

The sale would be subject to applicable provisions of Section 203 of the Federal Land Policy and Management Act of 1976, as amended (FLPMA), and BLM land sale regulations. The proponent would purchase the parcel for the appraised fair market value of the land, which is \$80,000.

DATES: Submit written comments regarding this direct sale by March 31, 2022.

ADDRESSES: Mail written comments to Greg Wolfgang, Field Manager, BLM, Grand Junction Field Office, 2815 H Road, Grand Junction, CO 81506 or by email to BLM_CO_GJ_Public_Comments@blm.gov.

SUPPLEMENTARY INFORMATION: In accordance with 43 CFR 2720.0-6, only the surface estate of the lands would be conveyed in the sale, and the United States would retain the mineral estate, including sand and gravel resources. The BLM will consider a direct sale of the following described lands in accordance with Section 203 of FLPMA (43 U.S.C. 1713):

Sixth Principal Meridian, Colorado

T. 9 S., R. 93 W.,
Sec. 12, lots 1 and 2.

The area aggregates 48.53 acres.

The sale conforms to the BLM Grand Junction Resource Management Plan (RMP), approved August 2015. The lands are identified as appropriate for disposal based on the following criterion stated on pages 174-175 of the RMP under Lands & Realty Allowable Use 7: "Isolated parcels that are small or so located as to make effective and efficient management impractical."

The BLM considered the criteria for disposal found in Sec. 203(a)(1) of FLPMA, which states that "such tract because of its location or other characteristics is difficult and uneconomic to manage as part of the public lands and is not suitable for management by another Federal department or agency." The lands were determined to be suitable for direct sale consistent with 43 CFR 2711.3-3(a)(4), which states that "The adjoining ownership pattern and access indicate a direct sale is appropriate."

In conformance with the National Environmental Policy Act, the BLM prepared a site-specific Environmental Assessment (EA) (DOI-BLM-CO-S080-2018-0001-EA) for this proposed action, available online at <https://go.usa.gov/xw8yk>. Based on the EA, the BLM issued a Finding of No Significant Impact and Decision Record on January 7, 2020, to conduct the sale of the lands. Publication of this notice in the **Federal Register** will segregate the earlier-described lands from all forms of appropriation under the public land laws, including the mining laws, except for the sale under Section 203 of the FLPMA. The segregation will terminate automatically upon issuance of a patent or on February 14, 2024, whichever occurs first.

If issued, the patent will include the following terms, covenants, conditions, and reservations:

1. A mineral reservation to the United States for all minerals;
2. A reservation to the United States for ditches and canals constructed by authority of the United States under the Act of August 30, 1890 (43 U.S.C. 945);
3. Valid existing rights of record;
4. An appropriate indemnification clause protecting the United States from claims arising out of the patentee's use, occupancy, or operations on the patented lands; and
5. Additional terms and conditions that the authorized officer deems appropriate.

The EA, appraisal, maps, and Environmental Site Assessment are available for review during business hours Monday through Friday at the Grand Junction Field Office, except during federally recognized holidays. Interested parties may submit written comments concerning the sale, including notification of any encumbrances or other claims related to the parcels, by either of the methods identified in the **ADDRESSES** section earlier.

The BLM Colorado State Director or other authorized official of the Department of the Interior (DOI) will review adverse comments regarding the sale of the parcels and may sustain, vacate, or modify this realty action in whole or in part. In the absence of timely objections, this realty action will become DOI's final determination.

In addition to publication in the **Federal Register**, the BLM will publish this notice in the *Grand Junction Daily Sentinel* newspaper once a week for 3 consecutive weeks.

Abstract: The African American Civil Rights Network (AACRN or Network) was created with the passage of the African American Civil Rights Network Act of 2017 (Pub. L. 115–104) to recognize the importance of the African American Civil Rights movement and the sacrifices made by the people who fought against discrimination and segregation. The National Park Service (NPS), is authorized to coordinate and facilitate federal and non-federal activities to commemorate, honor, and interpret the history of the African

American civil rights movement from 1939 through 1968. The activities must have a direct and verifiable connection to the African American Civil Rights movement. Sites, facilities, programs, or properties applying for inclusion must complete and submit the AACRN application to nominate properties, facilities, and programs to the Network. The NPS will use the application to determine eligibility based upon clear, convincing, and well-documented evidence of historical association to the African American civil rights movement. The purpose of this request is for approval of an electronic fillable-fileable AACRN application. Fillable-fileable forms will have pre-populated responses that will eliminate guesswork, improve accuracy, and reduce respondent burden. The on-line submission process to nominate properties and programs will allow faster completion and processing times. Submissions will be available in real-time allowing program administrators direct access as needed.
