

withdrawn from warehouse, for consumption on or after the publication date of the final results of review, as provided for by section 751(a)(2)(C) of the Act: (1) For TMI/TMM, which claimed no shipments, the cash deposit rate will remain unchanged from the rate assigned to TMI/TMM in the most recently completed review of the companies; (2) for previously investigated or reviewed Chinese and non-Chinese exporters who are not under review in this segment of the proceeding but who have separate rates, the cash deposit rate will continue to be the exporter-specific rate published for the most recent period; (3) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the China-wide rate of 111.73 percent;⁸ and (4) for all non-Chinese exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to Chinese exporter(s) that supplied that non-Chinese exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding Administrative Protection Order

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return of destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

Certain Mobile Access Equipment and Subassemblies Thereof From the People's Republic of China: Final Affirmative Determination of Sales at Less Than Fair Value

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) determines that certain mobile access equipment and subassemblies thereof (mobile access equipment) from the People's Republic of China (China) are being, or are likely to be sold, in the United States at less than fair value (LTFV).

DATES: Applicable February 22, 2022.

FOR FURTHER INFORMATION CONTACT: Hermes Pinilla or Andre Gziryan, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–3477 or (202) 482–2201, respectively.

SUPPLEMENTARY INFORMATION:

Background

On September 30, 2021, Commerce published in the **Federal Register** its preliminary determination in the LTFV investigation of mobile access equipment from China, in which it also postponed the final determination until February 14, 2022.¹ We invited interested parties to comment on the Preliminary Determination. For a summary of the events that occurred since Commerce published the Preliminary Determination, as well as a full discussion of the issues raised by

parties for this final determination, see the Issues and Decision Memorandum.²

Period of Investigation

The period of investigation is July 1, 2020, through December 31, 2020.

Scope of the Investigation

The products covered by this investigation are mobile access equipment from China. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

On July 26, 2021, we issued a Preliminary Scope Decision Memorandum.³ As discussed in the *Preliminary Determination*, Commerce did not modify the scope language as it appeared in the *Initiation Notice*.⁴ Interested parties were provided an opportunity to comment on the Preliminary Scope Decision Memorandum in scope case and rebuttal briefs.⁵ We received comments from interested parties on the Preliminary Scope Decision Memorandum, which we addressed in the Final Scope Decision Memorandum.⁶ Commerce is modifying the scope language as it appeared in the *Preliminary Determination*. See Appendix I for the final scope of this investigation.

Verification

Commerce was unable to conduct on-site verification of the information relied upon in making its final determination in this investigation. However, we took additional steps in lieu of an on-site verification to verify the information provided by the two mandatory respondents, Zhejiang Dingli Machinery Co., Ltd. (Dingli) and Lingong Group Jinan Heavy Machinery

Co., Ltd. (LGMG) we relied upon in making this final determination, in accordance with section 782(i) of the Tariff Act of 1930, as amended (the Act).⁷

Analysis of Comments Received

All issues raised in the case and rebuttal briefs that were submitted by interested parties in this investigation are addressed in the Issues and Decision Memorandum. For a list of the issues raised by interested parties and addressed in the Issues and Decision Memorandum, see Appendix II to this notice. The Issues and Decision Memorandum is a public document and is available electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

China-Wide Entity and Use of Adverse Facts Available

For the reasons explained in the *Preliminary Determination*, we continue to find that the use of adverse facts available (AFA), pursuant to sections

776(a) and (b) of the Act, is warranted in determining the rate for the China-wide entity.⁸ In selecting the AFA rate for the China-wide entity, Commerce’s practice it to select a rate that is sufficiently adverse to ensure that the uncooperative party does not obtain a more favorable result by failing to cooperate than if it had fully cooperated.⁹ As AFA, we assigned the China-wide entity a dumping margin of 165.30 percent, which is the highest calculated rate in this investigation. Because this constitutes primary information, the statutory corroboration requirement in section 776(c) of the Act does not apply.

Changes Since the Preliminary Determination

Based on our analysis of the comments received, we made certain changes to the margin calculations for Dingli and LGMG. For a discussion of these changes, see the “Changes from the *Preliminary Determination*” section of the Issues and Decision Memorandum.

