

Background

The NACMCF was established in 1988, in response to a recommendation of the National Academy of Sciences for an interagency approach to microbiological criteria for foods, and in response to a recommendation of the U.S. House of Representatives Committee on Appropriations, as expressed in the Rural Development, Agriculture, and Related Agencies Appropriation Bill for fiscal year 1988. The charter for the NACMCF is available for viewing on the FSIS internet web page at <https://www.fsis.usda.gov/policy/advisory-committees/national-advisory-committee-microbiological-criteria-foods-nacmcf>. A change was made in the charter to replace 'consumer group' with 'consumer organization' in reference to the representative on the Committee providing the viewpoint of consumers. This change addresses feedback received during the NACMCF membership appointment process for the consumer representative on the Committee to be a member of a consumer organization. The NACMCF provides scientific advice and recommendations to the Secretary of Agriculture and the Secretary of Health and Human Services on public health issues relative to the safety and wholesomeness of the U.S. food supply, including development of microbiological criteria and review and evaluation of epidemiological and risk assessment data and methodologies for assessing microbiological hazards in foods. The Committee also provides scientific advice and recommendations to the Departments of Commerce and Defense. The Committee reports to the Secretary of Agriculture through the Under Secretary for Food Safety, the Committee's Chair, and to the Secretary of Health and Human Services through the Assistant Secretary for Health, the Committee's Vice-Chair. Currently, Ms. Sandra Eskin, Deputy Under Secretary for Food Safety, USDA, is the Committee Chair; Dr. Susan T. Mayne, Director of the Food and Drug Administration's Center for Food Safety and Applied Nutrition (CFSAN), is the Vice-Chair; and Mr. John J. Jarosh, FSIS, is the Director of the NACMCF Secretariat and Designated Federal Officer.

NACMCF documents and comments posted on the FSIS website are electronic conversions from a variety of source formats. In some cases, document conversion may result in character translation or formatting errors. The original document is the official, legal copy. In order to meet the

electronic and information technology accessibility standards in Section 508 of the Rehabilitation Act, NACMCF may add alternate text descriptors for non-text elements (graphs, charts, tables, multimedia, etc.). These modifications only affect the internet copies of the documents. Copyrighted documents will not be posted on the FSIS website, but will be available for inspection in the FSIS Docket Room. Additional Public Notification Public awareness of all segments of rulemaking and policy development is important. Consequently, FSIS will announce this **Federal Register** publication on-line through the FSIS web page located at: <https://www.fsis.usda.gov/policy/federal-register-rulemaking/federal-register-notices>. FSIS also will make copies of this publication available through the FSIS *Constituent Update*, which is used to provide information regarding FSIS policies, procedures, regulations, **Federal Register** notices, FSIS public meetings, and other types of information that could affect or would be of interest to our constituents and stakeholders. The *Constituent Update* is available on the FSIS web page. Through the web page, FSIS is able to provide information to a much broader, more diverse audience. In addition, FSIS offers an email subscription service which provides automatic and customized access to selected food safety news and information. This service is available at: <https://www.fsis.usda.gov/news-events/news-press-releases/news-feeds-subscriptions>. Options range from recalls to export information, regulations, directives, and notices. Customers can add or delete subscriptions themselves and have the option to password protect their accounts.

SUPPLEMENTARY INFORMATION:

Background

On August 5, 2021, Commerce published the *Preliminary Results* of this administrative review.¹ On November 18, 2021, Commerce extended the deadline for the final results of this review to no later than January 28, 2022.² For a complete description of the events that followed the *Preliminary Results*, see the Issues and Decision Memorandum.³

We are conducting this review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of the Order⁴

The merchandise covered by the Order is welded pipe. For a complete description of the scope of the Order, see the Issues and Decision Memorandum.

Analysis of Comments Received

All issues raised in interested parties' briefs are addressed in the Issues and Decision Memorandum. A list of the issues addressed is attached to this notice at Appendix I. The Issues and Decision Memorandum is a public

document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Changes Since the Preliminary Results

Based on our analysis of the case and rebuttal briefs and the evidence on the record, we made certain changes from the *Preliminary Results*. These changes are explained in the Issues and Decision Memorandum.

Companies Not Selected for Individual Review

Section 705(c)(5)(A) of the Act states that for companies not investigated, in general, we will determine an all-others rate by weight-averaging the countervailable subsidy rates established for each of the companies individually investigated, excluding zero and *de minimis* rates or any rates based solely on the facts available. For

the final results of this review, we determine that only Hyundai RB Co., Ltd. (Hyundai RB) received countervailable subsidies that are above *de minimis* in both 2018 and 2019. However, because the 2018 subsidy rate is based entirely on facts available, we are applying the 2019 subsidy rate calculated for Hyundai RB to the non-selected companies for 2018 and 2019, as it is the only rate calculated for a mandatory respondent that was above *de minimis* and not based entirely on facts available.⁵ For a list of the 19 companies for which a review was requested, and which were not selected as mandatory respondents or found to be cross-owned with a mandatory respondent, see Appendix II to this notice.

Final Results of Administrative Review

In accordance with 19 CFR 351.221(b)(4)(i), we calculated an individual net countervailable subsidy rate for Hyundai RB and SeAH Steel Corporation. Commerce determines that, during the POR, the net countervailable subsidy rates for the producers/exporters under review are as follows:

Company	Subsidy rate for June 29 to December 31, 2018 (percent <i>ad valorem</i>)	Subsidy rate for January 1 to December 31, 2019 (percent <i>ad valorem</i>)
Hyundai RB Co., Ltd.	0.51	0.51.
SeAH Steel Corporation ⁶	0.24 (<i>de minimis</i>)	0.24 (<i>de minimis</i>).
Non-Examined Companies Under Review ⁷	0.51	0.51.

Disclosure

Commerce intends to disclose the calculations performed for these final results of review within five days of the date of publication of this notice in the **Federal Register**.⁸

Assessment Rates

Pursuant to 19 CFR 351.212(b)(2), Commerce will determine, and U.S. Customs and Border Protection (CBP) shall assess, countervailing duties on all appropriate entries of subject merchandise in accordance with the final results of this review, for the above-listed companies at the applicable *ad valorem* assessment rates listed for

the corresponding time period (*i.e.*, June 29, 2018, to October 26, 2018, and April 19, 2019, to December 31, 2019). For entries made during the gap period (*i.e.*, on or after October 27, 2018, through April 18, 2019), we will continue to instruct CBP to liquidate the entries without regard to countervailing duties pursuant to section 703(d) of the Act. We intend to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant

entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Instructions

In accordance with section 751(a)(1) of the Act, Commerce intends to instruct CBP to collect cash deposits of estimated countervailing duties in the amounts shown for each of the respective companies listed above for 2019, the second year covered by the period of the review, on shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of

publication of the final results of this administrative review.⁹ For all non-reviewed firms subject to the *Order*, we will instruct CBP to continue to collect cash deposits of estimated countervailing duties at the most recent company-specific rate or the all-others rate (9.29 percent), as appropriate.¹⁰ These cash deposit requirements, effective upon publication of these final results, shall remain in effect until further notice.

Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested.
