DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

January 24, 2022.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments are requested regarding: Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by March 4, 2022 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it

displays a currently valid OMB control number.

Rural Housing Service

Title: American Rescue Plan Act, 2021 Emergency Rural Health Care Grant Program.

OMB Control Number: 0575–0200.

Summary of Collection: On March 11, 2021, the President signed the American Rescue Plan Act that appropriated \$500 million in grant funding for the establishment of an Emergency Pilot Program for eligible Community Facilities (CF) applicants and eligible CF facilities to assist rural hospitals and local communities broaden access to COVID–19 vaccines, health care services, and food assistance through food banks and food distribution facilities, and projects supporting the long-term sustainability of rural health care. Making these funds available through the issuance of this NOFA, as authorized in Section 1002 of the American Rescue Plan Act, will provide funding to eligible applicants to offer support for rural health care services in the form of immediate relief, and longer-term funding to advance ideas and solutions to support the long-term sustainability of rural health and provide expeditious relief to address the current economic conditions arising from the COVID–19 emergency.

Community Facilities Programs, a division of the Rural Housing Service (RHS), hereinafter referred to as Agency, is part of the United States Department of Agriculture's Rural Development mission area. The Agency is authorized by Section 306(a) of the Consolidated Farm and Rural Development Act (7 U.S.C. 1926), as amended, to make grants to public agencies, nonprofit corporations, and Indian tribes to develop essential community facilities and services for public use in rural areas. The Emergency Rural Health Care Grant NOFA outlines the policies and responsibilities, including the collection and use of information necessary to effectively implement this program.

Need and Use of the Information: This information is used to determine whether applicants meet the eligibility requirements to be a recipient of grant funds, determine project eligibility, conduct technical evaluation, calculate a priority score, and rank and compete the application, as applicable, in order to be considered. Lack of adequate information to make the determination

could result in the improper administration and appropriation of the Federal grant funds.

Applications are submitted through the applicable USDA Rural Development State Office.

Description of Respondents: State, Local, or Tribal Government.

Number of Respondents: 1,092.

Frequency of Responses: Annually.

Total Burden Hours: 71,681.

[Docket No. FSIS–2021–0028]

National Advisory Committee on Microbiological Criteria for Foods: Committee and Charter Reestablishment

AGENCY: Food Safety and Inspection Service, USDA.

ACTION: Notice of intent to reestablish the committee and its charter.

SUMMARY: In accordance with the Federal Advisory Committee Act, this notice is announcing the intention of the USDA and the U.S. Department of Health and Human Services (HHS) to reestablish the committee for the National Advisory Committee on Microbiological Criteria for Foods (NACMCF) and its charter. The purpose of NACMCF is to provide impartial, scientific advice and peer reviews to Federal food safety agencies for use in the development of an integrated national food safety systems approach that assures the safety of domestic, imported, and exported foods.

FOR FURTHER INFORMATION CONTACT: John Jarosh, Designated Federal Officer, U.S. Department of Agriculture (USDA), Food Safety and Inspection Service (FSIS), Room 9–180 Patriots Plaza III, 1400 Independence Avenue SW, Washington, DC 20250–3700. Telephone number: (202) 690–6128. Email: NACMCF@usda.gov.

SUPPLEMENTARY INFORMATION:

Background

The NACMCF was established in 1988, in response to a recommendation of the National Academy of Sciences for an interagency approach to microbiological criteria for foods, and in response to a recommendation of the U.S. House of Representatives Committee on Appropriations, as expressed in the Rural Development, Agriculture, and Related Agencies Appropriation Bill for fiscal year 1988. The charter for the NACMCF is available for viewing on the FSIS internet web page at <https://www.fsis.usda.gov/policy/advisory-committees/national-advisory-committee-microbiological-criteria-foods-nacmcf>. A change was made in the charter to replace 'consumer group' with 'consumer organization' in reference to the representative on the Committee providing the viewpoint of consumers. This change addresses feedback received during the NACMCF membership appointment process for the consumer representative on the Committee to be a member of a consumer organization. The NACMCF provides scientific advice and recommendations to the Secretary of Agriculture and the Secretary of Health and Human Services on public health issues relative to the safety and wholesomeness of the U.S. food supply, including development of microbiological criteria and review and evaluation of epidemiological and risk assessment data and methodologies for assessing microbiological hazards in foods. The Committee also provides scientific advice and recommendations to the Departments of Commerce and Defense. The Committee reports to the Secretary of Agriculture through the Under Secretary for Food Safety, the Committee's Chair, and to the Secretary of Health and Human Services through the Assistant Secretary for Health, the Committee's Vice-Chair. Currently, Ms. Sandra Eskin, Deputy Under Secretary for Food Safety, USDA, is the Committee Chair; Dr. Susan T. Mayne, Director of the Food and Drug Administration's Center for Food Safety and Applied Nutrition (CFSAN), is the Vice-Chair; and Mr. John J. Jarosh, FSIS, is the Director of the NACMCF Secretariat and Designated Federal Officer.

NACMCF documents and comments posted on the FSIS website are electronic conversions from a variety of source formats. In some cases, document conversion may result in character translation or formatting errors. The original document is the official, legal copy. In order to meet the

electronic and information technology accessibility standards in Section 508 of the Rehabilitation Act, NACMCF may add alternate text descriptors for non-text elements (graphs, charts, tables, multimedia, etc.). These modifications only affect the internet copies of the documents. Copyrighted documents will not be posted on the FSIS website, but will be available for inspection in the FSIS Docket Room. Additional Public Notification Public awareness of all segments of rulemaking and policy development is important. Consequently, FSIS will announce this **Federal Register** publication on-line through the FSIS web page located at: <https://www.fsis.usda.gov/policy/federal-register-rulemaking/federal-register-notices>. FSIS also will make copies of this publication available through the FSIS *Constituent Update*, which is used to provide information regarding FSIS policies, procedures, regulations, **Federal Register** notices, FSIS public meetings, and other types of information that could affect or would be of interest to our constituents and stakeholders. The *Constituent Update* is available on the FSIS web page. Through the web page, FSIS is able to provide information to a much broader, more diverse audience. In addition, FSIS offers an email subscription service which provides automatic and customized access to selected food safety news and information. This service is available at: <https://www.fsis.usda.gov/news-events/news-press-releases/news-feeds-subscriptions>. Options range from recalls to export information, regulations, directives, and notices. Customers can add or delete subscriptions themselves and have the option to password protect their accounts.
