

B-WET has created an across-region, internal evaluation system to provide ongoing monitoring of program implementation and to identify opportunities for improved program outcomes. The evaluation system is maintained by B-WET staff with occasional assistance from an outside contractor. The evaluation system collects information from B-WET program-funded project participants.

B-WET awardees of grants or cooperative agreements, and the awardees' teachers who attend professional development programs provided by the awardees, are asked to voluntarily complete online survey forms to provide data for the evaluation system. Information collected from awardees includes program elements such as program duration, format, audience, location, support and/or materials offered, and topics covered. Information collected from teacher professional development participants includes teaching methodologies, program satisfaction, program coverage, suggestions for improvement, and teaching confidence. Information collected from teachers at the end of the school year following their participation in a professional development program includes time spent teaching topics covered in the professional development program, types of activities used with their students, teachers' perceptions of student learning, and teaching practices utilized. One individual from each awardee organization is asked to complete a survey once per year of the award, and the teacher participants are asked to complete one survey at the end of their professional development program and another survey at the end of the following school year. Responses to the survey questions are aggregated and analyzed as part of ongoing evaluation efforts.

Based on a review of annual evaluation system results, B-WET has made program improvements by adjusting its Federal Notice of Funding Opportunities and program guidelines. On-going data collection enables NOAA to monitor program implementation and outcomes on a regular basis and supports adaptive management of the program.

II. Method of Collection

Respondents submit their information electronically using a survey collection platform.

III. Data

OMB Control Number: 0648–0658.
Form Number(s): None.

Type of Review: Regular submission, extension of a current information collection.

Affected Public: Business and other for-profit organizations; not-for-profit institutions; state, local or tribal government; individuals or households.

Estimated Number of Respondents: Given the funding levels of the past three fiscal years, NOAA B-WET estimates that approximately 165 awardees and 3,374 teachers will be invited to respond each year.

Estimated Time per Response: Awardee-respondents will complete an online survey in 60 minutes and teacher-respondents will complete two online surveys in 30 minutes each.

Estimated Total Annual Burden Hours: 3,539.

Estimated Total Annual Cost to Public: \$0 in recordkeeping/reporting costs.

Respondent's Obligation: Voluntary.
Legal Authority: 33 U.S.C. 893a(a), the America COMPETES Act.

IV. Request for Comments

We are soliciting public comments to permit the Department/Bureau to: (a) Evaluate whether the proposed information collection is necessary for the proper functions of the Department, including whether the information will have practical utility; (b) Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used; (c) Evaluate ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Chief Information Officer, Commerce Department.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648–XB741]

Fisheries of the U.S. Caribbean; Southeast Data, Assessment, and Review (SEDAR); Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of SEDAR 80 workshop webinars for U.S. Caribbean Queen Triggerfish Fishery Topical Working Group.

SUMMARY: The SEDAR 80 assessment process of U.S. Caribbean Queen Triggerfish will consist of a series of webinars. See **SUPPLEMENTARY INFORMATION**.

DATES: The SEDAR 80 U.S. Caribbean Queen Triggerfish Fishery Topical Working Group workshop will be held via webinar from 12 p.m. to 4 p.m. Eastern, each day, February 28–March 2, 2022. The established times may be adjusted as necessary to accommodate the timely completion of discussion relevant to the assessment process. Such adjustments may result in the meeting being extended from or completed prior to the time established by this notice.

ADDRESSES:

Meeting address: The meeting will be held via webinar. The webinar is open to members of the public. Those interested in participating should contact Julie A. Neer at SEDAR (see **FOR FURTHER INFORMATION CONTACT**) to request an invitation providing webinar access information. Please request webinar invitations at least 24 hours in advance of each webinar.

SEDAR address: 4055 Faber Place Drive, Suite 201, North Charleston, SC 29405.

FOR FURTHER INFORMATION CONTACT: Julie A. Neer, SEDAR Coordinator; (843) 571–4366; Email: Julie.neer@safmc.net.

SUPPLEMENTARY INFORMATION: The Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NOAA Fisheries and the Atlantic and Gulf States Marine Fisheries Commissions have implemented the Southeast Data, Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR is a multi-step process including: (1) Data Workshop, (2) a series of assessment webinars, and (3) A Review Workshop. The product of the Data Workshop is a

report that compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The assessment webinars produce a report that describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and monitoring needs. The product of the Review Workshop is an Assessment Summary documenting panel opinions regarding the strengths and weaknesses of the stock assessment and input data. Participants for SEDAR Workshops are appointed by the Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils and NOAA Fisheries Southeast Regional Office, HMS Management Division, and Southeast Fisheries Science Center. Participants include data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and NGO's; International experts; and staff of Councils, Commissions, and state and federal agencies.

The items of discussion during the workshop are as follows:

Working Group members will discuss factors that may impact the fishery for U.S. Caribbean Queen Triggerfish. Potential assessment data may also be reviewed.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during these meetings. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to the Council office (see **ADDRESSES**) at least 5 business days prior to each workshop.

Note: The times and sequence specified in this agenda are subject to change.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: February 3, 2022.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Marine Mammals; File No. 26245

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; receipt of application.

SUMMARY: Notice is hereby given that the Zoological Society of San Diego d/ b/a San Diego Zoo Wildlife Alliance, P.O. Box 120551, San Diego, CA 92112 (Responsible Party: Paul Baribault), has applied in due form for a permit to import, export, and receive protected species parts for scientific research.

DATES: Written, telefaxed, or email comments must be received on or before March 10, 2022.

ADDRESSES: The application and related documents are available for review by selecting "Records Open for Public Comment" from the "Features" box on the Applications and Permits for Protected Species (APPS) home page, <https://apps.nmfs.noaa.gov>, and then selecting File No. 26245 from the list of available applications. These documents are also available upon written request via email to NMFS.Pr1Comments@noaa.gov.

Written comments on this application should be submitted via email to NMFS.Pr1Comments@noaa.gov. Please include File No. 26245 in the subject line of the email comment.

Those individuals requesting a public hearing should submit a written request via email to NMFS.Pr1Comments@noaa.gov. The request should set forth the specific reasons why a hearing on this application would be appropriate.

FOR FURTHER INFORMATION CONTACT: Shasta McClenahan, Ph.D. or Jennifer Skidmore, (301) 427-8401.

SUPPLEMENTARY INFORMATION: The subject permit is requested under the authority of the Marine Mammal Protection Act of 1972, as amended (MMPA; 16 U.S.C. 1361 *et seq.*), the regulations governing the taking and importing of marine mammals (50 CFR part 216), the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531

et seq.), the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222-226), and the Fur Seal Act of 1966, as amended (16 U.S.C. 1151 *et seq.*).

The applicant proposes to import, export, and receive protected species parts to create a resource for current and future research and to protect the diversity of the gene pool of endangered and protected marine species. Parts from up to 60 individuals of any species of cetacean, pinniped (excluding walrus), or sea turtle under NMFS' jurisdiction may be obtained annually. Cell lines may be received or created from samples obtained under this permit. The requested duration of the permit is five years.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), an initial determination has been made that the activity proposed is categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement.

Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of the application to the Marine Mammal Commission and its Committee of Scientific Advisors.

Dated: February 2, 2022.

Julia M. Harrison,

Chief, Permits and Conservation Division, Office of Protected Resources, National Marine Fisheries Service.
