**Certain Steel Nails From the United Arab Emirates: Final Results of Antidumping Duty Administrative Review; 2019-2020**

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The Department of Commerce (Commerce) determines that sales of certain steel nails (steel nails) from the United Arab Emirates (UAE) were made at less than normal value during the period of review (POR) May 1, 2019, through April 30, 2020.

**DATES:** Applicable February 7, 2022.

**FOR FURTHER INFORMATION CONTACT:** Brittany Bauer or Kelsie Hohenberger, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington DC 20230; telephone: (202) 482-2312 or (202) 482-2517.

**SUPPLEMENTARY INFORMATION:**

**Background**

On August 6, 2021, Commerce published the preliminary results of the 2019-2020 administrative review of the antidumping duty order on certain steel nails from the UAE.<sup>1</sup> On November 30, 2021, Commerce extended the deadline

<sup>1</sup> See *Certain Steel Nails from the United Arab Emirates: Preliminary Results of Antidumping Duty Administrative Review; 2019-2020*, 86 FR 43177 (August 6, 2021) (*Preliminary Results*), and accompanying Preliminary Decision Memorandum.

for the final results by 60 days, until February 2, 2022.<sup>2</sup> A full description of the events since the *Preliminary Results* is contained in the Issues and Decision Memorandum.<sup>3</sup>

Commerce conducted this review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

**Scope of the Order**

The products covered by this order are steel nails from the UAE. For a full description of the scope, see the Issues and Decision Memorandum.

**Analysis of Comments Received**

In the Issues and Decision Memorandum, we address the sole issue raised in case and rebuttal briefs submitted by interested parties as reflected in the list of topics provided in the appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

**Changes Since the Preliminary Results**

Based on a review of the record and comments received from interested parties, and for the reasons explained in the Issues and Decision Memorandum, we made certain changes to the *Preliminary Results*.

**Final Results of the Review**

Commerce determines that the following weighted-average dumping margins exist for the period May 1, 2019, through April 30, 2020.

Producer/exporter	Weighted-average dumping margin (percent)
Middle East Manufacturing Steel LLC .....	3.47
Rich Well Steel Industries LLC ..	4.90

<sup>2</sup> See Memorandum, "Certain Steel Nails from the United Arab Emirates: Extension of Deadline for Final Results of Antidumping Duty Administrative Review," dated November 30, 2021.

<sup>3</sup> See Memorandum, "Certain Steel Nails from the United Arab Emirates: Issues and Decision Memorandum for the Final Results of the Antidumping Duty Administrative Review, 2019-2020," dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).

**Disclosure**

Commerce intends to disclose to interested parties the calculations performed in connection with the final results within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of the notice of final results in the **Federal Register**, in accordance with 19 CFR 351.224(b).

**Assessment Rate**

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise covered by this review. We calculated importer-specific *ad valorem* antidumping duty assessment rates based on the ratio of the total amount of antidumping duties calculated for the importer's examined sales to the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1). If an importer-specific assessment rate is *de minimis* (*i.e.*, less than 0.50 percent), Commerce will instruct CBP to liquidate that importer's entries of subject merchandise without regard to antidumping duties.

For entries of subject merchandise during the POR produced by Middle East Manufacturing Steel LLC and Rich Well Steel Industries LLC for which they did not know the merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate companies involved in the transaction.<sup>4</sup>

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

**Cash Deposit Requirements**

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rates for each company

<sup>4</sup> For a full discussion of this practice, see *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

listed above will be equal to the weighted-average dumping margins established in the final results of this administrative review; (2) for merchandise exported by producers or exporters not covered in this review, but covered in a prior segment of this proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently-completed segment of this proceeding in which they were examined; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value (LTFV) investigation but the producer is, then the cash deposit rate will be the rate established for the most recently-completed segment for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 4.30 percent, the all-others rate established in the LTFV investigation.<sup>5</sup> These cash deposit requirements, when imposed, shall remain in effect until further notice.

#### Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

#### Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

#### Notification to Interested Parties

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).

##### Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Marine Recreational Information Program, Access-Point Angler Intercept Survey (APAIS)

**AGENCY:** National Oceanic & Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of information collection, request for comment.

**SUMMARY:** The Department of Commerce, in accordance with the Paperwork Reduction Act of 1995 (PRA), invites the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. The purpose of this notice is to allow for 60 days of public comment preceding submission of the collection to OMB.

**DATES:** To ensure consideration, comments regarding this proposed information collection must be received on or before April 8, 2022.

**ADDRESSES:** Interested persons are invited to submit written comments to Adrienne Thomas, NOAA PRA Officer, at [Adrienne.thomas@noaa.gov](mailto:Adrienne.thomas@noaa.gov). Please reference OMB Control Number 0648-0659 in the subject line of your comments. Do not submit Confidential Business Information or otherwise sensitive or protected information.

**FOR FURTHER INFORMATION CONTACT:** Requests for additional information or specific questions related to collection activities should be directed to John Foster, Chief, Recreational Fisheries Statistics Branch, Fisheries Statistics Division, 301-427-8130, [john.foster@noaa.gov](mailto:john.foster@noaa.gov).

#### SUPPLEMENTARY INFORMATION:

##### I. Abstract

This request is for extension of a currently approved information collection.

Marine recreational anglers are surveyed to collect catch and effort data, fish biology data, and angler socioeconomic characteristics. These data are required to carry out provisions of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 *et seq.*), as amended, regarding conservation and management of fishery resources.

Marine recreational fishing catch and effort data are collected through a combination of mail surveys, telephone surveys and on-site intercept surveys with recreational anglers. Amendments to the Magnuson-Stevens Fishery Conservation and Management Act (MSA) require the development of an improved data collection program for recreational fisheries. To partially meet these requirements, NOAA Fisheries designed and implemented a new Access-Point Angler Intercept Survey (APAIS) in 2013 to ensure better coverage and representation of recreational fishing activity.

The APAIS intercepts marine recreational fishers at public-access sites in coastal counties from Maine to Mississippi, Hawaii, and Puerto Rico to obtain information about the just-completed day's fishing activity. Respondents are asked about the time and type of fishing, the angler's avidity and residence location, and details of any catch of finfish. Species identification, number, and size are collected for any available landed catch. Data collected from the APAIS are used to estimate the catch per angler of recreational saltwater fishers. These APAIS estimates are combined with estimates derived from independent but complementary surveys of fishing effort, the Fishing Effort Survey and the For-Hire Survey, to estimate total, state-level fishing catch, by species, and participation. These estimates are used in the development, implementation, and monitoring of fishery management programs by the NMFS, regional fishery management councils, interstate marine fisheries commissions, and state fishery agencies.

##### II. Method of Collection

Information will be collected through onsite in-person interviews.
