUPPLEMENTARY INFORMATION** below.

**FOR FURTHER INFORMATION CONTACT:** For additional information or copies of the information collection, contact Cathy Williams at (202) 418-2918. To view a copy of this information collection request (ICR) submitted to OMB: (1) Go to the web page <http://www.reginfo.gov/public/do/PRAMain>, (2) look for the section of the web page called "Currently Under Review," (3) click on the downward-pointing arrow in the "Select Agency" box below the "Currently Under Review" heading, (4) select "Federal Communications Commission" from the list of agencies presented in the "Select Agency" box, (5) click the "Submit" button to the right of the "Select Agency" box, (6) when the list of FCC ICRs currently under review appears, look for the Title of this ICR and then click on the ICR Reference Number. A copy of the FCC submission to OMB will be displayed.

**SUPPLEMENTARY INFORMATION:** The Commission may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

As part of its continuing effort to reduce paperwork burdens, as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501-3520), the FCC invited the general public and other Federal Agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimates; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated

collection techniques or other forms of information technology. Pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107-198, see 44 U.S.C. 3506(c)(4), the FCC seeks specific comment on how it might "further reduce the information collection burden for small business concerns with fewer than 25 employees."

**OMB Control Number:** 3060-0748.

**Title:** Section 64.104, 64.1509, 64.1510 Pay-Per-Call and Other Information Services.

**Form Number:** N/A.

**Type of Review:** Extension of a currently approved collection.

**Respondents:** Business or other for-profit entities.

**Number of Respondents and Responses:** 5,125 respondents; 5,175 responses.

**Estimated Time per Response:** 2 to 260 hours.

**Frequency of Response:** Annual and on occasion reporting and recordkeeping requirements; Third party disclosure requirement.

**Obligation to Respond:** Required to obtain or retain benefits. The statutory authority(s) for the information collection is found at 47 U.S.C. 228(c)(7)-(10); Public Law 192-556, 106 stat. 4181 (1992), codified at 47 U.S.C. 228 (The Telephone Disclosure and Dispute Resolution Act of 1992).

**Total Annual Burden:** 47,750 hours.

**Total Annual Cost:** None.

**Needs and Uses:** 47 CFR 64.1504 of the Commission's rules incorporates the requirements of Sections 228(c)(7)-(10) of the Communications Act restricting the manner in which toll-free numbers may be used to charge telephone subscribers for information services. Common carriers may not charge a calling party for information conveyed on a toll-free number call, unless the calling party: (1) Has executed a written agreement that specifies the material terms and conditions under which the information is provided, or (2) pays for the information by means of a prepaid account, credit, debit, charge, or calling card and the information service provider gives the calling party an introductory message disclosing the cost and other terms and conditions for the service. The disclosure requirements are intended to ensure that consumers know when charges will be levied for calls to toll-free numbers and are able to obtain information necessary to make informed choices about whether to purchase toll-free information services. 47 CFR 64.1509 of the Commission rules incorporates the requirements of 47 U.S.C. (c)(2) and 228 (d)(2)-(3) of the Communications Act. Common carriers that assign telephone numbers to pay-