Separate Rates

For the final determination, we continue to find that Dingli and LGMG are eligible for separate rates. Generally, Commerce looks to section 735(c)(5)(A) of the Act, which provides instructions

for calculating the all-others rate in an investigation, for guidance when calculating the rate for separate rate respondents which we did not individually examine. Because the calculated dumping margins of the mandatory respondents, Dingli and LGMG, are not zero, *de minimis*, or based entirely on facts available, consistent with section 735(c)(5)(A) of the Act and our practice,¹⁰ based on publicly ranged sales data, we assigned the weighted average of these mandatory respondents’ margins to all non-individually examined companies that qualified for a separate rate.

Combination Rates

In the *Initiation Notice*,¹¹ Commerce stated that it would calculate producer/exporter combination rates for the respondents that are eligible for a separate rate in this investigation. For the list of respondents that established eligibility for separate rates and the exporter/producer combination rates applicable to these respondents, see the Final Determination section.

Final Determination

Commerce determines that the estimated weighted-average dumping margins are as follows:

Exporter	Producer	Estimated weighted-average dumping margin (percent)	Cash deposit rate (adjusted for subsidy offsets) (percent)
Lingong Group Jinan Heavy Machinery Co., Ltd	Lingong Group Jinan Heavy Machinery Co., Ltd	165.30	165.10
Zhejiang Dingli Machinery Co., Ltd	Zhejiang Dingli Machinery Co., Ltd	31.70	31.54

SEPARATE RATE APPLICABLE TO THE FOLLOWING NON-SELECTED COMPANIES

Non-selected exporter receiving a separate rate	Producer supplying the non-selected exporter receiving a separate rate	Estimated weighted-average dumping margin (percent)	Cash deposit rate (adjusted for subsidy offsets) (percent)
Hunan Sinoboom Intelligent Equipment Co., Ltd	Hunan Sinoboom Intelligent Equipment Co., Ltd	51.83	51.66
Mantall Heavy Industry Co., Ltd	Mantall Heavy Industry Co., Ltd	51.83	51.66
Noblelift Intelligent Equipment Co., Ltd	Noblelift Intelligent Equipment Co., Ltd	51.83	51.66
Oshkosh JLG (Tianjin) Equipment Technology Co., Ltd.	Noblelift Intelligent Equipment Co., Ltd	51.83	51.66
Sany Marine Heavy Industry Co., Ltd	Sany Marine Heavy Industry Co., Ltd	51.83	51.66
Terex (Changzhou) Machinery Co., Ltd	Terex (Changzhou) Machinery Co, Ltd	51.83	51.66
Xuzhou Construction Machinery Group Imp. & Exp. Co., Ltd.	Xuzhou Construction Machinery Group Fire-Fighting Safety Equipment Co., Ltd.	51.83	51.66

Disclosure

Commerce intends to disclose its calculations and analysis performed to interested parties in this final determination within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

Continuation of Suspension of Liquidation

In accordance with section 735(c)(1)(B) of the Act, Commerce will instruct U.S. Customs and Border Protection (CBP) to continue to suspend liquidation of all appropriate entries of subject merchandise, as described in the scope of the investigation in Appendix I, entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**, as discussed below.

Pursuant to section 735(c)(1)(B)(ii) of the Act, upon the publication of this notice, Commerce will instruct CBP to require a cash deposit equal to the weighted-average amount by which the normal value exceeds U.S. price as follows: (1) For the producer/exporter combinations listed in the table above, the cash deposit rate will be the rate identified for that combination in the table; (2) for all combinations of Chinese producers/exporters of subject merchandise that have not established eligibility for their own separate rates, the cash deposit rate will be the rate established for the China-wide entity; and (3) for all non-Chinese exporters of subject merchandise which have not established eligibility for their own separate rates, the cash deposit rate will be the cash deposit rate applicable to the Chinese producer/exporter combination (or China-wide entity) that supplied that non-Chinese exporter.

To determine the cash deposit rate, Commerce normally adjusts the estimated weighted-average dumping margin by the amount of domestic subsidy pass-through and export subsidies determined in a companion CVD proceeding when CVD provisional measures are in effect. For a discussion of the applicable adjustments for this final determination, *see* Issues and Decision Memorandum.¹² These suspension of liquidation instructions will remain in effect until further notice.

