Overview of This Information Collection

(1) *Type of Information Collection:* New collection.

(2) *The Title of the Form/Collection:* The National Pretrial Reporting Program (NPRP).

(3) *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* The Data Extraction Guide is NPRP-1. The applicable component within the Department of Justice is the Bureau of Justice Statistics, in the Office of Justice Programs.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* Respondents will be local general jurisdiction courts, jails and pretrial services agencies or their information technology (IT) staff. Among other responsibilities, the Bureau of Justice Statistics is charged with collecting data regarding the prosecution of crimes by state and federal offices. The NPRP will focus on the pretrial phase of felony case processing in large counties. This effort will collect information from jails, pretrial services agencies and general jurisdiction courts by requesting data extracts associated with felony filings from case management systems. A total of 125 of the largest 200 counties in the U.S. will be sampled with the top 75 counties sampled with certainty.

BJS will request complete case-level records from the 125 sampled counties and connect data files within jurisdictions through defendant identifiers. The files will then be linked to defendant criminal histories for a comprehensive data file on pretrial release and detention. BJS is requesting that the extracts include all felony cases filed in 2019. BJS is also requesting that the extracts include arrest charges, defendant demographics, pretrial release decisions, pretrial misconduct, case disposition and sentencing. Local jails, pretrial services agencies and courts can provide the data extracts in any format.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* BJS will send a data extraction guide to a total of 375 agencies within 125 jurisdictions (one court, one jail, and one pretrial service agency for each county). The expected burden placed on each agency is about 16 hours per agency for data extraction and 10 hours to explain any data inconsistencies or to answer questions of the data collection team.

(6) *An estimate of the total public burden (in hours) associated with the collection:* The total respondent burden is approximately 9,750 burden hours for the 375 agencies.
