Need for the Correction

As published, the AD number specified in the regulatory text is incorrect. The incorrectly specified AD number was FAA-2021-1003; the correct AD number is 2022-02-02.

Correction of Publication

This document corrects an error and correctly adds the AD as an amendment to 14 CFR 39.13. Although no other part of the preamble or regulatory information has been corrected, the FAA is publishing the entire rule in the **Federal Register**.

The effective date of this AD remains February 16, 2022.

Since this action only corrects the AD number, it has no adverse economic impact and imposes no additional burden on any person. Therefore, the FAA has determined that notice and public comment procedures are unnecessary.