International Trade Commission Notification

In accordance with section 735(d) of the Act, we will notify the International Trade Commission (ITC) of our final

affirmative determination of sales at LTFV. Because Commerce's final determination is affirmative, in accordance with section 735(b)(2) of the Act, the ITC will make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports or sales (or the likelihood of sales) for importation of mobile access equipment from China no later than 45 days after this final determination. If the ITC determines that such injury does exist, Commerce will issue an antidumping duty order directing CBP to assess, upon further instructions by Commerce, antidumping duties on all imports of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation, as discussed above in the "Continuation of Suspension of Liquidation" section of this notice.

Notification Regarding Administrative Protective Order

In the event that the ITC issues a final negative injury determination, this notice will serve as the only reminder to parties subject to an Administrative Protective Order (APO) of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

This determination is issued and published pursuant to sections 735(d) and 777(i)(1) of the Act, and 19 CFR 351.210(c).

Dated: February 14, 2022.

Assistant Secretary for Enforcement and Compliance.

Appendix I

Scope of the Investigation

The merchandise covered by this investigation consists of certain mobile access equipment, which consists primarily of boom lifts, scissor lifts, and material telehandlers, and subassemblies thereof. Mobile access equipment combines a mobile (self-propelled or towed) chassis, with a lifting device (*e.g.*, scissor arms, boom assemblies) for mechanically lifting persons, tools and/or materials capable of reaching a working height of ten feet or more, and a coupler that provides an attachment point for

the lifting device, in addition to other components. The scope of this investigation covers mobile access equipment and subassemblies thereof whether finished or unfinished, whether assembled or unassembled, and whether the equipment contains any additional features that provide for functions beyond the primary lifting function.

Subject merchandise includes, but is not limited to, the following subassemblies:

- Scissor arm assemblies, or scissor arm sections, for connection to chassis and platform assemblies. These assemblies include: (1) Pin assemblies that connect sections to form scissor arm assemblies, and (2) actuators that power the arm assemblies to extend and retract. These assemblies may or may not also include blocks that allow sliding of end sections in relation to frame and platform, hydraulic hoses, electrical cables, and/or other components;
- boom assemblies, or boom sections, for connection to the boom turntable, or to the chassis assembly, or to a platform assembly or to a lifting device. Boom assemblies include telescoping sections where the smallest section (or tube) can be nested in the next larger section (or tube) and can slide out for extension and/or articulated sections joined by pins. These assemblies may or may not include pins, hydraulic cylinders, hydraulic hoses, electrical cables, and/or other components;
- chassis assemblies, for connection to scissor arm assemblies, or to boom assemblies, or to boom turntable assemblies. Chassis assemblies include: (1) Chassis frames, and/or (2) frame sections. Chassis assemblies may or may not include axles, wheel end components, steering cylinders, engine assembly, transmission, drive shafts, tires and wheels, crawler tracks and wheels, fuel tank, hydraulic oil tanks, battery assemblies, and/or other components;
- boom turntable assemblies, for connection to chassis assemblies, or to boom assemblies. Boom turntable assemblies include turntable frames. Boom turntable assemblies may or may not include engine assembly, slewing rings, fuel tank, hydraulic oil tank, battery assemblies, counterweights, hoods (enclosures), and/or other components.

Importation of any of these subassemblies, whether assembled or unassembled, constitutes unfinished mobile access equipment for purposes of this investigation.

Processing of finished and unfinished mobile access equipment and subassemblies such as trimming, cutting, grinding, notching, punching, slitting, drilling, welding, joining, bolting, bending, beveling, riveting, minor fabrication, galvanizing, painting, coating, finishing, assembly, or any other processing either in the country of manufacture of the in-scope product or in a third country does not remove the product from the scope. Inclusion of other components not identified as comprising the finished or unfinished mobile access equipment does not remove the product from the scope.

