others cash deposit rate for “all other producers or exporters” is 6.05 percent. In the **Federal Register** of October 6, 2020, in the FR Doc 2020–22053 on page 63081, in the first column, correct the all-others cash deposit rate for “all other producers or exporters” in the first paragraph under the “Cash Deposit Requirements” section. The correct all-others cash deposit rate for “all other producers or exporters” is 6.05 percent.

**Background**

On July 9, 2019, August 5, 2019, and October 6, 2020, Commerce published in the **Federal Register** notices of the final results of the 2016–2017 administrative review, the amended final results of the 2016–2017 administrative review, and the final results of the 2017–2018 administrative review, respectively. We incorrectly identified the cash deposit rate for all others (*i.e.*, “for all other producers or exporters”) as 5.55 percent. The correct all-others cash deposit rate applicable during the 2016–2017 and 2017–2018 periods of review did not change from the rate that was established in the less-than-fair-value (LTFV) investigation and the antidumping duty order. In the LTFV investigation, Commerce established a 6.05 percent cash deposit rate for all others (*i.e.*, “for all other producers or exporters”) as published in the antidumping duty order.<sup>1</sup> We hereby notify the public that Commerce should have identified the all-others cash deposit rate as 6.05 percent in the above-referenced determinations. We intend to notify U.S. Customs and Border Protection of these corrections.