The scope excludes forklifts, vertical mast lifts, mobile self-propelled cranes and motor vehicles that incorporate a scissor arm

¹² See Issues and Decision Memorandum at 4–5.

assembly or boom assembly. Forklifts are material handling vehicles with a working attachment, usually a fork, lifted along a vertical guide rail with the operator seated or standing on the chassis behind the vertical mast. Vertical mast lifts are person and material lifting vehicles with a working attachment, usually a platform, lifted along a vertical guide rail with an operator standing on the platform. Mobile self-propelled cranes are material handling vehicles with a boom attachment for lifting loads of tools or materials that are suspended on ropes, cables, and/or chains, and which contain winches mounted on or near the base of the boom with ropes, cables, and/or chains managed along the boom structure. The scope also excludes motor vehicles (defined as a vehicle driven or drawn by mechanical power and manufactured primarily for use on public streets, roads, and highways, but does not include a vehicle operated only on a rail line pursuant to 49 U.S.C. 30102(a)(7)) that incorporate a scissor arm assembly or boom assembly. The scope further excludes vehicles driven or drawn by mechanical power operated only on a rail line that incorporate a scissor arm assembly or boom assembly. The scope also excludes: (1) Rail line vehicles, defined as vehicles with hi-rail gear or track wheels, and a fixed (non-telescopic) main boom, which perform operations on rail lines, such as laying rails, setting ties, or other rail maintenance jobs; and (2) certain rail line vehicle subassemblies, defined as chassis subassemblies and boom turntable subassemblies for rail line vehicles with a fixed (non-telescopic) main boom.

Certain mobile access equipment subject to this investigation is typically classifiable under subheadings 8427.10.8020, 8427.10.8030, 8427.10.8070, 8427.10.8095, 8427.20.8020, 8427.20.8090, 8427.90.0020 and 8427.90.0090 of the Harmonized Tariff Schedule of the United States (HTSUS). Parts of certain mobile access equipment are typically classifiable under subheading 8431.20.0000 of the HTSUS. While the HTSUS subheadings are provided for convenience and customs purposes only, the written description of the merchandise under investigation is dispositive.

National Institute of Standards and Technology

[Docket Number: 220210-0045]

Evaluating and Improving NIST Cybersecurity Resources: The Cybersecurity Framework and Cybersecurity Supply Chain Risk Management

AGENCY: National Institute of Standards and Technology (NIST), Commerce.

ACTION: Notice; request for information.

SUMMARY: The National Institute of Standards and Technology (NIST) is seeking information to assist in evaluating and improving its cybersecurity resources, including the "Framework for Improving Critical Infrastructure Cybersecurity" (the "NIST Cybersecurity Framework," "CSF" or "Framework") and a variety of existing and potential standards, guidelines, and other information, including those relating to improving cybersecurity in supply chains. NIST is

considering updating the NIST Cybersecurity Framework to account for the changing landscape of cybersecurity risks, technologies, and resources. In addition, NIST recently announced it would launch the National Initiative for Improving Cybersecurity in Supply Chains (NIICS) to address cybersecurity risks in supply chains. This wide-ranging public-private partnership will focus on identifying tools and guidance for technology developers and providers, as well as performance-oriented guidance for those acquiring such technology. To inform the direction of the NIICS, including how it might be aligned and integrated with the Cybersecurity Framework, NIST is requesting information that will support the identification and prioritization of supply chain-related cybersecurity needs across sectors. Responses to this RFI will inform a possible revision of the Cybersecurity Framework as well as the NIICS initiative.

DATES: Comments in response to this notice must be received by April 25, 2022. Submissions received after that date may not be considered.

Comments may be submitted by any of the following methods:

Electronic submission: Submit electronic public comments via the Federal e-Rulemaking Portal.

1. Go to www.regulations.gov and enter NIST-2022-0001 in the search field,

2. Click the "Comment Now!" icon, complete the required fields, and

3. Enter or attach your comments. Electronic submissions may also be sent as an attachment to CSF-SCRM-RFI@nist.gov and may be in any of the following unlocked formats: HTML; ASCII; Word; RTF; or PDF. Please submit comments only and include your name, organization's name (if any), and cite "NIST Cybersecurity RFI" in all correspondence. Comments containing references, studies, research, and other empirical data that are not widely published should include copies of the referenced materials. Please do not submit additional materials.

Comments received by the deadline may be posted at www.regulations.gov and <https://www.nist.gov/cyberframework>. All submissions, including attachments and other supporting materials, may become part of the public record and may be subject to public disclosure. NIST reserves the right to publish relevant comments publicly, unedited and in their entirety. Personal information, such as account numbers or Social Security numbers, or names of other individuals, should not be included. Do not submit confidential
